## *NOTE 1 - DESCRIPTION OF PLAN*

The following description of the Helena Laboratories Corporation 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

***General -***
The Plan is a defined-contribution plan covering all eligible employees of Helena Laboratories Corporation ("Company"). Leased employees and residents of Puerto Rico are not eligible to participate. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

***Contributions -***
Participants may contribute up to 90% of eligible annual compensation, as defined in the Plan, or an amount up to the maximum annual amount permitted by statute. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make matching contributions in an amount equal to a discretionary percentage to be determined by the Company's board of directors. Additional discretionary nonelective employer contributions may be made on behalf of eligible active participants at the option of the Company's board of directors. Participants' and employer contributions are directed by participants into several available investment accounts. Contributions are subject to certain limitations.

***Participant Accounts -***
Each participant's account is credited with the participant's contribution, the Company's discretionary contribution and earnings on the participant's and Company's contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

***Vesting -***
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

***Participant Loans -***
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the Participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rate as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Participants may only have one outstanding loan at a time.

***Payment of Benefits -***
Distributions upon death are made pursuant to the election of the participant or beneficiary. Upon termination of employment, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

## *NOTE 1 - DESCRIPTION OF PLAN (Continued)*

***Forfeited Accounts -***
At June 30, 2018 and 2017, forfeited nonvested accounts totaled $4,421 and $4,012, respectively. Forfeited amounts are available to reduce the Company's matching contribution.

## *NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES*

***Basis of Accounting -***
The financial statements of the Plan are prepared under the accrual method of accounting.

The Plan adopted the requirements in FASB ASC 962 which requires investment contracts held by a defined-contribution plan to be reported at fair value in the financial statements, except for, fully benefit-responsive investment contracts which are required to be reported at contract value. Fully benefit-responsive investment contracts are reported at contract value because this is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

***Use of Estimates -***
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

***Investment Valuation and Income Recognition -***
The Plan's investments are stated at fair value, except for its fully benefit-responsive investment contracts which are reported at contract value. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. The fair value of the guaranteed investment contract is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations. Participant loans are valued at cost which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

***Administrative Expenses -***
Certain of the Plan's administrative expenses are paid directly by the Company. Recordkeeping fees are paid from the Plan's assets.

***Payment of benefits -***
Benefits are recorded when paid.

***Date of Management's Review -***
Management has evaluated subsequent events through February 8, 2019, the date the financial statements were available to be issued.

## *NOTE 3 - FAIR VALUE MEASUREMENTS*

Certain Plan investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used when Level 1 inputs were not available. No Level 3 inputs were available to the Plan.

***Level 1 Fair Value Measurements -***
The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of June 30, 2018 and 2017.

## *NOTE 4 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE*

The information included in the accompanying financial statements and supplemental schedules has been derived from data that has been prepared and certified to as complete and accurate by the trustee, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Information Security Act of 1974.

The following table represents investments at June 30, 2018 and 2017.

| | *2018* | *2017* |
|---|---|---|
| Mutual Funds | $ 14,189,768 | $ 12,521,272 |
| Short-term Investments | 5,279,187 | 5,643,551 |
| Common Collective Trust | 626,386 | 635,328 |
| | $ 20,095,341 | $ 18,800,151 |

All of the Plan's investments are in participant-directed accounts.

Investment gain (loss) for the years ended June 30, 2018 and June 30, 2017, was $1,895,356 and $1,925,239, respectively. During the years ended June 30, 2018 and June 30, 2017, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the years) appreciated (depreciated) in value by $1,345,701 and $1,692,126 respectively.

### *NOTE 5 - PLAN TERMINATION*

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Plan and ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

### *NOTE 6 - TAX STATUS*

The Internal Revenue Service has determined and informed the Company by a letter dated July 25, 1994, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Company adopted the Fidelity Management and Research Company prototype non-standardized Profit Sharing Plan, which has received a favorable opinion letter. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the plan's financial statements.

### *NOTE 7 - ADMINISTRATION OF PLAN ASSETS*

Contributions are held and managed by the custodian who also makes distributions to participants. Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan.

### *NOTE 8 - RECONCILIATION TO FORM 5500*

The following is a reconciliation of the net assets available for benefits for the financial statements to the Form 5500 -

| | *June 30, 2018* |
|---|---|
| Net assets available for benefits per the financial statements | $ 20,467,096 |
| Adjustment from contract value to fair market value | (9,478) |
| Net assets available for benefits per Form 5500 | $ 20,457,618 |

## *NOTE 9 - INVESTMENT CONTRACT WITH INSURANCE COMPANY*

The Plan entered into a benefit-responsive investment contract with Fidelity Management Trust Company (Fidelity). Fidelity maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the statement of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the investment contract at June 30, 2018 and 2017 was $626,386 and $635,328, respectively.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Fidelity. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

## *NOTE 10 - RELATED PARTY TRANSACTIONS*

Certain Plan investments are shares of mutual funds managed by Fidelity Funds. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest. There are no fees paid by the Plan for the investment management services related to the Fidelity Funds.

## *NOTE 11 - RISKS AND UNCERTANTIES*

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
