THE NORD CENTER RETIREMENT PLAN FOR NON-UNION EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2018 AND 2017

1. Description of Plan:

General:

The Nord Center Retirement Plan for Non-Union Employees (the "Plan"), established January 1, 1989, and as restated effective January 1, 2009, is a defined contribution plan covering all non-union employees of The Nord Center (the "Corporation") who meet the eligibility requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Effective June 11, 2018, management of the Plan engaged Reliance Trust (Reliance) as the trustee of the Plan. Management of the Plan previously engaged State Street Bank and Trust as the custodian of the Plan (through June 10, 2018). The Variable Annuity Life Insurance Company (VALIC) as custodian of the Plan holds Plan investments as collateral for a limited number of participants with outstanding loans issued when they were the only custodian.

Contributions:

Participants may elect to contribute up to 100% of their compensation (which may not exceed annual dollar limits established by the Internal Revenue Service) into the Plan on a pre-tax or post-tax basis. The amount participants can contribute on an annual basis is limited to the amount set by the Internal Revenue Service. The post-tax contributions by participants are Roth contributions. Eligible employees hired on or after July 1, 2016 are automatically enrolled into the plan (if an election is not made) for a 2% contribution withholding (increasing by 1% in the second year through the ninth year to a maximum of 10%) from each payroll until the employee opts out or elects an alternative deferral amount. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Corporation may make discretionary matching and discretionary nonelective contributions to participant accounts as determined periodically by the Corporation's Board of Trustees. During the years ended June 30, 2018 and 2017, the Corporation made discretionary matching contributions of 100% of participant elected deferrals limited to 2% of the participant's total compensation. These discretionary matching contributions totaled \$93,700 (\$145,383 less \$51,683 of forfeitures) in 2018 and \$106,090 (\$128,309 less \$22,219 of forfeitures) in 2017. The Corporation did not make any discretionary nonelective contributions for 2018 or 2017.

Additionally, the Plan received revenue sharing payments from certain investments totaling \$8,746 in 2018 and \$3,516 in 2017 which is included in contributions, other. These funds were used to offset certain Plan expenses.

Forfeitures of nonvested accounts are retained in the Plan and are used to offset future employer contributions or pay Plan expenses. There are \$57,770 of unused forfeitures at June 30, 2018 and were \$33,126 of unused forfeitures at June 30, 2017.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED JUNE 30, 2018 AND 2017

1. Description of Plan (continued):

Participant accounts:

Separate accounts for each participant are maintained by the custodian/trustee. Each account is credited with contributions and earnings from investments held in the account. Participants direct the investment of their contributions, including any employer contributions, into various investment options offered by the Plan.

Vesting:

Participants are immediately vested in their deferral contributions plus earnings thereon. The following is the vesting schedule for employer discretionary matching and discretionary nonelective contributions:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Payment of benefits:

Participants who suffer serious financial hardship, as defined by the Plan, may withdraw a portion of their vested account in order to meet their financial needs. Once participants attain age 59-1/2, they may also elect to withdraw from their account, any amount not to exceed their vested portion. All accounts are subject to distribution upon the participant's termination, retirement or death.

On termination of service, participants may elect to receive a lump sum distribution equal to the vested value of their account balance, a partial lump sum distribution not to exceed the vested value of their account balance, or in installments not to exceed the life of the participant.

Benefits are recorded when paid.

Participant notes:

Participants may borrow from their accounts. The minimum loan is \$1,000 to a maximum of the lesser of \$50,000 or 50% of the participant balance. Loan transactions are treated as transfers between investment funds and the participant notes fund. Repayment of a note must be made over a period not to exceed five years, unless the note is used to purchase a principal residence, in which case the note is to be repaid over a reasonable period of time that may not exceed 30 years. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest may be paid through payroll deductions.

THE NORD CENTER RETIREMENT PLAN FOR NON-UNION EMPLOYEES

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED JUNE 30, 2018 AND 2017

1. Description of Plan (continued):

Participant notes (continued):

Included in investments at June 30, 2018 and 2017 are \$17,627 and \$16,713, respectively, held as collateral for notes by participants from VALIC. These loans are not included in participant notes, as the funds borrowed are from VALIC and these loan collateral funds are held and invested in VALIC's group annuity contracts while the loans are outstanding.

Investment income:

Participants may direct their contribution into various investment options. Income is allocated to participant accounts based on earnings in the respective investment accounts.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared using the accrual method.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates and assumptions.

Investment valuation and income recognition:

The Plan's mutual funds and money market fund investments are recorded at fair value, which is determined by quoted market prices provided by either MassMutual, the Plan record keeper (on behalf of State Street Bank and Trust, custodian of the Plan), and VALIC, custodian of the Plan, at June 30, 2017, and by MassMutual (on behalf of Reliance, trustee of the Plan) and VALIC at June 30, 2018.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. These amounts were provided by the trustee/custodians for the years ended June 30, 2018 and 2017.

THE NORD CENTER RETIREMENT PLAN FOR NON-UNION EMPLOYEES

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED JUNE 30, 2018 AND 2017

3. Investments:

The following table presents the value of participant-directed investments at June 30, 2018 and 2017. All investments are participant directed.

	<u>2018</u>	<u>2017</u>
Mutual funds, at fair value	\$ 6,004,565	\$ 5,619,336
Guaranteed investment contracts, at contract value	<u>2,151,860</u>	<u>2,159,544</u>
	<u>\$ 8,156,425</u>	<u>\$ 7,778,880</u>

4. Fair value:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED JUNE 30, 2018 AND 2017

4. Fair value (continued):

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2018 and 2017:

	2018 (Level 1)	2017 (Level 1)
Mutual funds	<u>\$ 6,004,565</u>	<u>\$ 5,619,336</u>

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

5. Party-in-interest transactions:

Certain Plan investments were managed by VALIC and by MassMutual (on behalf of State Street Bank and Trust and Reliance) representing guaranteed investment contracts that were the insurance company's assets with the Plan maintaining rights to assets underlying the funds. VALIC and State Street Bank and Trust are custodians and Reliance is the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

6. Investment contracts with insurance company:

The Plan participates in benefit-responsive investment contracts with VALIC and MassMutual. VALIC and MassMutual maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contracts are included in the financial statements at contract value as reported to the plan by VALIC and MassMutual. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

THE NORD CENTER RETIREMENT PLAN FOR NON-UNION EMPLOYEES

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED JUNE 30, 2018 AND 2017

6. Investment contracts with insurance company (continued):

Certain events limit the Plan's ability to transact at contract value with VALIC and MassMutual. Such events include the following: (a) amendments to the plan documents (including, complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with the Plan participants, is probable.

7. Certified investments:

Certain information related to investments and participant notes disclosed in the accompanying financial statements and supplemental schedule, including investments and participant notes held at June 30, 2018 and 2017 and net increase in value of investments and dividends and interest for the years ended June 30, 2018 and 2017, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Newport Trust Company, State Street Bank and Trust, Reliance Trust, and/or VALIC, in accordance with Section 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

8. Administrative expenses:

Certain administrative expenses of the Plan were paid by the Corporation. Certain administrative functions are performed by employees of the Corporation. No such employee, nor the Corporation receives compensation from the Plan.

Certain expenses of maintaining the Plan are paid directly by the Corporation and are excluded from these financial statements. Fees related to the administration of participant notes are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in net increase in fair value of investments.

9. Income tax status:

The Internal Revenue Service has determined that the prototype plan under which The Nord Center Retirement Plan for Non-Union Employees is organized is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is exempt from taxation.

THE NORD CENTER RETIREMENT PLAN FOR NON-UNION EMPLOYEES

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED JUNE 30, 2018 AND 2017

9. Income tax status (continued):

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

10. Plan termination:

Although it has not expressed any interest to do so, the Corporation has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the individual accounts of the affected participants become nonforfeitable and fully vested.

11. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

12. Subsequent events:

In preparing these financial statements, the Plan's management has evaluated events and transactions for potential recognition or disclosure through January 30, 2019, the date the Plan's financial statements were available to be issued.
