NOTE A – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of Keiser Corporation 401(k) Profit Sharing Plan (the Plan) are prepared on the accrual basis of accounting.

Investments held by a defined contribution Plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by Ascensus. See Note D for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of June 30, 2018 and 2017. If a participant ceases to make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits
Benefits are recorded when paid.

Administration Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Reclassifications
Certain 2017 amounts have been reclassified to conform to the 2018 presentation.

Management's Review of Subsequent Events
Management has evaluated subsequent events through March 25, 2019, the date the financial statements were available to be issued.

NOTE B – SUMMARY DESCRIPTION OF PLAN

The following description of the Keiser Corporation 401(k) Profit Sharing Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution 401(k) Profit Sharing Plan covering all full-time employees of Keiser Corporation and Team Keiser, Inc., who are age 18 or older and have completed 3 months of service for elective salary deferrals and have completed 1,000 hours of service for elective profit sharing contributions and elective matching contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions - Each year, participants may contribute a portion of pre-tax compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement Plans (rollover). The Company may make discretionary matching contributions and profit sharing contributions. The matching contribution for the year ended June 30, 2018 was 100% of the salary deferral up to 6% of compensation, which was calculated and contributed quarterly. The Company's matching contribution for 2018 was $152,759 and no profit sharing contribution was made. Contributions are subject to certain IRS limitations.

Investment options - Participants direct the investment of their account balances into various investment options offered by the Plan. Participants can change their investments at any time. The Plan currently offers various mutual funds as investment options for participants.

Participant accounts - Each participant's account is credited with the participant's contribution, allocations of the Company's matching contribution, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company discretionary matching and profit sharing contributions are based on years of continuous service. A participant is 100 percent vested after three years of credited service.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from, 4.25% to 9.25% as determined periodically by the Plan administrators. Principal and interest is paid ratably through payroll deductions. Generally, the term of the loan may not exceed five years.

Payment of benefits - On termination of service due to death, disability or retirement, a participant will receive a lump sum amount equal to the value of the participant's vested interest in their account. For termination of service for other reasons, a participant may receive the value of the vested interest in their account as a lump sum distribution. Assets allocated to participants who have terminated but have not withdrawn from the Plan as of June 30, 2018 total $307,890.

Forfeited accounts - At June 30, 2018 and 2017, forfeited non vested accounts totaled $1,091 and $208, respectively. These accounts will be used to pay administrative expenses of the Plan and then to reduce future employer contributions. In 2018, employer contributions were not reduced from forfeited non vested accounts.

NOTE C – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2018	2017
Investments, at fair value	$8,710,503	$7,640,757
Notes receivable from participants	57,260	44,365
Investment income:		
Net appreciation in fair value of investments	580,768	
Dividends and interest	342,664	
Interest income on notes receivable from participants	1,960	

NOTE D – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

NOTE D – FAIR VALUE MEASUREMENTS - *(Continued)*

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of June 30, 2018 and 2017:

		Total	Level 1	Level 2
June 30, 2018				
Mutual funds		$ 8,710,503	$ 8,710,503	-
	Total	$ 8,710,503	$ 8,710,503	$ -

		Total	Level 1	Level 2
June 30, 2017				
Mutual funds		$ 7,640,757	$ 7,640,757	-
	Total	$ 7,640,757	$ 7,640,757	$ -

NOTE E – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. As described in Note A, the Plan made direct payments to Ascensus, All Valley Administrators and two investment advisors totaling $31,986 for the year ended June 30, 2018, which were not covered by revenue sharing.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

NOTE G – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and the Department of Labor. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2018 and 2017 there are no significant uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by federal taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years ending prior to 2015.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
