Note 1. DESCRIPTION OF THE PLAN

The following description of the TrellisWare Technologies 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of TrellisWare Technologies, Inc. (the Company), except leased employees and contract employees. Employees are immediately eligible to participate in the Plan after attaining 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to make salary deferral contributions to the Plan of up to 50% of eligible compensation, subject to annual limits established by the Internal Revenue Service (IRS). As defined by the Plan, participants are permitted to designate a portion or all of the deferral contributions they are otherwise eligible to make under the Plan as Roth deferral contributions. Participants who have attained age 50 before the end of the plan year are eligible to make additional catch-up contributions, subject to IRS annual limits. The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their pre-tax deferral rate set at 4% of eligible compensation and their contributions invested in a designated fund until changed by the participant. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers).

The Company may elect to make discretionary matching contributions to the Plan on a plan year basis. Subject to certain conditions, participants must be employed on the last day of the plan year to be eligible to receive such contributions. For the year ended March 31, 2018, the Company elected to make discretionary matching contributions equal to 50% of participant deferrals (including catch-up contributions) up to a maximum amount of 4% of each participant's eligible compensation. The Company's discretionary matching contributions for the year ended March 31, 2018 were recorded as Company contributions receivable as of March 31, 2018.

Note 1. DESCRIPTION OF THE PLAN (continued)

Contributions (continued)

The Company may also elect to make discretionary profit sharing contributions to the Plan. The contributions would be allocated in the same ratio as each participant's eligible compensation bears to the total eligible compensation of all participants. Subject to certain conditions, participants must be employed on the last day of the plan year to be eligible to receive such contributions. The Company did not make any discretionary profit sharing contributions to the Plan for the year ended March 31, 2018.

Participants may direct the investment of their contributions (including Company contributions) into various investment options offered by the Plan. Participants may change their investment allocations at any time.

Participant Accounts

Each participant has an individual investment account that is credited with his or her salary deferral contributions, rollover contributions, discretionary matching contributions, discretionary profit sharing contributions, and actual earnings or losses thereon. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their salary deferral contributions and rollover contributions, and all related earnings. Vesting in discretionary matching contributions and discretionary profit sharing contributions is based on years of continuous service at 20% per year, with full vesting after five years of service. A year of service is defined as a plan year in which a participant completes at least 1,000 hours of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms generally range from one to five years, unless the proceeds are used for the purchase of a primary residence, in which case a longer repayment term may be permitted. The loans are secured by the balance in the participant's account and bear interest at the prime rate in effect at the inception of the loan plus 1%. Interest rates on outstanding loans ranged from 4.25% to 5.50% at March 31, 2018. Principal and interest are paid through regular payroll deductions.

Note 1. DESCRIPTION OF THE PLAN (continued)

Forfeitures

Forfeitures of non-vested participant account balances may be used to pay for administrative expenses of the Plan or to reduce Company contributions. Forfeitures of $13,873 were used to reduce Company contributions for the year ended March 31, 2018. The balance in the forfeitures account was $430 and $428 as of March 31, 2018 and 2017, respectively.

Payment of Benefits

Upon termination of service, normal retirement, or disability, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump-sum distribution, partial withdrawals, or installment payments. Upon death, a participant's beneficiary will receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account.

Participants may also be eligible to request a distribution for reasons of financial hardship. After receiving a hardship distribution, a stipulated period of time generally must lapse, as defined by the Plan, before a participant can make additional salary deferral contributions.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition (continued)

Publicly traded mutual funds are valued at the daily closing prices as reported by the funds and are categorized as level 1 in the fair value hierarchy. Common/collective trust funds are valued at the net asset values (NAVs) of the units held by the Plan, which are determined daily by State Street Global Advisors Trust Company, the trustee of the funds. The common/collective trust funds are categorized as level 2 in the fair value hierarchy because the NAVs, although readily determinable, are not quoted in active markets. Purchases and sales of investments are recorded on a settlement date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold during the year as well as held at year end.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of March 31, 2018 and 2017. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses of the Plan are paid directly by the Company. Administrative expenses paid directly by the Plan are recorded when incurred.

Note 3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 3. FAIR VALUE MEASUREMENTS (continued)

Level 2 Fair Value Measurements

Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability or (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Fair Value Measurements as of March 31, 2018:

	Fair Value	Level 1	Level 2
Investments, at fair value:			
Common/collective trusts	$ 3,844,753	$ -	$ 3,844,753
Mutual funds	8,451,187	8,451,187	-
Total investments, at fair value	$ 12,295,940	$ 8,451,187	$ 3,844,753

Fair Value Measurements as of March 31, 2017:

	Fair Value	Level 1	Level 2
Investments, at fair value:			
Common/collective trusts	$ 3,064,454	$ -	$ 3,064,454
Mutual funds	6,832,846	6,832,846	-
Total investments, at fair value	$ 9,897,300	$ 6,832,846	$ 3,064,454

Subject to certain limitations, participants may, as of any valuation date (i.e., business day), withdraw any number of units from the common/collective trust funds pursuant to notice received by State Street Global Advisors Trust Company at least 15 days prior to such valuation date.

Note 4. INFORMATION CERTIFIED BY THE PLAN TRUSTEE

The following information included in the accompanying 2018 financial statements and supplemental schedules was obtained from data that has been prepared by, and certified to as complete and accurate, by Reliance Trust Company, the trustee of the Plan.

	2018
Common/collective trusts, at fair value	$ 3,844,753
Mutual funds, at fair value	8,451,187
Notes receivable from participants	50,888
Interest income on notes receivable from participants	2,018
Dividend income	347,174

Note 5. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets available for benefits per Schedule H of the Form 5500 as of March 31, 2017:

	2017
Net assets available for benefits per the financial statements	$ 10,387,956

Company contributions receivable as of March 31, 2017	(362,118)
Net assets available for benefits per Schedule H of the Form 5500	$ 9,982,180

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to the changes in net assets available for benefits per Schedule H of the Form 5500 for the year ended March 31, 2018:

	2018
Net increase in net assets per the financial statements	$ 2,429,087
Participant contributions receivable as of March 31, 2017	43,658
Company contributions receivable as of March 31, 2017	362,118
Net increase in net assets per Schedule H of the Form 5500	$ 2,834,863

Note 6. PARTY-IN-INTEREST TRANSACTIONS

Certain expenses of the Plan are paid for by the Company. The Company is the sponsor of the Plan and, therefore, these transactions qualify as party-in-interest transactions. The most significant of these costs paid by the Company are the salaries for the employees responsible for plan administration and fees paid to third party administrators.

Reliance Trust Company, as trustee for the Plan's assets, disburses benefit payments and executes all investment transactions. As a result, certain investment transactions qualify as party-in-interest transactions.

Note 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8. TAX STATUS

The Plan is operated under the terms of a non-standardized prototype plan offered by ADP, LLC. The prototype plan received an opinion letter from the IRS dated July 16, 2014, indicating that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC; therefore, the Plan Administrator believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability for an uncertain position if it is not more likely than not that the position would be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2015.

Note 9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their account balances.

Note 10. SUBSEQUENT EVENTS

Subsequent events were evaluated for accrual and disclosure through January 7, 2019, which is the date that the 2018 financial statements were available to be issued.
