NOTE A - DESCRIPTION OF THE PLAN

The following description of the Singer Lewak, LLP 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan's adoption agreement and amendments for a more complete description of the Plan's provisions.

General: The Plan, a defined contribution and profit-sharing plan qualified under Section 401(k) and related provisions of the Internal Revenue Code, was established effective October 1, 1983. The Plan was designed to provide participants with a means to defer a portion of their compensation for retirement funds and to provide benefits in the event of disability, death, or financial hardship. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administrator: Singer Lewak, LLP (the Company) is the administrator of the Plan, and as such, carries out the duties imposed under ERISA. The Company has delegated the responsibility for the operation of the Plan, and the custodianship of the Plan to Fidelity Management Trust Company (also referred to as Fidelity). The Plan paid certain administrative fees of $3,430 and $20,136 in 2017 and 2016, respectively. The Company paid for certain expenses of the Plan which amounted to approximately $127,839 and $73,000 in 2017 and 2016, respectively.

Eligibility: Any employee, regardless of age, who has worked at the Company for one month may elect to contribute to the Plan. Any employee, regardless of age, who worked at least 1,000 hours and has completed one year of service is eligible to participate in the employer's profit sharing, matching and other discretionary contributions. The entry date for employee contributions is the calendar quarter following the date the participant becomes an eligible employee. The plan was amended effective May 2017, the entry date to employee contributions became the first of the following month after service requirements were fulfilled. The entry dates to become eligible for employer matching or profit-sharing contributions are January 1st and July 1st of each plan year.

Contributions: Contributions to a qualified plan are tax deferred and therefore are not included in a participant's compensation for federal income tax purposes until distributed to the participant. Participants may elect to contribute annually up to 100% of their annual compensation on a pretax basis up to a maximum of $18,000 for 2017 and 2016. The maximum contribution is normally adjusted annually by an inflation index. Participants are also allowed to roll over contributions from other qualified employer sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's directives. Eligible participants age 50 or older are permitted to make catch-up contributions. The maximum catch-up contribution for each year is determined by the Internal Revenue Service and was $6,000 for 2017 and 2016.

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

Contributions (continued): The Company may make discretionary matching and discretionary profit-sharing contributions which are determined by the Company annually. The Company made matching contributions of 25% of the employee deferrals up to a maximum of 10% of each qualified participants annual compensation in the amounts of $147,656 (net of $33,198 in forfeitures) and $116,310 (net of $23,422 in forfeitures) for the years ended December 31, 2017 and 2016, respectively. The Company made discretionary profit-sharing contributions of $350,539 (net of $33,198 in forfeitures) and $296,576 (net of $42,275 in forfeitures) for the years ended December 31, 2017 and 2016, respectively.

Participant Accounts: Each participant's account is credited with the participant's contribution, the employer's contribution, and an allocation of the Plan's earnings, and charged with an allocation of administrative expenses. Allocations are based on the ratio of the participant's balance to all participants' account balances. Each participant directs how contributions made to the Plan are to be invested among the investment options available under the Plan.

Vesting: The value of each participant's account is fully vested at all times for the participant's contributions, rollover contributions, and the interest and earnings on those dollars. The Company's matching and profit-sharing contributions, if any, vest at a rate of 20% per year of service beginning with the second year of service.

Forfeitures: Amounts forfeited by participants are included in the employer's contributions and allocated to the participants who are eligible to receive the employer's contributions. Forfeitures applied toward employer contributions and administrative expenses were $56,620 and $69,865 for the years ended December 31, 2017 and 2016, respectively. The Plan had $32,589 and $48,272 of unapplied forfeited non-vested accounts as of December 31, 2017 and 2016, respectively.

Distributions to Participants: Distributions from the Plan are available upon any of the following situations: termination of employment at the Company, retirement, total disability, death, employee's reaching age 59-1/2, or qualified "financial hardship." All distributions from the Plan will be taxed as ordinary income for federal income tax purposes unless the participant elects to directly roll his or her distribution into an Individual Retirement Account (IRA) or the distribution qualifies for special tax treatment.

Notes Receivable from Participants: A participant may borrow up to two loans at a time at an amount not to exceed the lesser of $50,000 or one-half the vested interest in the participant's account. The minimum loan amount is $1,000. The term of the loan shall not exceed five years except in the case of a loan for the purpose of purchasing the principal residence of the participant, which can have a term not to exceed the participant's normal retirement age. The loan is secured by the participant's vested account balance. Repayment of loans are accomplished through payroll deductions of both principal and interest. The interest rate is based upon the prime rate published in the Wall Street Journal at the time the loan is issued plus 1%. The existing loans have interest rates that range from 3.50% to 5.25%.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this basis, investments are recorded at fair value, contributions are recorded when received and benefits and expenses are recorded when paid.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits: Benefits are recorded when paid.

Subsequent Events: Accounting Standards Codification (ASC) 855-10 *Subsequent Events,* requires additional disclosure for events or transactions that occur after the statement of net assets available for benefits date.

The Plan was amended effective January 1, 2018 to align the match eligibility with the enrollment eligibility. As of the amendment date, employees are eligible for matching contributions on the 1st of following month after hire date.

The Plan was amended effective February 1, 2018 to include service for purpose of eligibility and vesting from certain predecessor employers.

In February 2019, the Company has received a notice from the Department of Labor (DOL) indicating the DOL's intent to levy a fine relating to the lateness of the issuance and submission of the Plan's December 31, 2017 audited financial statements. The Company intends to request an abatement of the fine but will pay the fine from the Company's assets if it is unsuccessful in having the fine abated.

The Plan has no other subsequent events requiring disclosure as of February 20, 2019. The Plan has not evaluated subsequent events after this date, which is the date the financial statements were available to be issued.

NOTE C - INCOME TAX STATUS

The Company received its latest determination letter on March 31, 2014 that the Plan qualifies under Sections 401(a) and 401(k) of the Internal Revenue Code and is therefore exempt from federal income taxes under Section 501(a) of the Code. The Plan is also exempt from state income taxes. The Plan has been amended since receiving the determination letter. However, the plan administrator received an IRS advisory letter as verification that the plan documents meet applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE D - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan had a group annuity investment contract with The New York Life Insurance Company Anchor Account. New York Life Insurance Company maintained the contributions in a general account, Anchor Account. The contract was included in the financial statements at contract value as reported to the Plan by New York Life Insurance Company.

Contract value represented contributions made under the contract, plus earnings and transfers, less participant withdrawals, transfers and administrative expenses. The group annuity investment contract is not considered fully benefit responsive.

NOTE E - PLAN TERMINATION

While the Company has not expressed any intent to terminate the Plan, it is free to do so at any time. In the event of termination, the employer's contribution would become fully vested and nonforfeitable for each participant.

NOTE F - RELATED PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Some administrative expenses incurred by the Plan during 2017 are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

NOTE G - FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820-10, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under ASC 820-10 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE G - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds and money funds: Valued at the daily closing price as reported by the fund. Mutual funds and money market funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds and money market funds held by the Plan are deemed to be actively traded.

Private equities: Brilliant Light Power, Inc. private equity securities are considered level 2 and are value based on their most recent common stock private offering during the year ended December 31, 2016. Other private equities are considered level 3 and are based on original purchase price plus the Plan’s share of reported investment income, less distributions received.

The market price of the private equities may be volatile depending on a number of factors, including the status of the company's business performance, its business purpose, industry dynamics, news announcements or changes in general economic conditions. No private equities were included net assets as of December 31, 2017.

NOTE G - FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016.

	2017			
	Level 1	Level 2	Level 3	Total

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits - cash basis.

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Singer Lewak, LLP 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan's adoption agreement and amendments for a more complete description of the Plan's provisions.

General: The Plan, a defined contribution and profit-sharing plan qualified under Section 401(k) and related provisions of the Internal Revenue Code, was established effective October 1, 1983. The Plan was designed to provide participants with a means to defer a portion of their compensation for retirement funds and to provide benefits in the event of disability, death, or financial hardship. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administrator: Singer Lewak, LLP (the Company) is the administrator of the Plan, and as such, carries out the duties imposed under ERISA. The Company has delegated the responsibility for the operation of the Plan, and the custodianship of the Plan to Fidelity Management Trust Company (also referred to as Fidelity). The Plan paid certain administrative fees of $3,430 and $20,136 in 2017 and 2016, respectively. The Company paid for certain expenses of the Plan which amounted to approximately $127,839 and $73,000 in 2017 and 2016, respectively.

Eligibility: Any employee, regardless of age, who has worked at the Company for one month may elect to contribute to the Plan. Any employee, regardless of age, who worked at least 1,000 hours and has completed one year of service is eligible to participate in the employer's profit sharing, matching and other discretionary contributions. The entry date for employee contributions is the calendar quarter following the date the participant becomes an eligible employee. The plan was amended effective May 2017, the entry date to employee contributions became the first of the following month after service requirements were fulfilled. The entry dates to become eligible for employer matching or profit-sharing contributions are January 1st and July 1st of each plan year.

Contributions: Contributions to a qualified plan are tax deferred and therefore are not included in a participant's compensation for federal income tax purposes until distributed to the participant. Participants may elect to contribute annually up to 100% of their annual compensation on a pretax basis up to a maximum of $18,000 for 2017 and 2016. The maximum contribution is normally adjusted annually by an inflation index. Participants are also allowed to roll over contributions from other qualified employer sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's directives. Eligible participants age 50 or older are permitted to make catch-up contributions. The maximum catch-up contribution for each year is determined by the Internal Revenue Service and was $6,000 for 2017 and 2016.

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

Contributions (continued): The Company may make discretionary matching and discretionary profit-sharing contributions which are determined by the Company annually. The Company made matching contributions of 25% of the employee deferrals up to a maximum of 10% of each qualified participants annual compensation in the amounts of $147,656 (net of $33,198 in forfeitures) and $116,310 (net of $23,422 in forfeitures) for the years ended December 31, 2017 and 2016, respectively. The Company made discretionary profit-sharing contributions of $350,539 (net of $33,198 in forfeitures) and $296,576 (net of $42,275 in forfeitures) for the years ended December 31, 2017 and 2016, respectively.

Participant Accounts: Each participant's account is credited with the participant's contribution, the employer's contribution, and an allocation of the Plan's earnings, and charged with an allocation of administrative expenses. Allocations are based on the ratio of the participant's balance to all participants' account balances. Each participant directs how contributions made to the Plan are to be invested among the investment options available under the Plan.

Vesting: The value of each participant's account is fully vested at all times for the participant's contributions, rollover contributions, and the interest and earnings on those dollars. The Company's matching and profit-sharing contributions, if any, vest at a rate of 20% per year of service beginning with the second year of service.

Forfeitures: Amounts forfeited by participants are included in the employer's contributions and allocated to the participants who are eligible to receive the employer's contributions. Forfeitures applied toward employer contributions and administrative expenses were $56,620 and $69,865 for the years ended December 31, 2017 and 2016, respectively. The Plan had $32,589 and $48,272 of unapplied forfeited non-vested accounts as of December 31, 2017 and 2016, respectively.

Distributions to Participants: Distributions from the Plan are available upon any of the following situations: termination of employment at the Company, retirement, total disability, death, employee's reaching age 59-1/2, or qualified "financial hardship." All distributions from the Plan will be taxed as ordinary income for federal income tax purposes unless the participant elects to directly roll his or her distribution into an Individual Retirement Account (IRA) or the distribution qualifies for special tax treatment.

Notes Receivable from Participants: A participant may borrow up to two loans at a time at an amount not to exceed the lesser of $50,000 or one-half the vested interest in the participant's account. The minimum loan amount is $1,000. The term of the loan shall not exceed five years except in the case of a loan for the purpose of purchasing the principal residence of the participant, which can have a term not to exceed the participant's normal retirement age. The loan is secured by the participant's vested account balance. Repayment of loans are accomplished through payroll deductions of both principal and interest. The interest rate is based upon the prime rate published in the Wall Street Journal at the time the loan is issued plus 1%. The existing loans have interest rates that range from 3.50% to 5.25%.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this basis, investments are recorded at fair value, contributions are recorded when received and benefits and expenses are recorded when paid.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits: Benefits are recorded when paid.

Subsequent Events: Accounting Standards Codification (ASC) 855-10 *Subsequent Events,* requires additional disclosure for events or transactions that occur after the statement of net assets available for benefits date.

The Plan was amended effective January 1, 2018 to align the match eligibility with the enrollment eligibility. As of the amendment date, employees are eligible for matching contributions on the 1st of following month after hire date.

The Plan was amended effective February 1, 2018 to include service for purpose of eligibility and vesting from certain predecessor employers.

In February 2019, the Company has received a notice from the Department of Labor (DOL) indicating the DOL's intent to levy a fine relating to the lateness of the issuance and submission of the Plan's December 31, 2017 audited financial statements. The Company intends to request an abatement of the fine but will pay the fine from the Company's assets if it is unsuccessful in having the fine abated.

The Plan has no other subsequent events requiring disclosure as of February 20, 2019. The Plan has not evaluated subsequent events after this date, which is the date the financial statements were available to be issued.

NOTE C - INCOME TAX STATUS

The Company received its latest determination letter on March 31, 2014 that the Plan qualifies under Sections 401(a) and 401(k) of the Internal Revenue Code and is therefore exempt from federal income taxes under Section 501(a) of the Code. The Plan is also exempt from state income taxes. The Plan has been amended since receiving the determination letter. However, the plan administrator received an IRS advisory letter as verification that the plan documents meet applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE D - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan had a group annuity investment contract with The New York Life Insurance Company Anchor Account. New York Life Insurance Company maintained the contributions in a general account, Anchor Account. The contract was included in the financial statements at contract value as reported to the Plan by New York Life Insurance Company.

Contract value represented contributions made under the contract, plus earnings and transfers, less participant withdrawals, transfers and administrative expenses. The group annuity investment contract is not considered fully benefit responsive.

NOTE E - PLAN TERMINATION

While the Company has not expressed any intent to terminate the Plan, it is free to do so at any time. In the event of termination, the employer's contribution would become fully vested and nonforfeitable for each participant.

NOTE F - RELATED PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Some administrative expenses incurred by the Plan during 2017 are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

NOTE G - FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820-10, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under ASC 820-10 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE G - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds and money funds: Valued at the daily closing price as reported by the fund. Mutual funds and money market funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds and money market funds held by the Plan are deemed to be actively traded.

Private equities: Brilliant Light Power, Inc. private equity securities are considered level 2 and are value based on their most recent common stock private offering during the year ended December 31, 2016. Other private equities are considered level 3 and are based on original purchase price plus the Plan’s share of reported investment income, less distributions received.

The market price of the private equities may be volatile depending on a number of factors, including the status of the company's business performance, its business purpose, industry dynamics, news announcements or changes in general economic conditions. No private equities were included net assets as of December 31, 2017.

NOTE G - FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016.

	2017			
	Level 1	Level 2	Level 3	Total

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits - cash basis.
