MANCINI SLEEPWORLD, INC. 401(K) PLAN

Notes to Financial Statements

June 30, 2018

Note 1 - Description of plan:

The following description of the Mancini SleepWorld, Inc. (the "Sponsor") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. *General* - The Plan is a defined contribution plan, established on July 1, 1996, and most recently amended in 2012. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

   The Sponsor is the Plan Administrator and retains the services of third parties to assist in the administration of the Plan. Through June 30, 2018, the Plan's custodian was Reliance Trust Company and third party administrator was Automatic Data Processing Inc. ("ADP").

b. *Eligibility* - Except for excluded employees, all employees who have reached age twenty-one and have completed one year of service by the end of the twelve month period are eligible to participate in the Plan. Employees are credited with a year of service for eligibility purposes for each twelve month period during which they have completed 1,000 hours of service. An employee may elect not to participate in the Plan.

c. *Participant contributions* - Each year participants may contribute up to 90% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their account balances into various investment options offered by the Plan. Participants may change their investment options daily. The Plan currently offers twenty two registered investment companies (mutual funds and fixed income funds) and seven common/collective trusts as investment options for participants. Contributions are subject to certain IRS limitations.

d. *Employer matching contributions* - The Plan provides for discretionary employer matching contributions to be determined by the employer each Plan year. For the years ended 2018 and 2017, there were no employer matching contributions. Contributions are subject to certain limitations. Employees must be actively employed at the end of the Plan year and have completed one thousand hours of service to be eligible to share in the allocation of matching contributions.

e. *Participants' accounts* - Each participant's account is credited with the allocations of (1) the Sponsor's contribution, (2) participant contributions and (3) Plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the entire participant's account.

Note 1 - Description of plan (continued):

f. *Vesting* - Participants are immediately 100% vested in their Employee profit sharing contributions plus actual earnings thereon. Vesting in the Company's contribution and the Employee non-elective profit sharing contribution portions of their accounts is based on years of continuous service, up to six years. The vesting is based on a graded schedule starting at 0% in year one and increasing 20% each year until the participant is 100% vested after year six.

g. *Notes receivable from participants* - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate ranging from 4.25 - 6.00% which are commensurate with the local prevailing rates as determined quarterly by the Plan Administrator of the prime rate at the time of the loan plus 1%. Principal and interest is paid ratably through monthly payroll deductions.

h. *Payment of benefits* - On termination of service due to death, disability, retirement or separation from service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, an annuity or a combination of cash and an annuity. The participant is entitled to select the manner in which benefit payments are received subject to the terms of the Plan.

i. *Forfeited accounts* - Forfeited nonvested accounts are applied to reduce the Sponsor's contribution in the following Plan year. If a terminated participant returns to full-time employment within five years, the Sponsor reinstates his/her forfeited account. At June 30, 2018 and 2017, there were no forfeited nonvested accounts. In 2018 and 2017, no forfeited nonvested accounts were applied to reduce the Sponsor's contributions.

j. *Administrative expenses* - The Sponsor absorbs substantially all administrative expenses of the Plan, except investment manager and distribution fees which are borne by the participants.

Note 2 - Summary of significant accounting policies:

Date of management's review - Subsequent events are evaluated through the date of the independent auditors' report, which is the date the financial statements were available to be issued and determined that no material subsequent events require an estimate to be recorded or disclosed as of June 30, 2018.

Note 2 - Summary of significant accounting policies (continued):

Basis of accounting - The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Contributions from participant balances are recorded when withheld from the Sponsor.

Use of estimates - The preparation of financial statements requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The common collective trust is not classified in the fair value hierarchy, however, as a practical expedient, the fair value is measured at Net Asset Value ("NAV") per share of the underlying assets as traded in an exchange or active market. The 401(k) Committee determines the policies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Net appreciation (depreciation) in fair value of plan assets - The earnings, expenses, realized gains and losses, and unrealized appreciation (depreciation) in registered investment companies and other investments are recorded in the accompanying financial statements as net appreciation (depreciation) in fair value of plan assets.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative fees and are expensed as they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits - Benefit payments to participants are recorded when paid. As of June 30, 2018 and 2017, there were no distributions approved that were not disbursed prior to year end.

Operating expenses - All expenses of maintaining the Plan are paid by the Sponsor.

Note 3 - Fair value:

The Plan follows the provisions of the Fair Value Measurements and Disclosures topic of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") that establish a fair value hierarchy that priorities the inputs to valuation techniques used to measure fair value. Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

This standard also requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement based on the following three levels of inputs established by the standard to measure fair value: The categorization of the investment within the hierarchy is based on pricing transparency and does not necessarily correspond to the Plan's perceived risk of that investment. Investments measured using NAV as a practical expedient are not classified in the fair value hierarchy (see Note 2).

- *Level 1:* quoted prices in active markets for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date;

- *Level 2:* inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

- *Level 3:* unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases, where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan has no securities classified as Level 2 or 3.

Note 3 - Fair value (continued):

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended June 30, 2018 and 2017, there were no significant transfers in or out of levels 1, 2 or 3.

The following are descriptions of the valuation methodologies used for assets measured at fair value:

- *Mutual funds:* The fair value of mutual fund investments are determined by the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (level 1 inputs). These funds are required to publish their daily value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- *Fixed income*: The Plan's objective is to invest in a broad range of fixed income securities with high income yields, returns that outpace inflation, or returns that are designed to track a specified inflation index.

- *Common/collective trusts*: In accordance with each account's investment objectives, the strategies of these investments are to invest principally in stocks and bonds that are primarily valued using market quotations or prices obtained from independent pricing sources determined daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies of assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 - Fair value (continued):

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefit measured at fair value on a recurring basis and the level within the fair value hierarchy as of June 30, 2018 and 2017:

	Fair Value Measurements at June 30, 2018		
	Level 1	NAV[(a)]	Total
Mutual funds	$ 1,790,155	$ -	$ 1,790,155
Fixed income	739,850	-	739,850
Common/collective trusts	-	3,264,949	3,264,949
	$ 2,530,005	$ 3,264,949	$ 5,794,954

	Fair Value Measurements at June 30, 2017		
	Level 1	NAV[(a)]	Total
Mutual funds	$ 3,324,540	$ -	$ 3,324,540
Fixed income	356,989	-	356,989
Common/collective trusts	-	1,144,753	1,144,753
	$ 3,681,529	$ 1,144,753	$ 4,826,282

(a) The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits. The value is determined using the NAV as a practical expedient.

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan:

	December 31, 2018 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust	$ 3,264,949	N/A	Monthly	1 Day

	December 31, 2017 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust	$ 1,144,753	N/A	Monthly	1 Day

Note 4 - Investments:

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's independent accountants did not perform any auditing procedures with respect to this information certified by Reliance Trust Company, the trustee of the Plan, except for comparing such information to the related information included in the Plan's financial statements and supplemental schedule.

The following information included in the financial statements and supplemental schedule was provided by and certified by the Plan's trustee as complete and accurate:

- Investments as shown in the Statements of Net Assets Available for Benefits as of June 30, 2018 and 2017.

- Investment income (loss), as shown in the Statements of Changes in Net Assets Available for Benefits for the years ended June 30, 2018 and 2017.

- Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year).

Note 5 - Party-in-interest transactions:

Certain Plan investments are units in insurance contracts and mutual funds managed by Reliance Trust Company. Reliance Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 6 - Plan termination:

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 7 - Reconciliation to the Form 5500:

The following table is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 for the year ended June 30, 2018:

2018 Participant contributions receivable	(54,956)
2017 Participant contributions receivable	48,685
Participant contributions per the Schedule H to Form 5500	$ 672,379

Note 8 - Income tax status:

401(k) plans currently are not required to submit plans to the Internal Revenue Service for determination. However, the Plan Administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan Administrator believes that it has appropriate support for any tax positions taken, and as such, does not have any uncertain tax positions that are material to the financial statements. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 9 - Risks and uncertainties:

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.
