NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

The following description of Wiley Organics, Incorporated 401(k) & Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General. The Plan is a defined contribution plan covering all non-excluded (leased) employees of Wiley Organics, Incorporated who have attained age twenty-one or older. Beginning June 1, 2017, employees are automatically enrolled in the plan once eligibility is reached. The entry date is defined as the first day of the month coinciding with or next following the date eligibility requirements are met. The Board of Trustees are responsible for oversight of the Plan. The Plan Administrator, with assistance from outside advisors, determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Plan’s Board of Trustees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may contribute up to 100 percent of their annual compensation, not to exceed Internal Revenue Code limits. Contributions may be regular 401(k) deferrals or Roth 401(k) contributions, provided regulatory limits are not exceeded. Participants who have obtained age 50 before the end of the Plan year are eligible to make catch-up contributions. Beginning June 1, 2017, the plan implemented auto enrollment at a rate of 6%. On the first day of the plan year after an employee has been auto enrolled, an automatic escalation will occur in 1% increments until a deferral rate of 10% is reached. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. The Company may also make discretionary matching and/or profit sharing contributions, according to the annual elections by the Company. For 2018 and 2017, the Company made \$426,132 and \$218,723 of discretionary matching contributions, respectively. No profit sharing contributions were made for 2018 or 2017.

Participant Accounts. Each participant’s account is credited with the participant’s contribution and an allocation of (a) the Company’s contribution, (b) Plan earnings, and (c) forfeitures of terminated participants’ non-vested accounts. Participants’ accounts are also charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment Options. Upon enrollment in the Plan, a participant may direct contributions in any of several investment options. Participants may change their investment options anytime via the telephone or Internet.

Vesting. Participants’ contributions plus actual earnings thereon are 100 percent vested immediately, while employer contributions plus earnings thereon are vested depending on years of service on a graded scale. Participants are vested in 20 percent increments beginning in year 2 until year 6 when a participant becomes fully vested in the employer contributions.

Notes Receivable from Participants. The Plan allows participants to apply for and obtain loans in an amount as defined in the Plan (not less than \$1,000 and limited to 50% of the participant’s vested account balance provided such loans do not exceed \$50,000) from the balance of the participant’s account. All loans must be repaid within five years unless the loan is used to acquire or construct the participant’s primary residence, in which case, the Plan Administrator may permit a longer repayment term. Interest is charged at a rate equal to one percent above prime. Payments of principal and interest are paid ratably through payroll deductions.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Payment of Benefits. On termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Annual installments over an assumed life expectancy is permitted for minimum required distributions. Furthermore, participants, upon a hardship (as defined by the Plan,) may elect to withdraw a portion of their vested account balance.

Forfeited Accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures may be used to reduce Company contributions or to pay administrative expenses of the Plan. At May 31, 2018 and 2017, forfeited non-vested accounts totaled \$3,522 and \$4,740, respectively. During 2018 and 2017, forfeitures of \$1,655 and \$0, respectively, were used to reduce Company contributions.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment custodian and investment advisors. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses are permitted to be paid from the Plan. Total plan administrative fees and participant charges paid from the trust were \$12,565 and \$47,031 for 2018 and 2017, respectively. Investment management fees are netted against plan earnings.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

Subsequent events have been evaluated through March 4, 2019, which is the date the financial statements were available to be issued.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY EMPOWER RETIREMENT

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at May 31, 2018 and 2017, and net appreciation in fair value of investments, interest and dividends for the years ended May 31, 2018 and 2017, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Great West Life & Annuity Insurance Company (Empower Retirement) for the year ended May 31, 2018 and Nationwide Financial Services, Inc. for the year ended May 31, 2017 (the custodians of the Plan).

NOTE 4: INVESTMENTS

During the plan years ended May 31, 2018 and 2017, the Plan's investments (including investments bought, sold, and held during the year) appreciated as follows:

	<u>2018</u>	<u>2017</u>
Net appreciation	\$ <u>324,409</u>	\$ <u>549,884</u>

NOTE 5: FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

401(K) & PROFIT SHARING PLAN**

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5: FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level or any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 31, 2018 and 2017.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of May 31, 2018 and 2017:

Assets at Fair Value as of May 31, 2018

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 6,922,576	\$ 0	\$ 0	\$ 6,922,576
Total assets at fair value				<u>\$ 6,922,576</u>

Assets at Fair Value as of May 31, 2017

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 5,109,232	\$ 0	\$ 0	\$ 5,109,232
Total assets at fair value				<u>\$ 5,109,232</u>

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. We evaluate the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended May 31, 2018 and 2017, there were no transfers in or out of Level 3.

NOTE 6: INVESTMENT CONTRACTS WITH THE CUSTODIAN(S)

In 2017, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company totaling \$183,107 for 2018. Great-West Life & Annuity Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest

NOTES TO THE FINANCIAL STATEMENTS

rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0 percent. As of May 31, 2018, the crediting interest rate was 1.10%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West Life & Annuity Insurance Company, represents contributions made under the contract, plus earnings less participant withdrawals and administrative expenses. Participants may ordinarily direct withdrawals or transfers of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary), that cause a significant withdrawal from the Plan, (4) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. The Plan Administrator believes that no events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

For the plan year 2017, the Plan was in a Guaranteed Investment Contract with Nationwide Life Insurance Company, the former custodian, totaling \$236,382.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Nationwide Life Insurance Company, represents contributions made under the contract, plus earnings less participant withdrawals and administrative expenses. Participants may ordinarily direct withdrawals or transfers of all or a portion of their investment at contract value.

NOTE 7: RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds and a Key Guaranteed Portfolio Fund account managed by Great-West Life & Annuity Insurance Company (Empower Retirement) for the plan year ending May 31, 2018. During the plan year ending May 31, 2017 certain plan investments were shares of mutual funds and a guaranteed investment account managed by Nationwide Life Insurance Company. Great-West Life & Annuity Insurance Company (Empower Retirement) and formerly Nationwide Life Insurance Company serves (served) as the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

NOTE 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

NOTE 9: TAX STATUS

The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code, and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require management of an organization to evaluate tax positions taken by the organization and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of May 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10: RISKS AND UNCERTAINTIES

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
