Johnson Matthey Inc. Salaried Employees' Savings Investment Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Johnson Matthey Inc. Salaried Employees' Savings Investment Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering the salaried employees of Johnson Matthey Inc. (the Company) who have one month of service and have elected to participate in the Plan. Effective July 1, 2008, part time employees working at least 16 hours per week are eligible to participate. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may contribute up to 50% of their monthly pretax base compensation as defined in the Plan. Participants may allocate a portion of their contributions as Roth 401(k) contributions, which is an after-tax contribution. The participant's maximum pretax and after-tax contributions are limited as defined by the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Catch up contributions are permitted up to the limit as defined by the IRC.

Effective July 1, 2017, newly hired individuals are automatically enrolled in the Plan with a 4% contribution rate. Individuals hired prior to July 1, 2017, were automatically enrolled in the Plan with a 3% contribution rate.

The Plan is a Safe Harbor 401(k) Plan. The maximum company Safe Harbor matching contribution will be 100% of the employee basic contributions up to 4% of the employee's compensation. Employee basic contributions includes pretax, after tax and catch up contributions. The Safe Harbor matching contribution may be invested in any of the investment options offered under the Plan. Effective July 1, 2011, the Plan was amended to allow eligible part-time salaried or hourly base employees to receive Safe Harbor matching contributions after meeting certain service criteria.

The Company will make an employer contribution equal to 8% of an employee's compensation in addition to the Safe Harbor matching contribution for employees who meet certain eligibility requirements. If the employee was hired or rehired by the Company on or after September 1, 2013; if the employee is a participant under the Johnson Matthey Inc. Amended and Restated Salaried Employees Pension Plan (the Pension Plan) and elected to participate in this Plan on or after April 1, 2014 instead of continue to actively participate in the Pension Plan; or if the employee was hired or rehired by the Company prior to September 1, 2013 and was not eligible to accrue a benefit under the Pension Plan due to the Pension Plan's eligibility service requirement of at least a 1,000 hours of service. There are different eligibility requirements for part-time salaried and hourly base employees.

Contributions, employee, safe harbor and employer, to all of the Company's qualified Plans are subject to certain limitations as defined by the IRC.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's Safe Harbor matching contributions, (b) Employer Contributions and (c) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, deferrals or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants may direct the investment of their account balances into various investment options offered by the Plan. Effective July 1, 2016, the Plan implemented a 25% cap limit within a participant's account balance for the Johnson Matthey PLC common stock.

Vesting

Participants are always 100% vested in their pretax or after-tax contributions and are immediately vested in the Safe Harbor matching contributions. Participants are fully vested in employer contributions after three years.

Administrative Expenses

The Company pays some of the administrative costs of the Plan associated with professional services provided to the Plan, the balance being paid directly by the Plan. Recordkeeping fees are paid by the Plan. If any redemption fees relating to investment transactions apply, those charges are paid from the participant's account for investments held less than 90 days.

Forfeitures

Forfeitures are used to offset future employer contributions and to pay Plan expenses. The balances of forfeited non-vested accounts at June 30, 2018 and 2017 were \$308,184 and \$312,413, respectively.

During the plan year ending June 30, 2018, the Plan utilized \$610,192 of forfeitures to offset employer contributions.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance not including employer contributions or funds invested in Johnson Matthey PLC common stock. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local borrowing rates. Current interest rates range from 4.25% to 9.50%. Loan repayments are made through payroll deductions over a period not to exceed five years, with the exception of loans for the purchase of a primary residence, which may have a longer term.

Payment of Benefits

Upon separation of service, death, disability, or retirement, participants may elect to receive a lump-sum amount equal to the value of the vested interest in their accounts, unless they elect to receive their benefits in the form of installments, or combination of a lump sum amount and installments. Additionally, if the participant reaches age 59 ½, or under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

Effective July 1, 2011, the Plan was amended to incorporate the Safe Harbor hardship withdrawal rules.

Other Income

Other income represents income from T. Rowe Price Trust Company for the Administrative Budget account. The account may be used to pay Plan expenses or may be allocated to participants. At June 30, 2018 and 2017, the Administrative Budget account totaled \$82,454 and \$233,203, respectively. During the plan year ending June 30, 2018, the Plan utilized \$150,425 from the Administrative Budget account to pay for certain plan expenses.

At June 30, 2018, there was an outstanding deposit relating to the Administrative Budget account for \$764,418. This amount is recorded as the other receivable in the accompanying statements of net assets available for benefits.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Recent Accounting Pronouncements

In September 2018, the Financial Accounting Standards Board issued Accounting Standards Update ("ASU") No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement. ASU No. 2018-13 amends the disclosure requirements for recurring and nonrecurring fair value measurements by removing, modifying and adding certain disclosures for Level 3 investments and investments in certain entities that calculate net asset value. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019, and is to be applied retrospectively, with early adoption permitted. Plan management is currently evaluating the impact of the adoption of ASU No. 2018-13 on the Plan's financial statements.

Use of Estimates

The preparation of financial statements, in accordance with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the amounts reported of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Notes to Financial Statements

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. The Johnson Matthey PLC common stock is stated at fair value based upon a quoted market price. The investments in the common/collective trust funds are valued at net asset value ("NAV") per unit, as determined by the trustee at year end. The NAV is used as the practical expedient to estimate fair value (See Note 4).

Investment transactions are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income, including capital gain distributions, is recorded on the ex-dividend date.

Securities traded in markets that are not considered active are valued based on quoted market prices, broker or dealer quotations, or alternative pricing sources with reasonable levels of price transparency. Securities that trade infrequently and therefore have little or no price transparency are valued using the Plan trustee's best estimate. Other than those matters described in Note 4, there are no restrictions or limitations on the withdrawal of other investments in the portfolio.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of June 30, 2018 or 2017. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at June 30, 2018 and 2017 and net appreciation (depreciation) in the fair value of investments, interest and dividends for the year ended June 30, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by T. Rowe Price Trust Company, the trustee of the Plan.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities;

Level 2 – Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 – Inputs that are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

For a description of the valuation methodologies used for assets measured at fair value, see Note 2. There have been no changes in the methodologies used at June 30, 2018 and 2017.

The valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

June 30, 2017	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable Value Fund (a)	\$ 37,358,242	N/A	Daily	12 or 30 months
Diversified Real Assets CIT (b)	632,248	N/A	Daily	Daily-3 days
Core Plus Bond Fund (c)	12,277,897	N/A	Daily	Daily

(a) *Stable Value Fund* - The Plan has a common collective trust investment with the T. Rowe Price Stable Value Common Trust Fund (the "Fund"). The Fund is a direct filing entity. Under the terms of the Fund's Declaration of Trust, retirement plans invested in the Fund are required to provide either a 12 or 30 month advance written notice to the Fund's trustee prior to a full redemption of trust units. As of June 30, 2018, the Plan had not provided the Fund's trustee with advance written notice.

(b) *Diversified Real Asset CIT* - The Plan has a collective investment trust (the "DRA CIT"), with Principal Trust Company (the "Trustee"). The DRA CIT is a direct filing entity. Withdrawals are permitted on any business day and are processed within a reasonable time, normally not to exceed 3 days. The Trustee will calculate the unit value applicable to each investment on each valuation date.

(c) *Core Plus Bond Fund* - The Plan is invested in the Core Plus Bond Fund (the "Bond Fund") through their participation in the Prudential Trust Company Collective Trust. The investment is a direct filing entity.

5. Related Party and Party-In-Interest Transactions

Certain Plan investments are managed by an affiliate of T. Rowe Price Trust Company, the trustee of the Plan and, therefore, these transactions qualify as party-in-interest in addition to the activity within the Administrative Budget Account, as described in Note 1. Notes receivable from participants also qualify as party-in-interest transactions. All of these transactions are considered to be exempt party-in-interest transactions under ERISA.

At June 30, 2018 and 2017, the Plan had an investment option in the common stock of Johnson Matthey PLC, the parent company of Johnson Matthey Inc., totaling \$37,733,057 and \$35,977,941, respectively. During the year ended June 30, 2018, the Plan recorded dividend income totaling \$970,293.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts. The Company may reduce or suspend employer matching safe harbor contributions upon satisfaction of certain requirements including a 30-day advanced notice to all eligible employees.

7. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated July 11, 2016, that the Plan is designed in accordance with applicable sections of IRC. The Plan has been amended since receiving the determination letter. The Company believes the Plan is currently operating in compliance with the applicable provisions of the IRC.

Prior to the letter dated July 11, 2016, the Plan had received a letter dated May 27, 2016 from the IRS stating that the Plan and related trust were designed in accordance to the applicable sections of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal, state and/or local taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

Net assets available for benefits per financial statements	\$ 396,465,201	\$ 353,189,535

The following is a reconciliation of net increase per the financial statements to the net income per the Form 5500:

<i>June 30, 2018</i>	
Net increase per the financial statements	\$ 43,275,666
Add: Net deemed distribution of participant loans	3,095
Net income Per the Form 5500	\$ 43,278,761

9. Risks and Uncertainties

The Plan invests in various investment securities, which are exposed to various risks, such as, interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Johnson Matthey Inc.
Salaried Employees' Savings Investment Plan

Notes to Financial Statements

The Plan invests in mutual funds and common stock that invest in securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practice, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than securities of comparable U.S. companies.

10. Subsequent Events

The Plan was amended and restated as of July 1, 2018 to incorporate all prior amendments adopted after July 1, 2015. Effective July 1, 2018, (1) the hours of service requirement for eligibility was eliminated, (2) the actual hours counting methodology was replaced with elapsed time methodology for purposes of the year of service requirement applicable to matching contributions and (3) the hours of service requirement was eliminated for purposes of the allocation condition applicable to non-elective contributions.

The Plan has evaluated subsequent events through April 15, 2019, the date the financial statements were available to be issued.
