### **Auditors' Responsibility**

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

### **Basis for Disclaimer of Opinion**

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by State Street Bank & Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of June 30, 2018 and 2017, and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

## **Disclaimer of Opinion**

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

# PROCTER & GAMBLE PUERTO RICO PENSION PLAN

## NOTES TO FINANCIAL STATEMENTS AS OF AND FOR THE YEARS ENDED JUNE 30, 2018 AND 2017

---

### 1. DESCRIPTION OF THE PLAN

The following description of the Procter & Gamble Puerto Rico Pension Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for more complete information.

**General** — The Plan is a defined benefit plan covering all eligible non-highly compensated employees of The Wella Corporation, a former subsidiary of The Procter & Gamble Company (collectively, the “Company”) and former participants of the Gillette Company Retirement Plan (the “Gillette Plan”) who reside in Puerto Rico. Employees of Sebastian International, Inc., which was merged into The Wella Corporation, are not eligible to participate in the Plan. Eligibility requirements and vesting provisions remain the same as in prior years for employees of The Wella Corporation. Former participants of the Gillette Plan and former Wella participants are 100% vested in the Plan. For Gillette Company employees, only employees who were eligible as of December 31, 2007, are eligible to participate in the Plan.

State Street Bank & Trust Company (the “Trustee”) serves as trustee of the Plan, and together with other investment managers, manages the Plan’s investments. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Procter & Gamble Master Retirement Trust (the “Master Trust”) was established pursuant to a trust agreement between the Company and the Trustee. The assets of the Master Trust are held by the Trustee.

**Vesting** — All participants are 100% vested.

**Pension Benefits** — The normal retirement date under the Plan is the first day of the month coinciding with the participant’s 65th birthday. The Plan permits early retirement at ages 55 through 64 with reduced retirement benefits, provided that five years of vesting service have been completed. The Plan also permits postponed retirement benefits for actively employed participants over normal retirement age, whereby these participants receive increased benefits attributable to their employment beyond normal retirement age. Participants receive their retirement benefit in the form of an annuity commencing on the participant’s retirement date. If the total retirement benefit is less than \$1,000, the participant will automatically receive a lump sum payment for such amount. If the total retirement benefit is equal to or more than \$1,000 but is less than or equal to \$5,000, a participant may elect a lump sum distribution. Special rules may apply if the participant was formerly a member of the Gillette Plan. Employees who were participants in the Plan prior to an amendment on December 28, 1975, have an option to receive a lump sum distribution related to the benefits accrued during the period of vested service under the old Plan. For employees of The Wella Corporation, the benefit payable is based on 1% of average compensation and the number of years of credited service. The average compensation is based on the thirty-six consecutive calendar months that produce the highest average of the ten years immediately preceding the date of termination or retirement, subject to IRS limits.

For a former participant of the Gillette Plan, benefits were frozen prior to their entry into the Plan. As such, the benefit payable is the amount payable as of December 31, 2007, under the Gillette Plan.

**Death Benefits** — A surviving beneficiary will receive the survivor portion, as defined in the Plan, payable on the date the participant would have been eligible to commence receiving benefits.

## 2. DESCRIPTION OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting** — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

**Use of Estimates** — The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits and changes therein at the date of the financial statements. Actual results could differ from those estimates.

**Risks and Uncertainties** — The Plan utilizes various investment instruments underlying the Plan's interest in the Master Trust including interest bearing cash and common collective trust funds. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

**Investment Valuation and Income Recognition** — The Plan's investment in the Master Trust at June 30, 2018 and 2017, is presented at fair value, which has been determined based on the fair value of the underlying investments of the Master Trust. Fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year on the underlying investments of the Master Trust.

Management fees and operating expenses charged for investments in common collective trust funds were deducted from income earned on a daily basis and were not separately reflected. Consequently, management fees and operating expenses were reflected as a reduction of investment return for such investments.

**Payment of Benefits** — Benefit payments to participants are recorded upon distribution.

**Administrative Expenses** — Fees charged by the Trustee for the management and investment of Plan assets, actuarial fees and routine administrative fees are paid by the Plan. All other expenses of the Plan are paid by the Company.

**New Accounting Standards** — In February 2017, the Financial Accounting Standards Board issued Accounting Standards Update No. 2017-06, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): Employee Benefit Plan Master Trust Reporting. The amendments in this ASU clarify presentation requirements for a plan's interest in a master trust and require more detailed disclosures of the plan's

interest in the master trust. The amendments also eliminate redundancy relating to 401(h) account disclosures. The new guidance is effective for fiscal years beginning after December 15, 2018; early adoption is permitted. The ASU is to be applied retrospectively to all periods presented in the plan's financial statements. The Plan has not yet adopted this ASU.

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework — Changes to the Disclosure Requirements for Fair Value Measurement. This ASU clarifies the fair value measurement disclosure requirements of ASC 820 by adding, eliminating, and modifying disclosures. The new guidance is effective for fiscal years beginning after December 15, 2019; early adoption is permitted. The Plan has not yet adopted this ASU.

**Subsequent Events** — For the year ended June 30, 2018, subsequent events were evaluated through March 26, 2019, the date the financial statements were available to be issued.

### 3. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. There are no Level 2 or Level 3 investments in this plan. Assets are valued in their entirety based on the lowest level of input that is significant to the fair value measurement.

**Asset Valuation Methodology** — Valuation methodologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2018 and 2017.

*Cash* — Held primarily in short-duration, highly liquid securities, which are value at cost plus accrued interest.

*Common Collective Trust Funds* — Valued at the net asset value of units of a bank collective trust. The net asset value is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Transactions (purchases and sales) may occur daily. Redemption for common collective trusts is permitted daily with no other restrictions or notice periods and there are no unfunded commitments. In accordance with GAAP, the common collective trust funds measured at net asset value have not been classified in the fair value hierarchy. The fair value amounts presented in the table below are intended to permit reconciliation to the investments presented in Note 6.

**Transfers Between Levels** — The Master Trust's policy and the Plan's policy is to recognize transfers between levels at the actual date of the event or change in circumstances that caused the transfer. The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended, June 30, 2018 and 2017, there were no transfers between levels.

The following table sets forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of June 30, 2018 and 2017:

|                                 | <b>Fair Value Measurements</b> |                         |

#### **4. FUNDING POLICY**

Contributions to provide benefits under the Plan are made solely by the Company. The Company's funding policy is to make cash contributions to the Plan in amounts as determined by the Plan's independent actuary. The Company has made minimum required contributions for the Plan for 2018. The Company met the minimum funding requirements of ERISA for the Plan for the year ended June 30, 2017. The Company elected to make contributions in excess of the minimum required for 2017.

#### **5. ACCUMULATED PLAN BENEFITS**

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the services rendered by employees as of the valuation date. Accumulated plan benefits include benefits expected to be paid to (1) retired or terminated employees or their beneficiaries, (2) beneficiaries of employees who have died, and (3) present employees or their beneficiaries. Benefits payable under all circumstances — retirement, death, disability and termination of employment — are included to the extent they are deemed attributable to employee service rendered prior to the valuation date. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The actuarial present value of accumulated plan benefits as of June 30, 2017, the measurement date, is as follows:

|                                                                | <b>2017</b>                 |
|----------------------------------------------------------------|-----------------------------|
| Vested benefits:                                               |                             |
| Participants and/or beneficiaries currently receiving benefits | \$ 7,508,723                |
| Other participants                                             | <u>4,634,727</u>            |
| Total vested benefits                                          | 12,143,450                  |
| Nonvested benefits                                             | <u>143,862</u>              |
| Total actuarial present value of accumulated plan benefits     | <u><u>\$ 12,287,312</u></u> |

The changes in the actuarial present value of the Plan's accumulated plan benefits for the year ended June 30, 2017, are as follows:

|                                                                            | <b>2017</b>                 |

| Actuarial (gains)/losses                                                   | 5,058                       |
| Interest due to the decrease in the discount period                        | 693,753                     |
| Benefits paid                                                              | (759,840)                   |

| Actuarial present value of accumulated plan benefits — end of period       | <u><u>\$ 12,287,312</u></u> |

The significant actuarial assumptions used in the June 30, 2017 and 2016, valuations were:

*Mortality* — 2017: The RP-2014 Healthy White Collar Mortality Tables with separate mortality rates for annuitants and non-annuitants rolled back to 2006 with MP-2014, then projected generationally using Scale MP-2016 was used for healthy lives.

2016: The RP-2014 Healthy White Collar Mortality Tables with separate mortality rates for annuitants and non-annuitants rolled back to 2006 with MP-2014, then projected generationally using Scale MP-2015.

*Retirement* — Active participants are assumed to retire at the following rates, provided they are eligible at such age:

| Age | Retirement Rates | Age | Retirement Rates |
|-----|------------------|-----|------------------|
| <55 | 0.0%             | 63  | 30.0%            |
| 55  | 10.0%            | 64  | 25.0%            |
| 56  | 10.0%            | 65  | 50.0%            |
| 57  | 15.0%            | 66  | 40.0%            |
| 58  | 15.0%            | 67  | 40.0%            |
| 59  | 15.0%            | 68  | 40.0%            |
| 60  | 20.0%            | 69  | 40.0%            |
| 61  | 20.0%            | 70  | 100.0%           |
| 62  | 35.0%            |     |                  |

*Interest Rate* — 5.75% per annum for 2017 and 2016.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue indefinitely. If the Plan were to be terminated, different actuarial assumptions and other factors would be applicable in determining the actuarial present value of accumulated plan benefits.

## 6. INTEREST IN MASTER TRUST

The Plan's investment assets are held in a trust account at the Trustee and consist of an undivided interest in an investment account of the Master Trust, a master trust established by the Company and administered by the Trustee. Use of the Master Trust permits the commingling of trust assets with the assets of The Procter & Gamble Master Retirement Plan and The Gillette Company Retirement Plan for Collectively-Bargained Employees for investment and administrative purposes. The Trustee maintains supporting records for the purpose of allocating the net gain or loss of the investment account to the participating plans. The net investment income/(loss) of the investment assets is allocated by the Trustee to each participating plan based on the relationship of the interest of each plan to the total of the interests of the participating plans.

The net assets and investments of the Master Trust at June 30, 2018 and 2017, are summarized as follows:

|                                                 | 2018                    | 2017                    |

## 7. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Company is a party-in-interest, as defined by ERISA. However, the administrative exemption provided under ERISA allows the Company to provide administrative services to the Plan. There were no fees paid by the Plan to the Company for administrative services for the years ended June 30, 2018 and 2017.

The Plan's investment in the Master Trust, as of June 30, 2018 and 2017, is managed by the Trustee as defined by the Plan and, therefore these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan to the Trustee for investment management services were \$5,252 and \$38,813 for the years ended June 30, 2018 and 2017, respectively.

## 8. FEDERAL INCOME TAX STATUS

The Plan is exempt from Puerto Rico income taxes under the provisions of the Puerto Rican Internal Revenue Code (the "PRIRC"), enacted on January 31, 2011. The 2011 PRIRC replaced the 1994 PRIRC, as amended. The 2011 PRIRC modified rules concerning contribution limits, coverage requirements, non-discrimination testing, and other matters. The 2011 PRIRC also provided for certain changes applicable to plans sponsored by entities under common control. These changes were effective for periods commencing after December 31, 2010, with certain additional requirements beginning January 1, 2012. Also, the Internal Revenue Service has determined and informed the Company by a letter dated June 27, 2017, that the Plan was designed in accordance with applicable requirements of the Internal Revenue Code (IRC). The Plan is subject to routine audits by taxing jurisdictions at any time. The Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the 2011 PRIRC and the IRC, and the Plan continues to be tax exempt. Therefore, no provision for income taxes has been reflected in the Plan's financial statements.

## 9. INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the unaudited information regarding the Plan as of June 30, 2018 and 2017, and for the years then ended, included in the Plan's financial statements that was prepared by or derived from information prepared by State Street Bank and Trust Company, the trustee of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Trustee that such information is complete and accurate.

## 10. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan is terminated, the net assets of the Plan will be allocated for payment of plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder, and the Plan documents.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested normal-age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain

limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

(i) The greater of:

(1) 2% of average annual compensation in highest 5 of last 10 years, multiplied by years of service up to 25;

(2) \$5,600 reduced by \$112 for each year of service under 25.

Retirement Income Plan as of 6/29/84, an additional benefit is provided equal to the excess, if any, of the updated benefit under The Cooper Laboratories Retirement Income Plan over the accrued benefit under The Cooper Laboratories Retirement Income Plan before such update. The formula for the additional annual benefit is equal to:

For employees of Parker Pen who were participants under the Parker Pen Pension Plan on December 31, 1995, an additional annual benefit is provided equal to the employee's accrued benefit as of December 31, 1995 calculated under the terms of the Parker Pen Pension Plan and based upon the individual's service and compensation as of such date.

For employees of Duracell who were participants under the Duracell Inc. Cash Balance Plan on December 31, 1998 and are eligible or are within five years of becoming eligible to retire, the amount of annual retirement pension is equal to the product of (i) and (ii):

- (i) Gillette Normal Pension Value
- (ii) Duracell Minimum Pension value divided by the lump sum actuarial equivalent of the Gillette Normal Pension Value, not less than 1.

The Duracell Minimum Pension Value is the product of a percentage (determined below) of the Participant's Average Annual Compensation multiplied by the number of his full years of credited service.

The percentage used in determining the Participant's Duracell

Minimum Pension Value shall be the sum of the following applicable percentages:

| Years of Service At January 1, 1999 | %     | Attained Age At January 1, 1999 | %    |
|-------------------------------------|-------|---------------------------------|------|
| Less than 17                        | 5.0%  | Under age 50                    | 3.0% |
| More than 16, but Less than 20      | 6.5%  | Over age 49, but under age 56   | 4.0% |

|                                     |       | Age 65 or older                 | 8.0% |

## SCHEDULE SB ATTACHMENTS

For employees of the following divisions, benefit service is credited from the later of the actual date of hire and the credited service date unless the employee is transferred from another division of the Gillette company in which case actual date of hire is used:

| Division             | Credited Service Date: |
|----------------------|------------------------|
| Duracell             | January 1, 1999        |
| Duracell Puerto Rico | May 1, 1997            |
| Parker Pen           | January 1, 1996        |
| Thermoscan           | November 13, 1995      |
| Oral-B               | June 29, 1984          |
| Jaffra               | February 28, 1973      |

### Early retirement

As computed in (i) and (ii) under the Normal retirement section above based on years of service and average annual compensation as of the employee's early retirement date. The benefit for the first 25 years of service is reduced for early commencement by the lesser of (i) 1/4% for each month by which the commencement precedes normal retirement date, or (ii) 1½% multiplied by the difference between 100 and the sum of the employee's age and service. At normal retirement date the benefit is recomputed to reduce this early retirement benefit by 75% of the employee's Social Security benefit under the Social Security Act as in effect on the employee's early retirement date and to take into account the Plan's minimum annual benefit.

### Postponed retirement

As computed under the Normal retirement section above based on years of service, average annual compensation, and the primary Social Security benefit as of the employee's normal retirement date

### Vested termination

Upon termination of employment after completion of 5 years of service, a vested benefit based upon the normal benefit formula, average annual compensation and service up to date of termination is payable commencing at normal retirement date. In these computations, the applicable minimum rule would apply and an estimated Social Security benefit would be taken into account. The applicable minimum is the projected normal retirement benefit (assuming participant worked until age 65), multiplied by a fraction, the numerator of which is the participant's credited service at termination date, and the denominator of which is the credited service the participant would have accrued had he continued employment and participation in the plan until age 65.

All participants affected by the plan freeze on December 31, 2007 became 100% vested in their benefits on that date.

### Disablement

As computed in (i) and (ii) under the Normal retirement section above based on average annual compensation and service as of date of disability, less 64% of the

employee's Social Security disability benefit; no reduction is applied to this benefit for commencement prior to normal retirement date.

### **Preretirement death**

In the event that any employee dies after 5 years of service and before his benefits commence, the surviving spouse or qualified domestic partner will be entitled to a benefit for life, payable at the date the employee would have been eligible to retire under the plan, or date of death if later. The benefit equals 50% of the employee's accrued benefit reduced for early commencement, reduced for joint and survivor option and under prior election further reduced for the joint and survivor option in excess of 50%.

### **Special termination benefits**

- (a) Eligibility: Participants who are terminated as part of a corporate restructuring or Change in Control.
- (b) Credited Service: Participants are granted additional benefit service based on their age and service.
- (c) Early Retirement: Participants who will be eligible for retirement within 5 years of the end of the salary continuation period are eligible for retirement benefits at their earliest retirement date.
- (d) Vesting Rights: Employees who have 4 or more years, but less than 5 years of vesting service at the end of the salary continuation period, are eligible for a vested rights pension under the plan. All participants affected by the plan freeze on December 31, 2007 became 100% vested in their benefits on that date.

## **Other Plan Provisions**

### **Optional Reduced Pension**

Provisions are made for employees to elect an option whereby the pension is reduced but is continued for the life of a designated beneficiary if such beneficiary survives the retired employee. In the event that an employee is married upon his date of retirement and does not elect another option, he will be considered to have elected a 50% joint and survivorship benefit with his spouse as beneficiary.

| <b>Statement by Enrolled Actuary</b><br>To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                                                                                                |                                                                                           |                                                                     |                            |                           |                                                                                                                                                                                                           |                                                                       |           |           |           |                                             |    |           |           |                                  |    |           |           |                |     |            |            |
