Independent Auditor's Report

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Constellation School Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of June 30, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by American United Life Insurance Company, custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of and for the years ended June 30, 2018 and 2017, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held for investment purposes as of the year ended June 30, 2018 and the schedule of delinquent participant contributions are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF THE PLAN

The following summary description of the Constellation School Retirement Savings Plan (the “Plan”) is provided for general information purposes. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution 403(b) retirement plan which became effective July 1, 2008 for the purpose of providing supplemental retirement benefits to eligible employees, as defined in the Plan agreement. Employees are eligible to contribute to the plan via salary reduction on their date of employment. Employees working less than 20 hours per week are excluded. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan agreement, subject to Internal Revenue Code statutory limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other plans and IRA’s. There is no provision for employer contributions under the Plan. Because the employer is a ‘qualified organization’, participants who have completed at least 15 years of service with the employer is eligible to also make qualified organization catch-up contributions.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions into any of several investment funds. Participants may change their investment option allocations at any time.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocation of Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested 100% immediately in their contributions, plus earnings thereon.

Notes Receivable From Participants

Loans of up to 50% of a participant’s vested account, with a minimum of a \$1,000, not to exceed \$50,000, may be obtained from the Plan at the discretion of the Plan’s trustee. All loans are subject to the terms and conditions of the Plan.

Payments of Benefits

The participant benefit upon retirement, death, disability, or termination is the value of the participant’s account and is payable in a lump sum amount. Earlier distributions may be made from participant’s contributions to the extent necessary to meet financial hardship.

NOTES TO FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements consistent with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of June 30, 2018 or 2017.

Payment of Benefits

Benefits are recorded when paid.

Administration Expenses

All expenses of the Plan are paid by the Plan, except for plan audit fees. Plan record keeping and administration fees, investment advisory and asset management fees are all paid from plan assets. With the exception of certain participant specific fees, these fees are all netted from plan earnings on the statement of changes in net assets.

Investment management fees provided by the various investment fund companies associated with the plan were netted from fund earnings. Please see a prospectus for each fund to determine the net operating expense ratio of each fund.

Subsequent Events

Subsequent events have been evaluated through March 26, 2019, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at June 30, 2018 and 2017, and net appreciation in fair value of investments, interest and dividends for the years ended June 30, 2018 and 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by American United Life Insurance Company (the custodian of the Plan).

NOTE 4: INVESTMENTS

During 2018 and 2017, the plan's investments appreciated in fair value by \$19,055 and \$25,240, respectively.

NOTE 5: FAIR VALUE MEASUREMENTS

Generally accepted accounting principles include a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS

NOTE 5: FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2018 and 2017.

Guaranteed account: Valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes.

Pooled separate account: Valued at net asset value (NAV) per share based on quoted market prices of underlying investments. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. NAV is based on the value of underlying assets owned by the fund minus its liabilities and then divided by the number of shares outstanding. NAV is a quoted market price in an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2018 and 2017:

Assets at Fair Value as of June 30, 2018

- (a) This category includes funds that seek to achieve its objective through a mix of current income and capital appreciation as determined by the fund's investment subadvisor. It invests, under normal circumstances, at least 80% of the fund's investable assets in bonds. For purposes of this policy, bonds include all fixed-income securities, other than preferred stock, with a maturity at date of issue of greater than one year. The fund may invest up to 30% of its investable assets in high risk, below investment grade securities having a rating of not lower than CCC. It may invest up to 30% of its investable assets in foreign debt.

CONSTELLATION SCHOOL
RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 5: FAIR VALUE MEASUREMENTS (Continued)

- (b) This category includes funds that pursues its investment objective by investing primarily in a diversified portfolio of noninvestment-grade, fixed income securities of domestic and foreign corporations (also known as "junk bonds") including loan instruments. The fund's investment adviser ("Adviser") selects securities that the advisor believes have attractive risk-return characteristics. The Adviser's securities selection process includes an analysis of the issuer's financial condition, business and product strength, competitive position and management expertise.
- (c) This category includes funds that seek to provide growth of capital primarily through investments in common stocks and seeks to invest in companies that appear to offer superior opportunities for growth of capital. Current income is a secondary consideration. Shares are represented by large, financially established "blue chip" companies with a market cap of over \$10 billion. Risk and return are typically moderate to high.
- (d) This category includes funds that seeks long-term capital growth by investing primarily in common stocks of small companies. Under normal market conditions, the fund will invest at least 80% of its net assets in stocks of smaller-capitalization U.S. companies. The portfolio managers consider small companies to be those that, at the time of investment, have a market capitalization not greater than that of the largest company in the Russell 2000® Index.
- (e) This category includes funds that seeks capital growth. The fund invests primarily in securities of companies located in at least three developed countries world-wide (excluding the United States). Under normal market conditions, the fund's portfolio managers seek securities of companies whose earnings, revenues or key business fundamentals are not only growing, but growing at an accelerating pace.
- (f) This category includes funds that seeks the highest total return consistent with its asset mix. The fund is a "fund of funds," meaning that it seeks to achieve its objective by investing in other mutual funds (the underlying funds) that represent a variety of asset classes and investment styles. The target date in the fund name refers to the approximate year an investor plans to retire and likely would stop making new investments in the fund.

CONSTELLATION SCHOOL
RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 6: GUARANTEED INVESTMENT CONTRACT WITH AMERICAN UNITED LIFE INSURANCE COMPANY

In 2008, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with American United Life Insurance Company totaling \$12,848 for 2018 and \$11,389 for 2017. American United Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than one percent. The crediting rate is reviewed on a quarterly basis of resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by American United Life Insurance Company represents contributions made under the contract, plus earnings less participant withdrawals and administrative expenses. Participants may ordinarily direct withdrawals or transfers of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract. The Plan administrator believes that no events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTES TO FINANCIAL STATEMENTS

NOTE 7: PARTY-IN-INTEREST

American United Life Insurance Company provides the plan services such as participant record keeping, plan administration and investment management. Fees for these services are paid from plan assets. These transactions qualify as party-in-interest transactions.

NOTE 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the School has the right under the terms of the Plan to discontinue the plan's operations at any time and terminate the Plan subject to the provisions of ERISA.

NOTE 9: TAX STATUS OF THE PLAN

The Plan has a formal written plan document in place. The Internal Revenue Service has not yet established the program for the formal review and approval of pre-approved plan documents for 403(b) plans, therefore, no opinion or advisory letter is currently available for the plan. The School believes that the Plan is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require management of an organization to evaluate tax positions taken by the organization and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10: RISKS AND UNCERTAINTIES

The Plan allows investments in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
