INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of
Candle Lamp Company, LLC 401(k) Profit Sharing Plan and Trust

We were engaged to audit the accompanying financial statements of Candle Lamp Company, LLC 401(k) Profit Sharing Plan and Trust (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the Trustee as of December 31, 2016 and 2015 and for the year ended December 31, 2016, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the accompanying financial statements.

Matters of Emphasis

As explained in Note 5 to the financial statements, the Plan inadvertently failed to deposit participant contributions and loan repayments within the required timeframe as stated by the Department of Labor regulations during the years ended December 31, 2016 and 2015. Our opinion is not modified with respect to this matter.

Other Matter – Supplemental Schedules

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2016 and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2016 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. These supplemental schedules are the responsibility of the Plan's management. 1. DESCRIPTION OF THE PLAN

The following description of the Candle Lamp Company, LLC 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1997 as a defined contribution plan covering all employees of Candle Lamp Company, LLC, (the "Company" or "Sponsor") who are age 21 or older, excluding collectively bargained employees, non-resident aliens and leased employees. Eligible participants are automatically enrolled at an initial 2% deferral rate for newly eligible employees. Those participants with a deferral rate greater than zero will have that deferral increased annually by 1% until a deferral rate of 5% is reached. Participants must have 1,000 hours of service and employed by the Company on the last day of the Plan year to be eligible for Company discretionary non-elective contributions. The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Company is the Plan Sponsor and Plan Administrator. The Company is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance. Fidelity Management Trust Company is the Plan Trustee ("Fidelity" or the "Trustee") and is responsible for administering Plan investments and maintaining the individual participant account balances.

Contributions

Each year, participants may contribute up to 92% of annual compensation, as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollover"). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes a safe harbor match, which for the year ended 2016 was 100% of the first 3% of compensation that a participant contributes to the Plan and 50% of the next 2% contributed. Additional discretionary non-elective contributions may be contributed at the discretion of the Company and are limited to the first 4% of plan compensation that a participant contributes to the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

During the year ended December 31, 2016, the Company made employer and safe harbor matching contributions to the Plan of $315,297, of which $14,292 is recorded as employer contributions receivable at December 31, 2016 in the accompanying statement of net assets available for benefits. To date, the Company has not made a discretionary nonelective contribution.

1. DESCRIPTION OF THE PLAN (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, employer matching contributions, qualified matching contributions, qualified nonelective contributions, rollover contributions, safe harbor matching employer contributions and actual earnings thereon. Employer nonelective contributions and earnings thereon are vested in accordance with the following schedule. There have been no employer discretionary nonelective contributions to the Plan to date, as such, there have been no forfeitures.

Years of Service	Vesting Percentage
less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the respective participant's account. The loan interest rate is set at the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest is paid ratably through payroll deductions. Participants may have two loans outstanding at any given time. Interest rates range from 4.25% to 5.25% on loans outstanding as of December 31, 2016 and 2015, and mature at various dates through February 2022 and December 2020, respectively.

Payment of Benefits

On termination of service due to termination, death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. A Participant who terminates employment with a vested balance of $5,000 or less will receive an involuntary cash-out distribution as defined by the Plan. Participants may withdraw their pretax contributions to satisfy an immediate or financial hardship, as defined. After making a hardship withdrawal, a participant is suspended from making additional contributions for a period of six months from the effective date of such withdrawal.

1. DESCRIPTION OF THE PLAN (continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts with respect to Company contributions, the assets of the Plan would be allocated to the participants, less expenses of administration and liquidation, in accordance with the terms of the Plan and ERISA regulations and requirements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with generally accepted accounting principles in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. No allowance for credit losses has been recorded for loans to participants. If a participant ceases to make loan repayments and the Plan Administrator deems the participant's loan to be a distribution, the participant's loan balance is reduced and a benefit payment is recorded.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain expenses of maintaining the Plan are paid directly by the Plan and are included in administrative expense. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Significant New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standard Update ("ASU") 2015-07 updated guidance intended to eliminate the diversity in practice surrounding how investments measured at net asset value ("NAV") under the practical expedient with future redemption dates have been categorized in the fair value hierarchy. Under the updated guidance, investments for which fair value is measured at NAV per share using the practical expedient should no longer be categorized in the fair value hierarchy (as clarified by ASU 2015-10, *Technical Corrections and Improvements*). The updated guidance requires retrospective adoption for all periods presented and is effective for annual reporting periods beginning after December 15, 2016, with early adoption permitted. The Plan adopted this guidance in 2015. The adoption of this pronouncement did not have a material effect on the financial statements.

In July 2015, FASB issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965: Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. Following is a summary of the revised guidance contained in ASU 2015-12:

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Significant New Accounting Pronouncements

Part I amendments designate contract value as the only required measure for fully benefit-responsive investment contracts; Part II amendments eliminate the requirement that plans disclose: (a) individual investments that represent 5% or more of net assets available for benefits; and (b) the net appreciation or depreciation for investments by general type requirements for both participant-directed investments and nonparticipant-directed investments. Part III amendments provide a practical expedient to permit plans to measure investments and investment-related accounts (e.g., a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The amendments are effective for all plan years beginning after December 15, 2015. Earlier application of any or all of the three parts is permitted. The amendments in Part I and Part II should be applied retrospectively for all financial statements presented, and the amendments in Part III should be applied prospectively. This ASU should not change the Plan's total net assets available for benefits; however, it may affect the presentation of the financial statements and the information contained in the disclosures. In 2015, the Plan has early adopted Part II of this update. Parts I and III of ASU 2015-12 are not applicable to the Plan. This ASU did not change the Plan's total net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through August 7, 2018, which is the date the financial statements were available to be issued.

3. TAX STATUS OF THE PLAN

Effective January 1, 2012, the Plan adopted a non-standardized form of a volume submitter profit sharing plan sponsored by Fidelity Management and Research Company, an affiliate of the Trustee. The volume submitter plan has received an opinion letter from the IRS as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. Effective September 12, 2014, the Plan was amended and restated to adopt the current volume submitter basic plan document with no significant changes to the provisions of the Plan.

Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company, the Trustee. Fidelity Management Trust Company is the Trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid to Fidelity Management Trust Company through revenue sharing, rather than a direct payment. The Plan Sponsor pays directly certain other fees related to the Plan's operations.

5. PROHIBITED TRANSACTIONS (Revised as of February 26, 2019)

As originally presented, during 2016 and 2015 the Plan Sponsor inadvertently failed to deposit $172,053 and $497,208, respectively, of participant contributions and loan repayments within the required timeframe as stated by the United States Department of Labor ("DOL") regulations. Participant contributions and loan repayments during 2014 and 2013 of $472,889 and $357,517, respectively were not deposited within the required timeframe as stated by the DOL regulations. The accompanying Schedule of Delinquent Participant Contributions has been updated to reflect such amounts.

Lost earnings to correct this failure were not significant to the Plan. The Plan sponsor will file Form 5330 and pay applicable excise tax. The excise tax payments will be made from the Plan Sponsor's assets and not from assets of the Plan. The Plan is currently in the process of rectifying these issues.

6. SUMMARY OF FINANCIAL DATA CERTIFIED BY FIDELITY MANAGEMENT TRUST COMPANY

The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2016	2015
Registered investment companies	$ 6,112,694	$ 4,972,312
Notes receivable from participants	$ 304,118	$ 274,016

Fidelity Management Trust Company also certified to the completeness and accuracy of $223,507 of net appreciation in fair value of investments (including gains and losses on investments bought and sold, as well as held during the year), $224,993 of interest and dividends and $10,057 of interest income on notes receivable from participants for the year ended December 31, 2016.

7. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk. The Plan had no level 3 investments at December 31, 2016 and 2015.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015. The methods described below may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Registered Investment Companies are valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified as Level 1 assets.

7. FAIR VALUE MEASUREMENTS (continued)

Registered Investment Companies are valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified as Level 1 assets.
