NOTES TO FINANCIAL STATEMENTS
June 1, 2018 and December 31, 2017

A. DESCRIPTION OF PLAN

The following description of the Crown Optical 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General Information

The Plan, established on January 1, 1999, is a defined contribution plan sponsored by NuCrown, Inc. (the “Company”). This plan has been amended and restated effective January 1, 2016 to reflect its status as a multiple-employer plan. The Plan offers participation to employees of NuCrown, Inc., and Advanced Surgery Center, LLC, who meet the eligibility provisions of the Plan. The eligibility provisions set forth in the Plan satisfy the requirements of a Section 401(k) plan under the Internal Revenue Code. The Company has been designated as Plan Administrator.

In October 2016, NuCrown, Inc. sold Opti-Port, LLC. Employees of Opti-Port, LLC had their funds rolled over to another qualified plan in July 2017. The funds transferred from the Plan totaled \$272,952.

On June 1, 2018, the Plan merged into the Acuity Eyecare Holdings 401(k) Plan. As a result, all investments were transferred from the Plan into the Acuity Eyecare Holdings 401(k) Plan.

Eligible Employees

The Plan covers all employees of the Company except leased employees or employees hired as O.D. or M.D. or who have fulfilled the educational requirements to become O.D. or M.D. An employee becomes eligible if they have completed six months of service and have attained age 21. Participants may enter the plan on the first entry date following the date requirements have been met. Entry dates are the first day of each quarter.

Contributions

Participants who choose to contribute to the Plan may contribute up to 100% of their annual compensation to the Plan, not to exceed certain dollar limits set by law. The participants may increase or decrease the amount of their contribution at the beginning of each calendar quarter. The participants are permitted to rollover into the Plan distributions they have received from other plans.

The Plan provides for discretionary matching employer contributions. During the periods ended June 1, 2018 and December 31, 2017 the Company made matching contributions of 25% of the employees first 4% deferred compensation for the plan period. The Company contributed \$16,366 and \$34,987 for the periods ended June 1, 2018 and December 31, 2017, respectively. Forfeited non-vested accounts are used to reduce future employer contributions. As of the periods ended June 1, 2018 and December 31, 2017, forfeited non-vested accounts totaled \$0 and \$6,191, respectively.

A. **DESCRIPTION OF PLAN** (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participant contributions are fully vested at all times. The Plan provides for vesting of the Company's matching contributions at a rate of 20% per year after the first year of service, becoming fully vested at six years of service.

Payment of Benefits

Retiring participants, participants leaving the employment of the Company due to disabling illness or injury, and participants whose employment is terminated prior to retirement, disability, or death will receive the vested balance in their individual account in a lump sum payment or in approximate equal annual or monthly installments over a period of time based upon the written election of the participant for participants' accounts. Upon death, a participant's account will be distributed to the designated beneficiary at their election in the manner described above. The full current value of all contributions is normally payable in a lump sum distribution upon reaching the normal retirement date (the first day of the month coinciding with or next following the day on which the participant reaches 65 years of age). The participant may postpone retirement for Plan purposes beyond the normal retirement date.

Participants are allowed to make withdrawals in the event of immediate and extreme financial needs when they have no other resources available. The Plan Document defines hardship as building or purchasing a primary residence; college expenses for the participant or their immediate family; payments for burial or funeral expenses for deceased parent, spouse, children, or dependents; certain expenses relating to the repair of damage to the employee's primary residence; extraordinary medical expenses; or to prevent eviction from a primary residence. Withdrawals made prior to age 59 ½ will incur an additional 10% tax penalty during the year in which they are withdrawn. The Plan Document also requires the participant to cease contributions for 6 months following the withdrawal.

B. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis. The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All investments are participant directed. The Plan's investments are stated at fair value based upon quoted market prices. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. All Plan investments are participant directed.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

In preparing these financial statements, the Plan management has evaluated events and transactions for potential recognition or disclosure through April 11, 2019, the date the financial statements were available to be issued.

C. FAIR VALUE OF MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at the fair value. There have been no changes in the methodologies used at June 1, 2018 and December 31, 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 1, 2018 and 2017:

D. UNAUDITED INFORMATION CERTIFIED BY THE PLAN TRUSTEE

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at June 1, 2018 and December 31, 2017, and net appreciation in fair value of investments, interest and dividends for the period ended June 1, 2018, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Capital Bank and Trust Company (the trustee of the Plan).

The Plan's investments are held by bank-administered mutual funds. Financial information relating to those investments is included in the accompanying financial statements based on information provided by the trustee. That information has not been examined by independent auditors.

E. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments are managed by Capital Bank and Trust Company. Capital Bank and Trust Company is the trustee and record-keeper for the Plan and therefore these transactions qualify as party in interest transactions. During the periods ended June 1, 2018 and December 31, 2017, the Company paid the expenses of the Plan except for certain investment fees. Certain Plan investments are shares of mutual funds managed by Capital Bank and Trust Company. Capital Bank and Trust Company is the plan custodian as defined by the Plan and, therefore, the investment transactions with Capital Bank and Trust Company qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

(Continued)

F. PLAN TERMINATION

The Company transferred the assets of the plan to a qualified plan of the Company's parent company in June of 2018. The funds transferred from the plan totaled \$2,741,524, including forfeitures transferred of \$1,500. Participant benefits are substantially the same as the current plan benefits.

G. TAX STATUS OF PLAN

The Internal Revenue Service has determined and informed the Company by a letter dated March 16, 2004, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

H. RISKS AND UNCERTAINTIES

The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.
