Note 1 - Plan Description

The following description of Hahn Loeser & Parks LLP Salary Deferral Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

Hahn Loeser & Parks LLP (the "Partnership") is a participant in the American Bar Association Retirement Funds (the "Fund" or the "Program"), which is organized to administer retirement plans for member lawyers and law firms.

General

The Plan is a defined contribution plan covering all employees of the Partnership with no age or service requirements, as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Subject to plan provisions, participants can elect to defer a portion of their salary and partners can elect to defer a portion of their self-employment income to either a pretax or Roth account. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. The Partnership may make a discretionary matching contribution equal to a percentage of the participant's deferred compensation. The percentage will be determined each year by the Partnership. In applying the aforementioned matching percentage, only salary reductions up to such dollar amount as shall be announced by the Partnership from year to year will be considered.

The discretionary matching contribution made by the Partnership for the year ended December 1, 2017 was equal to 25 percent of the first \$800 deferred by the participant. The maximum discretionary contribution per participant for 2017 was \$200. Participants who are licensed attorneys or highly compensated employees are not eligible to receive a discretionary matching contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Partnership's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participants' vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately 100 percent vested in employee salary, rollover contributions, and discretionary matching contributions and any income or loss thereon.

Participant Notes Receivable

The Plan allows participants to borrow against their vested account balance in the Plan. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 in the aggregate for all plans sponsored by the Partnership, reduced by the highest outstanding balance of plan loans during the prior one-year period or one-half of their vested account balance. No more than five loans per participant may be outstanding at any time. The loans are repayable over no longer than five years, unless the loan is used to acquire a principal residence. The loans are secured by the balance in the participant's account and bear an interest rate of prime plus 1 percent as of the loan date. Interest rates on outstanding notes receivable are between 4.50 and 5.50 percent. Principal and interest are paid ratably through payroll deductions.

December 31, 2017 and 2016

Note 1 - Plan Description (Continued)

Benefit Payments

Distributions are payable upon the retirement, death, disability, hardship, attainment of age 59½ or termination of employment in the form of a direct rollover or a lump-sum cash distribution.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by The Mercer Trust Company. The Mercer Trust Company is also the trustee, as defined in the Plan; therefore, these transactions qualify as party-in-interest transactions.

Termination

While it has not expressed any intent to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Partnership and reimbursed by the Plan. These transactions qualify as party-in-interest transactions.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

December 31, 2017 and 2016

Note 2 - Summary of Significant Accounting Policies (Continued)

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including February 25, 2019, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

The Mercer Trust Company (Mercer) holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by Mercer.

Note 4 - Tax Status

The Plan adopted a nonstandardized prototype plan of The American Bar Association Retirement Funds (ABA). ABA has obtained an opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualifies and was in compliance with the Internal Revenue Code. The Plan has not received a determination letter specific to the Plan itself. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2017 and 2016.

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following valuation methodologies have been used to value the Plan's investments:

Common Collective Trust Funds

The common collective trust funds are valued at net asset value per share or its equivalent of the funds, which is based on the fair value of the funds' underlying assets.

Notes to Financial Statements**December 31, 2017 and 2016****Note 5 - Fair Value Measurements (Continued)*****Self-directed Brokerage Accounts***

The Plan allows participants to invest in self-directed brokerage accounts. The self-directed brokerage accounts include various investments in publicly traded securities, which are valued at the quoted prices reported in active markets.

		Assets Measured at Fair Value on a Recurring Basis at December 31, 2017	
		Investments (at Fair Value)	Level 1
Participant self-directed brokerage accounts	\$	1,578,840	\$ 1,578,840
Investments measured at NAV - Common collective trusts		31,650,715	
Total investments at fair value	\$	33,229,555	

		Assets Measured at Fair Value on a Recurring Basis at December 31, 2016	
		Investments (at Fair Value)	Level 1
Participant self-directed brokerage accounts	\$	1,282,890	\$ 1,282,890
Investments measured at NAV - Common collective trusts		28,068,761	
Total investments at fair value	\$	29,351,651	

There were no unfunded commitments or redemption restrictions on the investments described above.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the end of the reporting period. There were no significant transfers between levels of the fair value hierarchy during 2017.
