EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

1) DESCRIPTION OF PLAN

The following description of the PTM Management Corp. (the "Company") Employee Stock Ownership Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The trust department of an independent third-party bank is the Plan's Trustee.

GENERAL

The Company established the Plan effective as of January 1, 2011. As of January 1, 2011, the Plan was amended and operates, in relevant part, as a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the IRC and is subject to the applicable provisions of ERISA. The Plan is administered by an ESOP Committee comprising one or two individuals appointed by the Company's Board. The stock was purchased at a price of $625.51 per share, for an aggregate purchase price of $30,650,000.

ELIGIBILITY

The Plan covers all full-time employees of the Company who have one (1) year of service consisting of 250 hours and has obtained the age of twenty-one (21) years. Participants who do not have at least 1,000 hours of service during such Plan year or are not employed on the last working day of a Plan year are generally not eligible for an allocation of Company contributions for such year.

EMPLOYER CONTRIBUTIONS

Each year the Company may make a contribution to the Plan to satisfy the ESOP loan obligation. The Company may also contribute additional monies to the ESOP at its discretion. The Company may also declare dividends on the stock which may be used to repay its regularly scheduled payments of principal and interest on its ESOP loan or be contributed in cash to Participants' accounts for the years ended December 31, 2017 and 2016. Contributions are limited to the lesser of $54,000 and $53,000 or 100% of the Participant's compensation for the years ended December 31, 2017 and 2016, respectively.

PAYMENT OF BENEFITS

Distributions on account of death, disability or retirement will be in the form of substantially equal annual installments over a period not to exceed five years. However, each such installment shall be in the amount at least equal to the lesser of $1,000 or the remaining balance in the Participants' accounts, even if this results in a complete distribution in a period less than five years.

Under the provisions of the Plan, Participants who have terminated employment and have shares of Company stock in their ESOP stock account, the Administrator may exchange any cash or other liquid assets held in the ESOP cash accounts of Participants who are actively employed by the Employers for the share of Company stock held in the inactive Participant's ESOP stock account, at an exchange rate determined based on the most recent fair market value of Company stock.

NOTES TO FINANCIAL STATEMENTS

1) DESCRIPTION OF PLAN (continued)

ADMINISTRATIVE EXPENSES
As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. The Company has historically paid the operating expenses for the Plan.

The Plan's assets, which will consist principally of sponsor company Class B Convertible Preferred Stock shares, are held by the Trustee of the Plan. The Trustee of the Plan is Wilmington Trust and the third-party administrator is Focus Pension LLC.

VOTING RIGHTS
Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a Participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of Plan Participants and beneficiaries.

PARTICIPANT ACCOUNTS
The Plan is a defined contribution plan under which a separate individual account is established for each Participant. Each Participant's account is credited as of the last day of each plan year with an allocation of shares of the company's common stock released by the Trustee from the unallocated account and forfeitures of terminated Participants' non-vested accounts. Only those Participants who are eligible employees of the company as of the last day of the plan year will receive an allocation. Allocations are based on a Participant's eligible compensation, relative to total eligible compensations. Plan earnings are allocated to each Participant's account based on the ratio of the Participant's account balance.

VESTING
If a Participant's employment with the company ends for any reason other than retirement, permanent disability or death, he or she will vest in the balances in his or her account based on total years of service with the company. Allocations are based on the following:

Years of Service	Vested Interest
Less than 2 years	0%
2 years but less than 3 years	20%
3 years but less than 4 years	40%
4 years but less than 5 years	60%
5 years but less than 6 years	80%
6 years or more	100%

1) DESCRIPTION OF PLAN (continued)

PUT OPTION
Under federal income tax regulations, the employer stock that is held by the Plan and its Participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to Participants for which there is no market. The put price is representative of the fair market value of the stock. The purpose of the put option is to ensure that the Participants have the ability to ultimately obtain cash.

DIVERSIFICATION
Diversification is offered to Participants close to retirement so that they may have the opportunity to move part of their investment in Company common stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify portion of their account. Diversification is offered to each eligible Participant over a 6-year period. In each of the first 5 years, a Participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. The election to diversify is made subsequent to year-end based upon the share of employer stock in the Participant's account at year end. Since the effective date of the Plan is January 1, 2011, diversification is not applicable until the Plan year ending December 31, 2020.

FORFEITURES
Plan forfeitures are allocated to each Participant's account based upon the relation of the Participants' eligible compensation to total eligible compensation for the Plan year. Forfeitures allocated to Participants during the Plan years ended December 31, 2017 and 2016, totaled $285,661 and $40,495, respectively.

OPERATING EXPENSES
All expenses of maintaining the Plan are paid by the Company.

PLAN TERMINATION
The Company reserves the right to terminate the Plan at any time, subject to the Plan's provisions.

NOTES TO FINANCIAL STATEMENTS

2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with the U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

ALLOCATIONS

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining (a) the accounts of the employees with rights in allocated stock ("allocated") and (b) stock not yet allocated to employees ("unallocated"), including shares that are committed to being released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

INVESTMENT VALUATION AND INCOME RECOGNITION

The shares of Company Class B Convertible Preferred Stock are valued at estimated fair value. See separate note for a discussion of the fair value measurements. Divided income is accrued on the ex-dividend date. Purchases of sales and securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

SUBSEQUENT EVENTS

In accordance with ASC 855, the Company evaluated subsequent events through January 19, 2018, the date these financial statements were available to be issued.

On January 3, 2018 the U.S. Department of Labor ("DOL") notified the Plan that it had rejected the earlier Form 5500 Plan Annual Report ("Report") filing. The earlier October 14, 2017 filing of the Plan's Report had included a reasonable cause letter indicating that unexpected delays encountered prevented the timely submission of the Independent Auditor's Report with filing, which resulted in a filing deficiency. The Plan will most likely be able to cure this filing deficiency by filing a revised report satisfactory to the DOL within the required 45 days from the Notice of Rejection.

There were no additional material subsequent events that required recognition or additional disclosure in these financial statements.

3) INVESTMENTS

The Plan's investments at December 31, 2017 and 2016 are as follows:
Sponsor Company Class B Convertible Preferred Stock:

	2017		2016	
	Allocated	Unallocated	Allocated	Unallocated
Number of Shares	34,812.12	14,187.88	28,211.41	20,788.59

Fair Value	$ 8,596,854	$ 3,503,696	$ 6,478,751	$ 4,774,099

4) FAIR VALUE

The Company adopted Statement of Financial Accounting Standards ("SFAS") ASC 820 "Fair Value Measurements and Disclosures," for assets and liabilities measured at fair value on a recurring basis. The adoption of ASC 820 had no effect on the Company's financial statements. ASC 820 accomplishes the following key objectives:

Defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market Participants at the measurement date:

Establishes a three-level hierarchy (the "Valuation Hierarchy") for fair value measurements:

Requires consideration of the Company's creditworthiness when valuing liabilities; and

Expands disclosures about instruments measured at fair value.

The Valuation Hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. A financial instrument's categorization within the Valuation Hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The three levels of the Valuation Hierarchy and the distribution of the Company's financial assets within it are as follows:

Level 1 – inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

4) FAIR VALUE (continued)

Level 2 – inputs to the valuation methodology included quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurements.

Certain financial instruments are carried at cost on the balance sheet, which approximates fair value due to their short-term, highly liquid nature. These instruments include cash and cash equivalents, accounts receivable, and other liabilities. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	2017		2016	
	Level 3	Total	Level 3	Total
Investment in PTM Management Corp. CL B Convertible Preferred Stock	$ 12,100,550	$ 12,100,550	$ 11,252,850	$ 11,252,850
Total assets at fair value	$ 12,100,550	$ 12,100,550	$ 11,252,850	$ 11,252,850

4) FAIR VALUE (continued)

Changes in Fair Value of Level 3 Assets and Related Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2017:

	Level 3 Assets Year Ended December 31, 2017
	Investment in PTM Management CL B Convertible Preferred Stock
Balance, beginning of year	$ 11,252,850
Realized gains/losses	0
Unrealized appreciation (depreciation) in estimated fair value	847,700
Balance, end of year	$ 12,100,550
The amount of total gains or losses for the period included in changes in net assets attributable to the change in unrealized gains or losses relating to assets still held at the reporting date.	$ 847,700

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

Following is a description of the valuation methodologies used for assets measure at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

PTM MANAGEMENT CORP.
EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

4) FAIR VALUE (continued)

PTM Management Corporation's Class B Convertible Preferred Stock held by the Plan is reported at fair value based upon appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years as illustrated in the following table.

Instrument	*Fair Value*	*Principal Valuation Technique*	*Unobservable Inputs*
PTM Management Corp. CL B Convertible Preferred Stock	$12,100,550	Income	EBITDA Net income Weighted average cost of capital Discount rate Discount for lack of marketability
		Market	Public comparables Revenue multiple EBITDA multiple Discount for lack of marketability

The valuation process involves the selection of an appraiser under contract for a term of three years with the right to cancel such contract at any time. Plan management accumulates the data for the appraiser from historical and projected financial information of the Company. The appraiser prepares a report of estimated per share value that a Participant will receive upon distribution.

The methods used may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market Participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5) NOTE PAYABLE

On August 22, 2012 the Plan entered into a $30,650,000 term loan agreement with the selling shareholders for the purchase of the Company's Class B Convertible Preferred Stock. Then on October 15, 2012, the note was refinanced with the Company of the selling shareholders. The borrowing is collateralized by the unallocated shares of Class B Convertible Preferred Stock and is guaranteed by The Company. Uncollected shares have not been pledged as collateral for the loan.

5) NOTE PAYABLE (continued)

Shares are released from collateral and allocated to Participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral, times the ratio of the current year payments divided by the total of this year's payments, plus all future years' principal and interest payments. This resulted in 6,600.7100 shares and 6,419.5071 shares being released and allocated for the Plan years ended December 31, 2017 and 2016 respectively.

The agreement provides for the loan to be repaid over 30 years. The note payable balances as of December 31, 2017 and 2016, were $7,937,160 and $11,210,804, respectively. The loan bears interest at 2.36%.

The scheduled amortization of the loan for the next five years is as follows: 2018- $1,248,432, 2019 - $448,432; 2020 - $448,432; 2021 - $448,432; 2022-$448,432 and $4,894,999 thereafter.

6) COMPANY DIVIDENDS

The Company paid a dividends to the ESOP of $1,900,000 and $2,758,500 during the years ended December 31, 2017 and 2016 respectively. A portion of the dividend on allocated shares and the prior year accrued employer contribution, totaling $2,400,000 and $1,765,500, was applied to debt service during the years ended December 31, 2017 and 2016 respectively. As required by the plan document, the current appraised value of shares returned to participant accounts in exchange for the use of such dividends was at least equal to the current value of such dividends.

7) RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

The Plan invests in Company Class B Convertible Preferred Stock and has indebtedness guaranteed by the Company. These are related party and party-in-interest transactions. As described in Note 1, the Plan has a number of service providers. Such parties are parties-in-interest under ERISA.

8) RISKS AND UNCERTAINTIES

The Plan investments consist primarily of the Company's Class B Convertible Preferred Stock, which is exposed to various risks such as interest rate, market, and credit risks associated with the investment in the Class B Convertible Preferred Stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the Class B Convertible Preferred Stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

PTM MANAGEMENT CORP.
EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

9) PLAN TERMINATION

The Company reserves the right to terminate the Plan at any time, subject to the Plan's provisions. Upon termination of the Plan, The Employee Benefits Administration Committee directs the Trustee to pay all liabilities and expenses of the ESOP and sell shares of financed preferred stock held as collateral to the extent it determines such sale to be necessary in order to repay the loan.
