DIRECTION'S 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2018 AND 2017

NOTE 1 - DESCRIPTION OF PLAN

The following description of Direction's 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General - Directions for Youth and Families, Inc. (the Company) established the Direction's 403(b) Plan effective July 1, 2004. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions - The Plan is a defined contribution plan. Employees age 21 or older who have attained six months of service are eligible to participate. Participants may contribute a percentage of their annual compensation or a dollar amount, provided that such contribution does not exceed the IRS prescribed limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catchup contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may make a discretionary nonelective contribution. Such contributions are allocated to all eligible participants who have attained six months of service and 21 years of age, as a uniform percentage of the participant's compensation. The Company's discretionary nonelective contribution to all eligible employees was 2% for the year ended June 30, 2018.

Participant Accounts - Each eligible participant's account is credited with the participant's and the Company's contributions and allocations of plan earnings. Plan earnings are allocated based on the ratio of each participant's account balance to the total of all participants' account balances in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options - Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and one stable value asset fund as investment options for participants.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after two years of credited service.

Plan Loans - Plan loans were issued directly from funds owned by MetLife and not directly from a participant's account. As such, these loans were not the Plan's assets. In order to receive a Plan loan, a participant was required to reserve 125% of his/her loan balance to serve as collateral in the event of default. The loan principal and interest payments were paid directly to MetLife. During the year ended June 30, 2018, the Plan transferred plan assets from MetLife to Principal. Principal does not allow for plan loans. Outstanding collateralized Plan loans totaled approximately $6,200 at June 30, 2017.

Payment of Benefits - On termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or periodic payments as requested. Participants may also withdraw their vested amounts in the Plan under certain hardship conditions, as defined in the plan document.

Forfeited Accounts - Forfeited amounts are used to reduce future employer contributions. In 2018 and 2017, no forfeitures were used to reduce employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by the Plan's management in the preparation of the accompanying financial statements follows:

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments, with the exception of the fully benefit responsive stable value asset funds which was held by Metlife, are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The stable value asset funds held by MetLife were stated at contract value, which is the most relevant measurement attribute. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Plan management determines the Plan's valuation policies utilizing information provided by the custodians. See Note 4 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits to participants are recorded when paid.

Administrative Costs - The Plan's administrative expenses and management fees for the trust account are primarily paid by the Company. Certain fees may be paid by the Plan as they are allocated directly to the participant responsible for the expense.

Subsequent Events - The Plan has evaluated subsequent events through April 12, 2019, the date the financial statements were available to be issued.

NOTE 3 - CERTIFICATIONS

The Plan administrator has received certification from Principal, MetLife and Voya, the main custodians of the Plan's assets, as to the completeness and accuracy of the investments and related investment income. Such information includes the composition and current value of the investments reported in the statements of net assets available for benefits and the related investment income reported in the statement of changes in net assets available for benefits.

NOTE 4 - FAIR VALUE MEASUREMENT

Financial accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

> Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
>
> Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.
>
> If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
>
> Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2018 and 2017.

> *Mutual Funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
>
> *Stable Value Asset Funds:* Valued at fair value by determining the payout based on the current average credited rate, then discounting the related cash flows based on the credited rate available for new deposits into the fixed accounts of the funds. In addition, the new deposit credited rate is adjusted to cover certain expenses. In determining the reasonableness of the methodology, Plan management evaluates a variety of factors, including review of existing contracts, economic conditions, industry and market developments and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date), whereas others are substantiated utilizing available market data (for example, swap curve rate).

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2018 and 2017:

	Assets at Fair Value as of June 30, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,224,400	-	-	$ 2,224,400
Stable value asset fund	-	-	$ 10,442	10,442
Total Assets At Fair Value	$ 2,224,400	-	$ 10,442	$ 2,234,842

	Assets at Fair Value as of June 30, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,707,554	-	-	$ 1,707,554
Stable value asset fund	-	-	$ 10,154	10,154
Total Assets At Fair Value	$ 1,707,554	-	$ 10,154	$ 1,717,708

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended June 30, 2018:

Level 3 Assets	Stable Value Asset Fund
Balance, June 30, 2017	$ 10,154
Purchases	-
Sales	(15)
Interest income	303
Balance, June 30, 2018	$ 10,442

The following table represents the Plan's Level 3 assets, the valuation techniques used to measure the fair value of those assets, and the significant unobservable inputs and the ranges of values for those inputs:

Type	Fair Value	Valuation Techniques	Significant Unobservable Inputs	Range
Stable Value Asset Fund	$ 10,442	Discounted cash flow	Crediting interest rates	Average yield of 3.00% Over 5 years

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer and certain others. At June 30, 2018 and 2017, the Plan holds all investment interests in various mutual funds and stable value asset funds, of which MetLife, Principal, Voya and American Funds are the custodians. Accordingly, the Plan's investments in these funds qualify as party-in-interest transactions.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 - TAX STATUS

The Plan was established under Section 403(b) of the Internal Revenue Code (IRC). At this time, the Internal Revenue Service (IRS) has not established a process for issuing determination and opinion letters for 403(b) plans. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to tax examinations for years prior to 2015.

NOTE 8 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
