### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

### **Basis for Disclaimer of Opinion**

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplementary schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the custodian is complete and accurate.

### **Disclaimer of Opinion**

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

**Other Matter**

The supplementary schedule of assets held for investment purposes at end of year is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplementary schedule referred to above.

**Report on Form and Content in Compliance with DOL Rules and Regulations**

The form and content of the information included in the financial statements and supplementary schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

## **Wright State Physicians, Inc. 403(b) Annuity Plan**

### **Notes to Financial Statements**

**December 31, 2017 and 2016**

---

#### **1. Description of the Plan**

The following description of the Wright State Physicians, Inc. 403(b) Annuity Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

##### General

The Plan is a defined contribution plan covering all employees of Wright State Physicians, Inc. (the Organization). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

##### Contributions

Participants may contribute an elected percentage of eligible compensation to the Plan on a pre-tax basis through payroll deductions as permitted by the Internal Revenue Code. Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation.

##### Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of Plan earnings and plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

##### Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

##### Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500, up to a maximum equal to 50% of their account balance. These transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Note receivable terms can be up to five years, and up to ten years if used for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at prime plus 1%. Principal and interest are paid ratably through payroll deductions.

##### Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of his or her account or annual installments.

##### Investments

Upon enrollment in the Plan, participants may direct their contributions in various investment options. Participants may change their investment options daily. Investment options are diversified in conformity with the ERISA diversification requirement. Except for the Fidelity Retirement Money Market Portfolio, there is no guarantee of principal or earnings when participating in these funds.

### **Notes to Financial Statements**

**December 31, 2017 and 2016**

---

## **2. Summary of Significant Accounting Policies**

### Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

### Investment Valuation and Income Recognition

Investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as deemed distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

### Payment of Expenses

The Organization is authorized but not required to reimburse the Plan for all expenses and fees incurred in the administration of the Plan. Such expenses shall include, but not be limited to, fees for professional services, printing and postage. The Company elected to pay a portion of the administrative fees incurred during the years ended December 31, 2017 and 2016.

### Payment of Benefits

Benefits are recorded when paid.

## **3. Plan Termination**

Although it has not expressed any intent to do so, the Organization has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the custodian will make payment to each employee participant (or the beneficiary of a deceased employee participant) of their respective interest in the Plan.

## **Wright State Physicians, Inc. 403(b) Annuity Plan**

### **Notes to Financial Statements**

**December 31, 2017 and 2016**

---

#### **4. Tax Status**

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (Code). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

#### **5. Certified Investments**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplementary schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in value of investments, interest and dividends for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (the custodian of the Plan).

#### **6. Party-In-Interest**

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rule.

#### **7. Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access.
- Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as;
  - Quoted prices for similar assets or liabilities in active markets
  - Quoted prices for identical or similar assets or liabilities in inactive markets
  - Inputs other than quoted prices that are observable for the asset or liability
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other meansIf the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

#### 7. Fair Value Measurements (Continued)

The following is a description of the valuation methodologies the Plan used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Registered investment companies (Mutual funds): Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market account: Valued at the daily closing price as reported by the fund. The money market fund is an open-end mutual fund that is registered with the Securities and Exchange Commission. This fund is required to publish its daily net asset value (NAV) and to transact at that price. The money market is deemed to be actively traded.

Fair values of assets measured on a recurring basis at December 31, 2017 are as follows:

|                                 | Level 1             | Level 2     | Level 3     | Total               |

#### 8. Risks and Uncertainties

The Plan provides for various investment options in a combination of various funds. These investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

#### 9. Subsequent Events

Management evaluated the activity of the Plan through October 11, 2018 (the date the financial statements were available to be issued) and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

**Subject:** RE: Final update on benefit 5500 filing

Hi Cynthia:

The attached IRS letter ruling provides Wright State is a government instrumentality. As such all of the benefit plans established and maintained by Wright State are governmental plans exempt from ERISA. ERISA, and its associated regulations mandate the Form 5500 filing requirement. Because benefit plans established and maintained by government instrumentalities are exempt from ERISA, the Form 5500 filing requirement does not apply to them. This includes all of the benefit plans established and maintained by Wright State, and yes, includes the 401(a) plan.

I understand from our conversation yesterday that Wright State has “always” filed a Form 5500 for the 401(a) Plan. While I cannot speak to why this was done, it could be that the Form 5500 was filed as a protective measure in case the underlying facts of the attached IRS letter ruling ever should change in the future.

I also understand the IRS intends to audit one or more of the 5500s filed for Wright State’s 401(a) Plan. It may be helpful to the examining agent for you to provide a copy of the attached letter ruling and let the agent know Wright State voluntarily filed the Forms 5500 despite having no obligation to do so.

Please let me know if you have questions.  
Kind regards,  
Melissa

Hi Melissa,

I have a question concerning the final ruling on our filing of 5500's (see below). Does this ruling include our 401(a) Retirement Plan as well? Trying to verify this before we surpass the 5500 filing deadline for this.

Thank you,

Hi Sherri:

As a follow up to our conversation this morning, the options with regard to the Form 5500s are as follows.

The attached letter ruling provides Wright State is a government instrumentality. As such the benefit plans established and maintained by Wright State are governmental plans exempt from the Form 5500 filing requirement.

As I understand it, filings have been made for Wright State's retirement plans under the delinquent filer voluntary compliance program and Wright State has been gearing up to file 5500s for the welfare benefit plans.

There are at least two approaches that can be taken going forward now that the ruling has surfaced.

1. File Form 5500s as a protective matter. Wright State is exempt from the Form 5500 filing requirement but could choose to file anyway. The only potential benefit I see to this approach is that the filings would be protective in case the underlying facts of the letter ruling ever should change in the future. Obviously, there is a cost in terms of time and money involved in this which probably far outweighs any benefit to this approach.
2. Take advantage of the Form 5500 exemption. In other words, do not file Form 5500 for any plan for which a Form 5500 has not ever been filed, and with regard to any plan for which filings already have been made under the delinquent filer voluntary compliance program, submit an amended return for the last year for which a filing was made with the "final return" box marked. You also should mark code "921000" in box 2d indicating Wright State's status as a government instrumentality. It may be helpful to avoid future DOL inquiries to include an explanation with the Form 5500 that the plan is exempt from the Form 5500 filing requirement because it is (and always has been) a governmental plan and as such, no future Form 5500s will be filed.

I hope the above is helpful. Please let me know if you have questions or if more detail is needed.

Kind regards,

Melissa
