To the Board of Trustees
Allied Pediatrics of New York 401(k) and Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Allied Pediatrics of New York 401(k) and Profit Sharing Plan (the "Plan") which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2017 and 2016, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules appearing on pages 12 and 13, as of and for the years ended December 31, 2017 and 2016 are required by the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 – Description of Plan

The following brief description of the Allied Pediatrics of New York 401(k) and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan established effective January 1, 2008 and incudes all employees of Allied Physicians Group, P.L.L.C. (formerly known as Allied Pediatrics of New York, PLLC) (the "Company") who have completed one year and 1,000 hours of eligible service and who have attained age 21. The Plan is subject to the provisions of the ERISA. The Board of Trustees is responsible for oversight of the Plan. Management of the Company determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions
Each year participants may contribute a pre-tax amount equal to not less than 1 percent and up to 100 percent of their pre-tax annual compensation, as defined in the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans rollovers. Participants direct the investment of their contributions and the employer contributions and rollovers, into various investment options offered by the Plan. Effective January 1, 2015, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balance fund until changed by the participant. Effective January 1, 2017 the Plan accepts Roth Elective Deferrals made on behalf of participants. The Company will make a Safe Harbor contribution which is equal to 3 percent of each eligible participant's salary. The Company can also make discretionary profit sharing contributions. During the years ended December 31, 2017 and 2016, the Company made contributions of $1,846,705 and $1,335,107 including profit sharing contributions of $1,320,960 and $916,260. One of the Plan's participants funds their contribution in October of the following Plan year. Due to the uncertainty of the funding's allocation to a specific period, this contribution of $24,000 was not included in the participant receivable or income at December 31, 2017 and 2016. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts
Each participant's account is credited with the participant's contributions and Company matching contributions, as well as an allocation of (a) the Company's discretionary profit sharing contributions, (b) Plan earnings, and (c) Plan administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Allocation of the employer's profit sharing contributions are based on the ratio of the participant's compensation to total eligible compensation, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their voluntary contributions and Employer safe harbor contributions plus actual earnings thereon. The vesting in the Company's discretionary profit sharing contribution portion of the participants' accounts is based on years of continuous service. However, if an active participant dies or becomes totally and permanently disabled prior to attaining the normal retirement age, the participant account becomes 100 percent vested.

Note 1 – Description of Plan (continued)

Participants' vested interest in their discretionary profit sharing contributions shall be determined in accordance with the following schedule:

Years of Vesting Service	Vested Interest
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Forfeited Accounts
Forfeitures of non-vested accounts are used to reduce plan expenses and contributions by the Employer. There were no forfeited non-vested accounts at December 31, 2017 and 2016. Forfeitures of $180 and $3,559 were used to reduce plan expenses and partnership contributions for the years ended December 31, 2017 and 2016, respectively.

Payment of Benefits
On termination of service, a participant shall receive the value of the vested interest in his or her account as a lump-sum distribution. Distributions are subject to the applicable provisions of the Plan agreement.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's accounts and bear interest at rates that range from 4.25% to 4.50% which is commensurate with the local prevailing rate as determined quarterly by the plan administrator. The loans must be repaid over a period not to exceed five years or ten years for the purchase of a primary residence. Principal and interest is paid ratably through bi-weekly payroll deductions.

Note 2 – Summary of Significant Accounting Policies

Change in Accounting Principles
On August 28, 2018, FASB issued ASU 2018-13, Disclosure Framework-Changes to the Disclosure Requirement for Fair Value Measurement (Topic 820). The ASU, which applies to all entities (including defined contribution plans) removes, modifies and adds fair value and/or NAV related disclosures. The ASU is effective for years beginning after December 15, 2019. Certain of these amendments are prospective changes with the balance to be applied retrospectively. Early adoption is permitted; however, certain components of this ASU can be early adopted without delay. The Board of Trustees has not determined what impact the adoption of ASU 2018-13 will have, if any, on its financial statements.

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Contracts
Investments held by a defined-contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Note 2 – Summary of Accounting Policies (continued)

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value (except for fully benefit responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management of the Company determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors and trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance of credit loses have been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Defaulted loans recorded as benefit payments amounted to $2,208 and $87,909 for the years ended December 31, 2017 and 2016, respectively.

Payments of Benefits
Benefits are recorded when paid by the Plan.

Administrative Expenses
The Plan's expenses are paid either by the Plan or the Company as provided by the Plan document. Certain administrative expenses of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events
The Plan has evaluated subsequent events for potential recognition or disclosure in the financial statements through October 10, 2018, the date the financial statements were available to be issued.

Note 3 – Certified Investments

Certain information related to investments and reductions in notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2017 and 2016, net appreciation in the fair value of investments, interest, and dividends for the years then ended, was obtained and derived from information supplied to the Plan administrator and certified as complete and accurate by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company ("Principal") (the trustee of the Plan). The contract value of the guaranteed investment contract was certified by the trustee.

The assets of the Plan are invested at the direction of the participants in various investment funds at December 31, 2017 and 2016.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 4 – Fair Value Measurements (continued)

Self-directed brokerage accounts: Consists of common stocks and mutual funds. The common stocks are valued at the closing price reported in the active market in which the individual securities are traded. The mutual funds are valued at the NAV of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

	Investments at Fair Value at December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 22,688,279	$ -	$ -	$ 22,688,279
Self-directed	850,862	-	-	850,862
Total investments at fair value	$ 23,539,141	$ -	$ -	$ 23,539,141

	Investments at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 17,049,409	$ -	$ -	$ 17,049,409
Self-directed	667,269	-	-	667,269
Total investments at fair value	$ 17,716,678	$ -	$ -	$ 17,716,678

Note 5 – Investment Contract with Insurance Company

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Principal totaling $449,237 for 2017 and $395,210 for 2016. Principal maintains the contributions in a general account. Said account is credited with earnings on the underlying investments and charged for participant withdrawals and certain administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 2 percent. The crediting rate is reviewed on a quarterly basis for resetting. The Guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This guaranteed investment contract meets the fully benefit-responsive criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under their terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and/or regulatory events.

Note 5 – Investment Contract with Insurance Company (continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. The Plan administrator, as well as the Company and its management, believe that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

Average Yields	2017	2016
Based on actual earnings	1.70%	1.83%
Based on integrate credited to participants	1.70%	1.83%

As a result of current guaranteed investment contract product construction, no adjustments are required to mediate between the average earnings, credited to the Plan and the average earnings credited to the participants.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would be 100% vested in their employer discretionary profit sharing contributions.

Note 7 – Tax Status

The Plan has not applied for a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code ("IRC"). However, the Plan administrator believes that the Plan is qualified and the related trust is exempt from taxation.

U.S. GAAP requires Plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, no uncertain positions are taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Related Party Transactions

Certain Plan investments are managed by Principal the trustee as defined by the Plan, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid by revenue sharing, rather than direct payment.

The Plan made direct payments to the third party administrator of $7,094 and $6,480 for the years ended December 31, 2017 and 2016, respectively (which was not covered by revenue sharing). The Company pays directly any other fees related to the Plan's operations.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 – Self Correction Program

During 2012 through 2015, the Company did not remit to the Plan's trustee certain employee contributions and loan payments within the period prescribed by Department of Labor regulations. Delays in remitting contributions to the trustee were due to the time it took the Company to gather and summarize payroll information in order to segregate the employee's contributions and loan payments for remittance. Management of the Company has informed the Plan that they will make contributions to the affected participants' accounts to compensate those participants for potential lost income due to the delays. The Company intends to self correct the late payments in 2018 and estimates the corrective payments due to the Plan to be immaterial.

Note 11 – Subsequent Event

Effective April 5, 2018, a new trustee Nationwide Financial Services, Inc was appointed. Plan assets transferred to the new trustee were transferred into funds comparable to those offered by the previous trustee. The conversion initiated a brief blackout period. During this period, funds could not be applied to the employee-selected funds with the trustee or withdrawn from the Plan until the trustee could accurately complete the conversion. During this period, employee contributions continued to be made through payroll deductions, and the contributions were deposited and held until the completion of the blackout period. At the end of the blackout period, such funds were transferred to the investment options requested by each participant.
