WEEKLEY ASPHALT PAVING, INC. 401K PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Weekley Asphalt Paving, Inc. 401K Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service and are twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Contributions to the Plan consist of the following:

Each year, participants may contribute up to 15% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company contributes 25% of the first 4% of base compensation that a participant contributes to the Plan. Additional non-elective amounts may be contributed at the option of the Company. Contributions are subject to certain limitations.

Participant Accounts:

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Allocations:

Discretionary employer contributions are allocated among the profit sharing contribution accounts of participants who are eligible to receive a contribution for that plan year in a ratio that each such participant's compensation bears to the sum of all participants' compensation. All allocations are made annually on June 30. To be eligible for employer contribution and forfeiture allocations, a participant must be an active employee on June 30.

Employer forfeitures are allocated to reduce non-elective contributions at the time the forfeiture occurs.

Note 1. Description of Plan (cont.)

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Participants' share of employer contributions are subject to the following vesting schedule:

| Years of Service | Percent Vested |
|---|---|
| 1 | 0 |
| 2 | 20 |
| 3 | 40 |
| 4 | 60 |
| 5 | 80 |
| 6 | 100 |

Participant Notes Receivable:

Participants can borrow from their fund accounts at a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes fund. Loan terms range from 1-5 years or up to 7 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. The interest rate presently is 6.50% (Prime plus 1.0%). Principal and interest is paid ratably through weekly payroll deductions.

Payment of Benefits:

On termination of service, a participant (or, in the event of the participant's death, his or her beneficiary) may elect to receive a lump-sum amount equal to the value of his or her account, or periodic payments consisting of monthly, quarterly, semi-annual or annual installments over one of the following periods:

1) the life of the participant;

2) the life of the participant and designated beneficiary;

Note 1. Description of Plan (cont.)

3) a period certain not extending beyond the life expectancy of the participant; or

4) a period certain not extending beyond the joint and last survivor life expectancy of the participant and a designated beneficiary.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting:
The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition:
The Plan's investment assets are invested in various publicly traded mutual funds maintained by Newport Trust Company. The Plan's assets are carried at fair value based on quoted market prices. Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Estimates:
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits:
Benefits are recorded when paid.

Date of Management Reviews:
Subsequent events were evaluated through February 4, 2019.

Operating Expenses:
Expenses of maintaining the plan are paid by the plan.

Note 3. Tax Status

The Plan obtained its latest determination letter on October 26, 2006, in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code. The most recent Plan amendment was made on September 1, 2013 to eliminate Roth contributions and accept direct rollovers from qualified plans. The plans tax returns for June 30, 2016, 2017 and 2018 are subject to examination by Internal Revenue Service and Department of Labor, generally for three years after filing.

Note 4. Vested Benefits

At June 30, 2018, total vested benefits were $13,452,291, including approximately $724,496 for terminated participants.

Forfeited accounts at June 30, 2018 and 2017, forfeited non vested accounts totaled $1,986 and $0 respectively. These accounts will be used to reduce future employer contributions. Also for the year ended June 30, 2018 employer contributions were reduced by $1,986.

Note 5. Information Prepared and Certified by Trustee

Note 6. Fair Value Measurement

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that priorities the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level I inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The

Note 6. Fair Value Measurement (Cont'd)

Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. All plans assets had Level 1 fair market measurements available and, therefore, were used.

Level 1-Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities an active market. This level includes common stocks, corporate bonds or mutual funds based on the closing price reported in the active market where the securities are traded.

Level 2-Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally form or corroborated by observable market data by correlation, or other means.

Level 3-Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair values of all of the trading securities listed below as of June 30, 2018 and 2017 are based on unadjusted, quoted prices in active markets as of the measurement date (Often referred to as Level 1 inputs).

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended June 30, 2018, and reported in net appreciation in fair value of investments.

No changes in valuation techniques or related inputs have occurred as a result of adopting the new reporting requirements on fair value measurements in ASU 2011-04, as per FASB ASC 820.
