To the 401k Committee of
White River Cooperative, Inc. 401k Plan
Loogootee, Indiana

Dear 401k Committee Members:

We have conducted a Department of Labor (DOL) limited-scope audit of the financial statements of White River Cooperative, Inc. 401k Plan (the "Plan") for the year ended December 31, 2017, and have issued our report thereon dated as of the date of this letter. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under auditing standards generally accepted in the United States of America, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated October 29, 2018. Professional standards also require that we communicate to you the following information related to our audit.

QUALITATIVE ASPECTS OF ACCOUNTING PRACTICES

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies were not changed during the year. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based upon management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The disclosures in the financial statements are neutral, consistent, and clear.

DIFFICULTIES ENCOUNTERED IN PERFORMING THE AUDIT

We encountered no significant difficulties in dealing with management in performing and completing our audit.

CORRECTED AND UNCORRECTED MISSTATEMENTS

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. We did not propose any audit adjustments to the Plan's financial statements.

DISAGREEMENTS WITH MANAGEMENT

For purposes of this letter, a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of the audit.

MANAGEMENT REPRESENTATIONS

We have requested certain representations from management that are included in the management representation letter dated as of the date of this letter.

MANAGEMENT CONSULTATIONS WITH OTHER INDEPENDENT ACCOUNTANTS

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

OTHER AUDIT FINDINGS OR ISSUES

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However,

these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

INTERNAL CONTROL MATTERS

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the Plan as of and for the year ended December 31, 2017, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA. Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the first two preceding paragraphs and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance that all such deficiencies have been identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in the Plan's internal control to be significant deficiencies:

Documentation

During our current year testing of loans, we noted that one participant out of ten tested in which the proper documentation was not retained for a loan on a principle residence. We also noted during our current year testing of distributions that one participant out of fifteen tested did not

have the proper documentation retained for a Qualified Domestic Relations Order ("QDRO") distribution. We recommend that Plan management work with the third party administrator (TPA) to ensure the proper documentation is kept to support all distributions and loans.

Proper Compensation

During our current year testing of contributions, we noted two participants out of fourteen tested in which employee deferral and employer match contributions were not properly calculated on manual checks. The participants affected were isolated to hourly individuals who received a manual check that was paid out without hours being submitted. The HR director manually calculated the compensation amount and payroll taxes, but neglected to withhold the proper deferral contributions, which in turn also resulted in an improper match contribution for those participants. We recommend that Plan management review current processes surrounding withholdings on manual payroll checks to ensure all eligible compensation is included and properly deferred upon. We understand that Plan management has already begun to work with the TPA to make all necessary corrections for this matter.

Loan withholding and remittances

During our current year testing of loans, we noted one participant out of ten tested in which the amount withheld from the participant did not agree to the amount remitted to the TPA for the participant's loan payments. The amount remitted for this participant's loan repayments was one payment shy of the amounts withheld from their paychecks. We recommend that Plan management implement a process to reconcile the amounts remitted to the TPA with payroll reports to ensure all loan withholdings are remitted to the TPA properly.

Improper vesting

During our current year testing of distributions, we noted three participants out of fifteen tested where the improper vesting percentage was used. The TPA did not include the final year of employment for each employee when calculating the participants' vesting calculations. Because of this omission, each of these employees were paid out at 20% less than what they should have received of their account balances. We recommend that Plan management work with the TPA to correct the distributions of these participants and determine if there are others with this same situation that need corrected. For any participants that are not fully vested at the time of their distribution, we also recommend that review procedures be put into place to ensure participants have received the proper credited years of service and are paid out at the proper vesting percentage.

OUR RECOMMENDATIONS FOR YOUR PLAN

During the course of an audit, we frequently become aware of matters which are opportunities to strengthen internal controls or improve operating efficiency or effectiveness. During the course of our 2017 audit, we have developed the following additional recommendation for your consideration.

CURRENT YEAR RECOMMENDATION

ERISA Bond Deductible

During our current year audit, we noted the ERISA bond held by the Plan sponsor requires a deductible be paid for any employee fraud and dishonesty claim related to the Plan. Under ERISA section 412, bonds must insure the Plan from the first dollar of loss up to the maximum amount for which the person causing the loss is required to be bonded. Therefore, bonds cannot have deductibles or similar features whereby a portion of the risk required to be covered by the bond is assumed by the Plan. We recommend the Plan sponsor contact the insurance company to have this deductible removed for all Plan claims in order for the Plan's bond coverage to satisfy ERISA.

This communication is intended solely for the information and use of management, the Board of Directors, and others within the Plan, and is not intended to be and should not be used by anyone other than these specified parties.

We appreciate this opportunity to be of service and extend our thanks to everyone at the Plan Sponsor for their cooperation and assistance. We would be pleased to discuss any of the above matters with you at your convenience.

Very truly yours,

Blue & Co., LLC
