Coleman Professional Services Employees' Pension Plan

Notes to Financial Statements

June 30, 2018 and 2017

Note 1 - Plan Description

The following description of Coleman Professional Services Employees' Pension Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Coleman Professional Services, Inc. (the "Organization") who have completed one year of employment, defined as 1,000 hours in a consecutive 12-month period, and are age 21 or older. The Plan is subject to Section 401(a) of the Internal Revenue Code and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Organization contributes an amount equal to 3 percent of the eligible compensation of each active participant during the plan year. Once eligible to participate, participants must be employed on the last day of the plan year and have at least 500 hours of service during the plan year to have a contribution allocated to their accounts. Participants who die, become permanently disabled, or retire during the year are entitled to a contribution. The Organization's funding policy is to contribute 3 percent of eligible participants' plan year compensation, net of forfeitures.

Participants who perform services for the federally funded Customs Border Patrol earn a 3 percent prevailing wage contribution in place of the regular employer contribution. The prevailing wage contribution is not subject to any age or service requirements.

Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. Contributions are subject to certain limits established by the Internal Revenue Code.

Participant Accounts

Each participant's account is credited with allocations of the Organization's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Vesting in the Organization's contributions, plus earnings thereon, are based on years of service. A participant is 100 percent vested in the employer contribution after six years of credited service. Participants are automatically 100 percent vested upon death, disability, or upon reaching the normal retirement age of 59½ years with five years of service. Participants who perform services for the federally funded Customs Border Patrol are immediately 100 percent vested in all contributions.

Benefit Payments

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or various installment annuities. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In-service withdrawals are permitted upon reaching normal retirement age.

Forfeitures

If a participant is not fully vested on his or her termination or disbursement date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future employer contributions to the Plan.

The plan used \$19,327 for the year ended June 30, 2018 to reduce employer contributions.

June 30, 2018 and 2017

Note 1 - Plan Description (Continued)

Party-in-interest Transactions

Certain plan assets are in investment funds managed by American United Life Insurance Company or its affiliates. American United Life Insurance Company is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value, except as noted below. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

The fully benefit responsive unallocated contract is valued at contract value. Contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Organization.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including April 3, 2019, which is the date the financial statements were available to be issued.

Coleman Professional Services Employees' Pension Plan

Notes to Financial Statements

June 30, 2018 and 2017

Note 3 - Unaudited Information

American United Life Insurance Company (the "Custodian") holds the Plan's investments and executes all related transactions. The investment balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Custodian.

Note 4 - Tax Status

The Plan, as adopted, is a volume submitter plan, which does not require an application for a determination letter from the Internal Revenue Service (IRS). The volume submitter plan has received a favorable notification letter from the IRS dated March 31, 2014. The Plan has not individually sought its own determination letter.

Note 5 - Fair Value Measurements

The following valuation methodologies have been used to value the Plan's investments:

Pooled Separate Accounts

The pooled separate accounts are valued at net asset value per share or its equivalent of the funds, which is based on the fair value of the funds' net underlying assets. There are no redemption restrictions or unfunded commitments on these investments.

Investments in pooled separate accounts measured at net asset value (NAV) at June 30, 2018 and 2017 were as follows:

	2018	2017
Equity investments (1)	\$ 3,392,046	\$ 2,789,305
Fixed-income investments (2)	78,094	74,286
Balanced investments (3)	679,014	685,081
Retirement year-based investments (3)	1,623,402	1,256,785
Short-term investments (4)	-	222,850
Total	<u>\$ 5,772,556</u>	<u>\$ 5,028,307</u>

- (1) This class represents investments in actively managed pooled separate accounts that invest primarily in equity securities, which may include common stocks, options, and futures.
- (2) This class represents investments in an actively managed pooled separate account that invests in a variety of fixed-income investments, which may include corporate bonds, both U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.
- (3) This class represents investments in actively managed pooled separate accounts with investments in both equity and debt securities. The investments may include common stock, corporate bonds, U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.
- (4) This class represents investments in an actively managed pooled separate account that invests primarily in fixed-income securities, including, but not limited to, bonds, notes, or other investments, such as government securities, commercial paper, certificates of deposit, master notes, or variable amount notes, with the objective of providing high-current income consistent with the preservation of capital and the maintenance of liquidity.

There were no unfunded commitments or redemption restrictions on the investments described above.

June 30, 2018 and 2017

Note 6 - Unallocated Contract

The Plan has a benefit-responsive unallocated contract with American United Life Insurance Company (AUL). AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest is credited on contract balances based on an agreed-upon formula with the issuer. Interest crediting rates are reviewed on a quarterly basis for resetting, but may not be less than 4 percent. When establishing interest crediting rates for this product, AUL considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account.

Certain events limit the ability of the Plan to transact at contract value with the insurance company. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (iii) bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that the occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants, is not probable. There are no events that allow the issuer to terminate the contract and that require the plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
