# Frisch's Employee 401(k) Savings Plan

## Notes to Financial Statements

---

### 1. Description of the Plan

The following description of the Frisch's Employee 401(k) Savings Plan ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### **General**

The Plan is a defined contribution plan covering substantially all employees of Frisch's Restaurants, Inc. (the "Company" or "Plan Sponsor") who are over the age of 21. Upon completion of three months of service, certain employees can enroll in the Plan. Employees are permitted to enter the Plan on the first day of each month. The Plan was established effective September 24, 1984. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Effective June 1, 2016, the Plan was amended to a Safe Harbor Plan. A Safe Harbor 401(k) plan generally satisfies the non-discrimination rules for elective deferrals and employer matching contributions. In order to be considered as a Safe Harbor 401(k) plan, an employer is required to satisfy certain contribution, vesting, and notice requirements.

In addition, the Frisch's Restaurants Operating Unit Hourly Employee 401(k) Plan was merged into the Plan effective September 1, 2016. Investments contributed into the Plan as a result of this merger are included in transfers from hourly plan on the statements of changes in net assets available for benefits.

Fidelity Management Trust Company was the recordkeeper and trustee of the Plan during the period from June 1, 2016 through February 28, 2017.

Great-West Life & Annuity Insurance Company, was the recordkeeper and trustee of the Plan during the period from March 1, 2017 through May 31, 2018.

#### **Contributions**

The Plan is primarily funded through employee elective wage deferrals under the deferred compensation provisions of the Internal Revenue Code Section 401(k). Each year, participants may elect to defer up to 50% of their pretax annual compensation, as defined by the Plan, not to exceed the annual limitation as defined by the Internal Revenue Service. A participant who has attained age fifty before the end of the Plan year is eligible to defer additional amounts to make catch-up contributions.

The Company makes weekly safe harbor matching contributions to the Plan on behalf of the participants of 100% of the participant's wage deferrals up to three percent of eligible compensation and 50% of employee contributions in excess of three percent up to the next three percent of each eligible employee's compensation up to ERISA's annual compensation limit. For the year ended May 31, 2018 and 2017, respectively, the Company made safe harbor contributions totaling \$874,469 and \$948,360.

Participants direct the investment of their contributions as well as the Company's contribution into various investment options offered by the Plan. Participants may also rollover amounts representing distributions from other qualified defined benefit or contribution plans.

### ***Participant Accounts***

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's matching contributions and (b) Plan earnings. Allocations are based on participant contributions or account balances, as defined. Participants with loan balances are charged with loan administration fees. Some specific fund fees are paid by the individual funds and charged to applicable participant accounts. All other Plan related expenses are paid by the Company. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### ***Vesting***

Participants are vested immediately in their own contributions as well as the Company's matching contribution portion of their accounts, plus actual earnings thereon.

### ***Notes Receivable from Participants***

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 reduced by the excess (if any) of (i) the highest outstanding balance of loans from the Plan during the twelve month period ending on the day before the loan is made, over (ii) the outstanding balance of loans from the Plan on the date the loan is made or 50% of their vested account balance, whichever is less. A maximum number of two outstanding loan is allowed per participant at any time. Loan terms are not to exceed 5 years, with the exception of loans used for the purchase of a principal residence of the participant, which are limited to a period consistent with commercial home loan practices. The loans are secured by the balance in the participant's accounts and bear interest between 4.25% and 5.75% at May 31, 2018 and 2017, which is determined at loan inception by the plan administrator based on the prime rate plus 1.00%. During 2018 and 2017, principal and interest were paid ratably through weekly payroll deductions.

Subsequent to year end, on January 1, 2019, the Company's loan policy was revised to allow a maximum number of one outstanding loan per participant at any time.

### ***Payment of Benefits***

Upon termination of service due to death, disability, or normal retirement, a participant or his or her beneficiary upon death, may receive benefits in a lump-sum amount equal to 100 percent of the participant's vested account balance or in a series of payments. Normal retirement is age 65; early retirement is permitted. For termination of service due to other reasons, a participant may receive the value of the vested account balance as a lump-sum distribution, or rollover their vested amount to another qualified retirement account.

## **Notes to Financial Statements**

---

### ***Financial Hardship Withdrawals***

Financial hardship withdrawals of a participant's deferral contributions are permitted in certain circumstances of immediate and heavy financial need.

### ***Automatic Rollover Provision***

The Plan includes an automatic rollover provision. This provision provides that terminated participants with vested balances of less than \$5,000 will be issued a distribution as soon as practicable following their termination of employment. The participant may elect whether to receive the distribution or to roll over the distribution to another retirement plan such as an IRA. The Plan allows for involuntary cash-outs for terminated participants with vested balances of \$1,000 or less.

### ***Plan Expenses***

The Company pays certain expenses of the Plan and provides certain administrative services at no cost to the Plan. If not paid by the Company, administrative expenses become a liability of the Plan. During the year ended May 31, 2018 and the period from March 1, 2017 through May 31, 2017, the investment management fees, loan maintenance, and benefit payment maintenance fee were deducted from participant accounts quarterly. Various other expenses were paid by the Company. During the period from June 1, 2016 through February 28, 2017 the participants paid loan processing fees and investment management fees. Certain management fees charged to Plan mutual funds were deducted from income earned on a regular basis, and were netted with the investment returns on such investments. Various other expenses were paid by the Company.

## **2. Summary of Accounting Policies**

### ***Basis of Accounting***

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual amounts could differ from those estimates.

### ***Investment Valuation and Income Recognition***

The Plan accounts for fully-benefit responsive contracts in accordance with ASU 2015-12, which measures fully-benefit responsive contracts at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the contract value

# **Frisch's Employee 401(k) Savings Plan**

## **Notes to Financial Statements**

---

of the insurance contract. The statements of changes in net assets available for benefits were prepared on a contract value basis.

The Plan's investments are stated at fair value which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's unrealized and realized gains and losses on investments bought and sold as well as held during the year.

### ***Notes Receivable From Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

### ***Payment of Benefits***

Benefits are recorded when paid.

### ***Risks and Uncertainties***

The Plan provides for various investment securities. These investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level and uncertainty related to the changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements as of May 31, 2018 and 2017.

### ***Events Occurring after Reporting Date***

The Company has evaluated events and transactions that occurred between May 31, 2018 and March 12, 2019, which is the date that the financial statements were available to be issued for possible recognition or disclosure in the financial statements. See Note 1.

## **3. Certified Information**

All investment and notes receivable from participants information disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year), including investment income, investment transactions, and notes receivable from participants as of May 31, 2018 and 2017 and the transactions in such Plan assets for the period from March 1, 2017 through May 31, 2018, have been certified to the plan administrator by Great-West Life & Annuity Insurance Company, the trustee of the Plan for that respective period. All investment and notes receivable from participants information disclosed in the accompanying financial statements including investment income, investment transactions, and notes receivable from participants and the transactions in such Plan assets for the period from June 1, 2016 through February 28, 2017, have been certified to the plan administrator by Fidelity Management Trust Company, the trustee of the Plan for that respective period. As elected by the plan administrator, no auditing procedures have

---

been performed on this information except to compare such information to the information included in the accompanying financial statements. Accordingly, as permitted under such election, the plan administrator has obtained certifications from the trustees of the Plan that all of the information provided by them is complete and accurate.

### 4. Plan Tax Status

The Plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the prototype non-standardized profit sharing plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the tax authorities. A recognized tax position is then measured at the largest amount of benefit that is greater than 50% likely of being realized upon settlement.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of May 31, 2018 and 2017, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Additionally, the Plan had no interest and penalties related to income taxes.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### 5. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;

# Frisch's Employee 401(k) Savings Plan

## Notes to Financial Statements

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 31, 2018 and 2017.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of May 31, 2018 and 2017:

| Assets at Fair Value as of May 31, 2018 |              |         |         |               |
|-----------------------------------------|--------------|---------|---------|---------------|

### **6. Group Annuity Contract**

The Plan has a fully benefit responsive group annuity contract with an insurance company, which is called the Key Guaranteed Portfolio Fund. The insurance company maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses.

Since the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with the insurance company. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, (6) and early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the contract at any amount less than the contract value.

The insurance company is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the insurance company. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the product will be established based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The average yield earned by the Plan for the group annuity contract is derived by averaging the quarterly gross interest rates for the fund over the year. The average for 2018 and 2017 was 1.10% and 1.08%, respectively. The actual average yield earned by the Plan for the group annuity contract is derived by averaging the Plan's quarterly interest rates. The average for 2018 and 2017 was 1.10% and 1.08%, respectively.

### **7. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100 percent vested in their accounts.

### **8. Related Party and Party-In-Interest Transactions**

Certain Plan investments held during the years ended May 31, 2018 and 2017 include mutual funds managed principally by Great-West Life & Annuity Insurance Company, and therefore, these transactions qualify as party-in-interest transactions. For the year ended May 31, 2018 and during the period from March 1, 2017 through May 31, 2018, fees incurred by the Plan for investment management services were paid fee via quarterly deduction from participant accounts. During the period from June 1, 2016 through February 28, 2017, fees incurred by the Plan for investment management services were included in net depreciation or appreciation in fair value of the

# **Frisch's Employee 401(k) Savings Plan**

## **Notes to Financial Statements**

---

investments, as they were paid through the related mutual funds and money market fund, rather than a direct payment.

Notes receivable from participants qualify as party-in-interest transactions. During the period from March 1, 2017 through May 31, 2018, the Plan paid loan processing and maintenance fees and benefit payment maintenance fees as a quarterly deduction from participant accounts. The Plan Sponsor pays directly any other fees related to the Plan's operations. Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan.

### **9. Prohibited Transactions**

During 2017, the Plan Sponsor inadvertently failed to deposit \$29 of participant deferrals within the required timeframe as required by the United States Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. The Plan Sponsor filed Form 5330 and paid applicable excise taxes for the late contributions noted in 2017 on Schedule H, Line 4a - Schedule of Delinquent Participant Contributions. The excise tax payments were made from the Plan Sponsor's assets and not from assets of the Plan. No delinquent contributions were noted in the year ended May 31, 2018.
