Emergency Service Partners, L.P. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of Emergency Service Partners, L.P. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan that covers employees of Emergency Service Partners, L.P. and its affiliates (collectively, the Company or Plan Sponsor) who are not a member of an excluded class and have completed six consecutive months of service to meet the eligibility requirements for Plan participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan amendments: The Plan was amended and restated effective January 1, 2017. The Plan sponsor elected to make safe harbor matching contributions to eligible employees in an amount equal to 100 percent match of the first 6 percent of the eligible participant's compensation contributed to the Plan.

Plan merger: The Plan Sponsor was acquired by US Acute Care Solutions Holdings, LLC during Plan year 2017. On September 28, 2017, the board of directors of US Acute Care Solutions Holdings, LLC Southwest Region, voted to merge the Plan into US Acute Care Solutions Profit Sharing/401(k) Plan and Trust effective January 1, 2018. Participants in the Plan became eligible to participate in the US Acute Care Solutions Profit Sharing/401(k) Plan and Trust as of the effective date. All Plan assets were transferred on January 2, 2018 through January 10, 2018. The US Acute Care Solutions Profit Sharing/401(k) Plan and Trust assumed legal control of these assets as of January 2, 2018.

Contributions: The Company makes a safe harbor matching employer contribution of 6 percent of the participant's compensation, as defined in the Plan document, for employees who are eligible for the Plan. Additional discretionary employer contributions may be made at the option of the Company's Board of Directors. Contributions are subject to certain limitations. For the period ended January 2, 2018 and the year ended December 31, 2017, no additional discretionary employer contributions were made.

Each year, participants may elect to contribute up to 100 percent of eligible compensation, as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts: Participants direct the investment of their contributions into various investment options offered by the Plan.

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions, safe harbor employer matching contributions, discretionary profit sharing contributions and actual earnings thereon.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The notes receivable are secured by the balance in the participant's account and bear interest, as determined by the Plan Administrator. Notes outstanding at December 31, 2017, had interest rates ranging from 4.25 percent to 8.50 percent and mature through 2026. Principal and interest are paid through payroll deductions.

Note 1. Description of Plan (Continued)

Payment of benefits: On termination of service, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Any balance that does not exceed \$5,000 is automatically paid out as soon as administratively possible. In the absence of an election by the participant within the time period specified by the Plan Administrator, any balance that exceeds \$1,000, but does not exceed \$5,000, is paid as a direct rollover to an individual retirement account designated by the Plan Administrator. Any balance that does not exceed \$1,000 is paid directly to the participant in the form of a cash, lump-sum distribution. Hardship withdrawals are also available subject to certain limitations.

Forfeitures: Participant forfeitures of nonvested balances will be used to reduce future employer contributions and to pay the expenses of the Plan. At January 2, 2018, December 31, 2017, and December 31, 2016, unallocated forfeitures totaled \$45,091, \$45,072 and \$43,350, respectively. For the period ended January 2, 2018, and the year ended December 31, 2017, no forfeitures were used to reduce employer contributions or pay Plan expenses.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be recognized to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for disclosure of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions based on the terms of the Plan agreement. No allowance for credit losses has been recorded as of January 2, 2018, December 31, 2017, and December 31, 2016. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, Line 4i—Schedule of assets (held at end of the year).

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Note 2. Summary of Significant Accounting Policies (Continued)

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants account and are included in administrative expenses. Investment-related expenses are included in the net appreciation of fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through February 12, 2019, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Fidelity Management Trust Company (Fidelity)

The following is a summary of the Plan's asset information as of January 2, 2018, December 31, 2017, and December 31, 2016, and for the period ended January 2, 2018, and the year ended December 31, 2017, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information certified or provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information certified or provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedules related to the following assets:

	January 2		December 31	
	2018	2017	2016	
Investments at fair value:				
Mutual funds	\$ -	\$ 81,768,382	\$ 69,411,775

Fidelity also certified to the completeness and accuracy of \$488,446 of net appreciation in fair value of investments, \$1,250 of interest and dividends related to the aforementioned investments and \$1,289 of interest income on notes receivable from participants for the period ended January 10, 2018. Fidelity also certified to the completeness and accuracy of \$9,847,783 of net appreciation in fair value of investments, \$3,359,539 of interest and dividends related to the aforementioned investments and \$25,981 of interest income on notes receivable from participants for the year ended December 31, 2017.

Note 4. Fair Value Measurements

The *FASB Accounting Standards Codification* (ASC) Topic 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820, Fair Value Measurements and Disclosures, are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets. Quoted prices for identical or similar assets or liabilities in inactive markets. Inputs other than quoted prices for the asset or liability that are observable. Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Brokerage accounts: The underlying investments, which consist primarily of mutual funds and individual corporate common stocks, are valued at the closing price reported on the open market.

The methods above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

December 31, 2017				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	\$ 81,768,382	\$ -	\$ -	\$ 81,768,382
Brokerage accounts	5,967,298	-	-	5,967,298
Total investments at fair value	<u>\$ 87,735,680</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 87,735,680</u>

December 31, 2016				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	\$ 69,411,775	\$ -	\$ -	\$ 69,411,775
Brokerage accounts	6,328,133	-	-	6,328,133
Total investments at fair value	<u>\$ 75,739,908</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 75,739,908</u>

Note 5. Related-Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee, as defined by the Plan and, therefore, these investments qualify as party-in-interest transactions.

Note 6. Tax Status

The Plan adopted a volume submitter plan document. The Plan has received an opinion letter from the IRS as to the prototype plan's qualification status. The prototype plan opinion letter has been relied upon by the Plan. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the United States federal or state tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan Sponsor will reimburse the Plan for lost earnings. The Plan Sponsor will file Form 5330 and pay the applicable excise tax.
