Report of Independent Auditors

To the Trustees of
Pacific Northwest University of Health Sciences Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Pacific Northwest University of Health Sciences Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of June 30, 2018 (in liquidation) and 2017 (in liquidation), and the related statement of changes in net assets available for benefits for the year ended June 30, 2018 (in liquidation), and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Capital Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of June 30, 2017 and 2018, and for the year ended June 30, 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, the Trustees of Pacific Northwest University of Health Sciences approved termination of the Plan. As a result, in accordance with accounting principles generally accepted in the United States of America, the Plan uses the liquidation basis of accounting for the plan years ended June 30, 2017 and 2018. Our disclaimer of opinion is not affected with respect to this matter.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Pacific Northwest University of Health Sciences Retirement Plan

Notes to Financial Statements

Note 1 – Description of Plan

The following description of the Pacific Northwest University of Health Sciences Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a 401(a) profit sharing plan covering substantially all non-excludable employees of Pacific Northwest University of Health Sciences, and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Pacific Northwest University of Health Sciences (the University) is the Plan's sponsor and serves as plan administrator.

Plan termination – Effective June 30, 2017, the Trustees of the Plan approved a resolution and an amendment to terminate the Plan effective June 30, 2017. At that time all participants became 100% vested. The termination amendment gives all participants the right to receive a lump sum distribution. The plan was fully liquidated as of June 30, 2018.

Eligibility – Employees of the University, except for union employees, nonresident aliens, and adjunct employees, were eligible to participate in the Plan upon reaching age 21 and after completing six months of service in which at least 500 hours were worked. Participants who were employed on the last day of the plan year received an allocation of the profit sharing contribution if 1,000 hours of service had been completed during the plan year. Prior to plan termination, participants who terminated employment before the last day of the plan year received an allocation of the profit sharing contribution if more than 1,000 hours of service had been completed during the plan year.

Contributions

Participant contributions – The only participant contributions allowed, before the termination date, were rollover contributions from other retirement plans and certain individual retirement accounts.

Employer profit sharing contributions – Prior to the termination date, the University could elect to make discretionary profit sharing contributions to the Plan. Profit sharing contributions were allocated to participants in the same proportion as a participant's compensation bore to the total of all participants' compensation. There were no profit sharing contributions for the year ended June 30, 2018.

Contributions were subject to regulatory limitations.

Participant accounts – Each participant's account was credited with their allocation of the University's profit sharing contributions and Plan earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account. Participants directed the investment of their contributions into various investment options offered by the Plan.

Pacific Northwest University of Health Sciences Retirement Plan

Notes to Financial Statements

Note 1 – Description of Plan (continued)

Vesting – Participants were vested immediately in their contributions plus actual earnings thereon. Vesting in the University's contribution to their accounts, prior to the plan termination, was based on years of continuous service. Effective July 1, 2017, participants became fully vested in the University's contributions.

Notes receivable from participants – Loans were not permitted.

Payment of benefits – On termination of service due to death, disability, or retirement, a participant whose vested account balance exceeds \$5,000 could elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installments but only with respect to minimum required distributions. If the vested account balance did not exceed \$5,000 then the vested account balance could only be distributed in a single lump-sum payment.

Forfeitures – Forfeitures were the nonvested portion of a participant's account that was lost upon termination of employment. Forfeitures were retained in the Plan, must be used in the subsequent year, and were used to pay plan expenses or reduce future University contributions. As of June 30, 2018 and 2017, forfeited nonvested accounts totaled \$0 and \$65,405, respectively. For the year ended June 30, 2017, University profit sharing contributions were reduced by \$65,405 from forfeited nonvested accounts.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the liquidation basis of accounting as of June 30, 2018 and 2017, and for the year ended June 30, 2018. No significant adjustment to assets values was required as a result of reporting on the liquidation basis.

Use of estimates – The preparation of financial statements in accordance with generally accepted accounting principles required the use of estimates and assumptions that might have affected certain amounts and disclosures. Accordingly, actual results could have differed from those estimates.

Investment valuation – The investments were reported at fair value, which approximates liquidation value. The Plan's trustee, Capital Bank and Trust Company, certifies the fair market value of all investments. If available, quoted market prices were used to value investments.

Fair value was the price that would be received to sell an asset or paid to transfer a liability (the exit price) in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities were recorded on a trade-date basis. Dividends were recorded on the ex-dividend date. The net appreciation in fair value of investments consisted of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Pacific Northwest University of Health Sciences Retirement Plan

Notes to Financial Statements

Note 2 – Summary of Significant Accounting Policies (continued)

Payment of benefits – Benefits were recorded when paid.

Expenses – Certain expenses of maintaining the Plan were paid directly by the University and were excluded from these financial statements. Investment related expenses were included in net appreciation in fair value of investments.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through April 8, 2019, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Pacific Northwest University of Health Sciences Retirement Plan

Notes to Financial Statements

Note 3 – Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy was based on the lowest level of any input that was significant to the fair value measurement. Valuation techniques maximized the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at June 30, 2018 and 2017.

Registered investment companies (mutual funds) – Valued at the daily closing price as reported by the fund. These funds were required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan were deemed to be actively traded. Mutual funds held by the Plan were open-end mutual funds that were registered with the U.S. Securities and Exchange Commission.

The following table discloses the fair value hierarchy of the Plan's assets by level as of June 30, 2018 and 2017:

Fair Value Measurement at June 30, 2018				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ -	\$ -	\$ -	\$ -

Note 4 – Tax Status

The plan document is a prototype non-standardized profit sharing plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Trustees believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Trustees have evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Pacific Northwest University of Health Sciences Retirement Plan

Notes to Financial Statements

Note 5 – Information Certified by the Trustee

The plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust Company, the trustee of the Plan, certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of June 30, 2018 (in liquidation) and 2017 (in liquidation).
- Net appreciation in fair value of investments and dividends reflected on the accompanying statement of changes in net assets available for benefits for the year ended June 30, 2018.

Note 6 – Party-In-Interest Transactions

Certain Plan investments were managed by Capital Bank and Trust Company. Capital Bank and Trust Company was the trustee of the Plan and an affiliate of American Funds and, therefore, transactions with these entities qualified as exempt party-in-interest transactions.
