Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note I, which was certified by The Standard Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of or for the year ended December 31, 2017, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Other Matter – 2016 Financial Statements

The financial statements of the Plan as of December 31, 2016, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by The Standard Insurance Company, the Custodian of the Plan. Their report, dated November 12, 2017, indicated that a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and b) the form and content of the information included in the financial statements other than that derived from the information certified by the Custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE A - DESCRIPTION OF THE PLAN

The following description of the FabCorp, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a prototype defined contribution 401(k) plan that provides retirement savings benefits to eligible employees of the Company through pre-tax voluntary contributions by employees and contributions by the Company. The Plan, which commenced effective January 1, 2005, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC"). The Plan was amended and restated effective January 1, 2015 to comply with the latest rules and regulations. Standard Insurance Company (the "Custodian") is the Custodian maintaining custody of all investments held by the Plan, maintaining the Plan's participant account balances, and providing recordkeeping services to the Plan. Among other duties, the Custodian receives contributions, holds and invests the fund assets in accordance with the directions of participants, and makes disbursements as directed by the Plan Administrator. Reliance Trust Company serves as the Plan Trustee. The Plan is administered by a 401(k) committee, which consists of employees of the Company.

Contributions

Qualified participants may elect to defer up to 70% of eligible compensation, subject to federal limitations. Participants who have attained age 50 before the end of the calendar year are eligible to defer an additional catch-up contribution. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investing of the contributions in any of the Plan's available investment options. Each year, the Company may contribute to the Plan, a percentage of its current profits before 401k Plan and profit sharing costs and income taxes at the option of the Company's board of directors. Each year, the Company makes safe harbor matching contribution equal to 100% of each participant's elective deferrals up to a maximum of 3% of eligible compensation plus 50% of each participant's elective deferrals up to the next 2% of eligible compensation. Effective October 1, 2016, the Plan was amended to suspend employer safe harbor contributions. For the plan year 2017, the Company did not make safe harbor matching or profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's discretionary profit sharing contributions, safe harbor contributions, Plan earnings, and forfeitures of terminated participants' nonvested accounts and charged with an allocation of any administrative expenses paid by the plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are immediately vested in their voluntary contributions, including rollover contributions, plus actual earnings thereon as based on years of continuous service. Vesting in the Company profit sharing contributions is based on years of continuous service as follows:

Years of Vesting Service	Vested Percentage
Less than one year	0%
One year	20%
Two years	40%
Three years	60%
Four years	80%
Five years	100%

Payment of Benefits

On termination of service due to death, disability, or retirement a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in annual installments over a ten year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account at the date of separation.

Forfeited Accounts

The Plan allows the Company to use forfeitures to pay Plan expenses, reduce the Company's employer contribution (other than those that must be fully vested when contributed such as safe harbor matching). At December 31, 2017 and 2016 there were no forfeited nonvested accounts.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Management has evaluated subsequent events through October 4, 2018, which is the date the financial statements were available to be issued. Management is of the opinion that there are no subsequent events to disclose.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in accordance accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of the Plan are paid by the Company and are therefore excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments. Administrative expenses of the Plan are allocated to participant accounts.

NOTE C - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying financial statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consists of quoted prices for similar assets in active markets, quoted prices for similar or identical assets in inactive markets, inputs other than quoted prices that are observable for the asset and inputs that are derived principally

NOTE C - FAIR VALUE MEASUREMENTS (continued)

from or corroborated by observable market data; Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of the investments.

Level 2 Fair Value Measurements

Separate account assets represent segregated funds held for the exclusive benefit of contract holders. The activities of the account primarily relate to participant-directed 401(k) contracts. Separate account assets are recorded at fair value on a recurring basis, with changes in fair value recorded to separate account liabilities. Separate account assets consist of mutual funds. The mutual funds' fair value is determined through Level 1 and Level 2 inputs. The majority of the separate account assets are valued using quoted prices in an active market with the remainder of the assets valued using quoted prices from an independent pricing service.

Level 3 Fair Value Measurements

The standard stable asset account is not actively traded and is valued using unobservable inputs.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

December 31, 2017	Fair Value	Quoted prices in active markets for identical assets (Level 1)	Other Observable Inputs (Level 2)	(Level 3)
Pooled separate account	$ 2,822,728	$ -	$ 2,822,728	$ -
Standard Stable Asset A	583,590	-		583,590
Total investments at fair valu	$ 3,406,318	$ -	$ 2,822,728	$ 583,590

December 31, 2016	Fair Value	Quoted prices in active markets for identical assets (Level 1)	Other Observable Inputs (Level 2)	(Level 3)
Pooled separate account	$ 2,578,180	$ -	$ 2,578,180	$ -
Standard Stable Asset A	664,295	-		664,295
Total investments at fair valu	$ 3,242,475	$ -	$ 2,578,180	$ 664,295

NOTE C - FAIR VALUE MEASUREMENTS (continued)

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2017, are reported in net appreciation in fair value of investments.

The following table reconciles the beginning and ending balances of the fair value measurements using unobservable inputs (Level 3) of the standard stable asset account for the years ended December 31, 2017 and 2016:

	Standard Stable Asset A	
	2017	2016
Balance, beginning of year	$ 664,295	$ 648,895
Contributions	8,678	15,116
Interest	11,826	11,541
Transfers, net	48,507	157,372
Withdrawals	(126,021)	(163,832)
Fees	(7,787)	(1,454)
Loans, net	(15,908)	(3,343)
Balance, end of year	$ 583,590	$ 664,295

If the contract had been discontinued as of December 31, 2017 a contract surrender charge and certain market value adjustments may have applied to the amount withdrawn for the Standard Stable Asset A. The market value adjustment was not included in the statement of changes in net assets available for benefits for the year ended December 31, 2017 because there were no plans to discontinue the contract. The Standard Stable Asset A is stated at contract value which approximates fair value.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into or out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2017, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE D – GROUP ANNUITY CONTRACT – STANDARD STABLE ASSET A

In 2013, the Plan entered into a group annuity contract with The Standard Insurance Company (TSIC). The contract offers a Standard Stable Asset Fund which is a fixed investment option with guaranteed interest rates. The contract also offers a Separate Account which is divided into a series of Investment Funds, which consist of mutual funds and other investments. The fixed account is an obligation of TSIC's general account. Plan assets invested in mutual funds are held in a separate account. Plan assets invested in the fixed account are held in TSIC's general account. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. TSIC is obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract adds interest daily to amounts held in the fixed account at a guaranteed annual rate no less than 1%.

NOTE D – GROUP ANNUITY CONTRACT – FIXED ACCOUNT (continued)

The Standard Stable Asset A is presented on the face of the statement of net assets available for benefits at contract value which approximates fair value. Contract value, as reported to the Plan by TSIC, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on an agreed-upon formula with the issuer, but it may not be less than 1%. Such interest rates are reviewed on an annual basis for resetting. For the plan years ended December 31, 2017 and 2016 the crediting rates were 1.82% and 1.76%, respectively.

Certain events might limit the ability of the Plan to transact at contract value with John Hancock. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation

A material amendment to the agreements without the consent of the issuer.

The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the Company may determine.

A general IRS opinion letter was issued on March 31, 2014 on the prototype agreement that was used for the Plan document.

NOTE F – INCOME TAX STATUS

The Plan sponsor did not request a separate determination letter from IRS. The plan has been amended since, however, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2014.

NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by The Standard Insurance Company (TSIC). Also, the standard stable asset account funds are in the general account of TSIC. TSIC is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $41,925 for the year ended December 31, 2017.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.
