NOTE 1 - DESCRIPTION OF PLAN

The following description of the Giumarra Vineyards Corporation Hourly Pension Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory defined benefit pension plan, as amended and restated effective July 1, 2011. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is established for the hourly employees of Giumarra Vineyards Corporation (the "Company") who are not covered by a collective bargaining agreement pursuant to which the Company makes contributions.

The Plan is administered by a pension committee composed of individuals appointed by the board of directors of the Company. The pension committee has appointed outside specialists to assist with the Plan's administration and investment decisions.

Participation Requirements

All hourly employees of the Company, except those covered by a collective bargaining agreement or leased employees, are eligible to become participants of the Plan after completing one year of service with the Company and having attained age 21. An employee becomes eligible to participate in the plan on the first day of January or July after meeting the eligibility requirements. A minimum of 1,000 hours in a period of 12 consecutive months constitutes a year of service.

Vesting

Employees are 100% vested in their benefits after five years of service. An employee must have at least 1,000 hours of service in a plan year to earn one year of service for vesting purposes.

Benefits

Active participants in the Plan shall be entitled to benefits based on 20% of the highest five-year average of salary, reduced on a pro rata basis for less than 25 years of service. Benefits are paid through lump sum payments from the Plan.

NOTE 1 - DESCRIPTION OF PLAN (cont.)

Plan Termination

The Company has the intention to eventually discontinue its contribution and to terminate the Plan subject to the provisions set forth by ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

Annuity benefits to former employees (or their beneficiaries) receiving such benefits for at least a three year period, or those employees eligible to retire for that three year period who would have been receiving annuity benefits if they had retired and been eligible for such benefits under the Plan.

Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC), subject to certain limitations. Certain vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling in the amount of an individual's monthly benefit amount.

Whether all participants receive their benefits, should the Plan terminate at some future time, will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC. Some benefits may be fully or partially provided by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deletions to net assets available for benefits during the reporting period.. Actual results may differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

Fair Value Measurements

In accordance with ASC 820, *Fair Value Measurement and Disclosures,* the Plan classifies its investments into Level 1, which refers to securities valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at June 30, 2018.

Accounting for Investments

The Plan's investment is held in trust by Prudential Retirement Insurance and Annuity Company (Prudential). The investment is held in a guaranteed deposit account and is valued as an interest rate fund. Interest rate funds are valued at book value, which is calculated by multiplying the balance in the guaranteed deposit account by an established interest rate. Book value of the account approximates its fair value as determined by Prudential.

Administrative Expenses

All administrative expenses are obligations of the Plan. Certain administrative services are provided by the Company at no cost to the Plan.

Benefits

Benefit payments to participants are recorded upon distribution.

Actuarial Present Value of Accumulated Plan

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to services rendered by the employees as of the valuation date

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

Actuarial Present Value of Accumulated Plan (cont.)

Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. The amount of an employee's retirement benefit depends primarily on the length of service and compensation received during certain years of the employment period. In addition to normal retirement benefits at 65, the Plan also provides, under certain conditions, for early retirement, disability retirement and death benefits.

The most recent actuarial valuation is as of July 1, 2017 (see Note 3).

Funding Policy

The Company's funding policy is to make annual contributions to the Plan to fund the normal pension cost as determined under the Aggregate Actuarial Cost Method. During the year ended June 30, 2018, contributions of $3,125,000 was recorded in accordance with the actuarially determined contribution requirements estimated through actuarial valuations performed as of July 1, 2017. The minimum funding requirements of ERISA have been met for the years ended June 30, 2018.

Federal Income Tax Status

The Internal Revenue Service ruled on October 5, 2012, that the Plan qualifies, in form, under Section 401(a) of the Internal Revenue Code (the Code) and the underlying Plan is, therefore, exempt from federal income tax under Section 501(a) of the Code. On June 29, 2005, the Internal Revenue Service ruled that the Plan amendment effective as of July 1, 2003, qualifies, in form, under 401(a) of the Code. The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator is not aware of any events which would cause the Plan to become disqualified under the Code. Therefore, no provision of income taxes has been included in the Plan's financial statements. The tax years after June 30, 2015 remain open to examination by the United States federal tax jurisdiction.

Subsequent Events

The Plan has evaluated subsequent events through April 10, 2019, the date which the financial statements were available to be issued.

NOTE 3 – ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to service rendered by employees as of the valuation date. Accumulated plan benefits include benefits expected to be paid to (1) retired or terminated employees or their beneficiaries, (2) beneficiaries of employees who have died, and (3) present employees or their beneficiaries. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Significant assumptions underlying the actuarial computations at July 1, 2017 are as follows:

Assumed rate of return on investments	- 5.9% per annum, compounded annually, respectively
Discount rate	- 5.0% per annum, respectively
Mortality	- 2017 PPA Funding Table
Retirement age	- Normal retirement age per the Plan

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Should the Plan terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

NOTE 4 – CONTRACTS WITH INSURANCE COMPANIES

The Company has a guaranteed deposit insurance contract, (GDA) with Prudential. The GDA is not a Guaranteed Investment Contract (GIC), it is a general account experience-rated evergreen (no maturity date) group annuity contracted issued as a funding vehicle to defined benefit plans. The estimated market value is an estimated value available upon discontinuance. Prudential maintains the Company's contributions in an unallocated fund to which it has added interest at a rate between 2.55%, and 3.18%, depending on old money or new money. At the direction of the Plan Administrator, funds are drawn for lump sum payments to retired participants.

NOTE 4 – CONTRACTS WITH INSURANCE COMPANIES (cont.)

Certain events, such as the premature termination of the insurance contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Prudential. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with plan participants is not probable.

The insurance contract with Prudential represents 5% or more of the net assets available for benefits at June 30, 2018.

NOTE 5 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits at June 30, 2018.

NOTE 6 – PARTIES-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan's investment in the unallocated insurance contract is held by Prudential. Prudential is the custodian of this investment and, therefore, these transactions qualify as party-in-interest. For the years ended June 30, 2018, administrative expenses include fees paid to Prudential of $121,236.

NOTE 7 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by Prudential as custodian and was not subjected to any auditing procedures by independent auditors as of June 30, 2018.

	Account GR4332	Account GR4333	Total Plan
Investment – at fair value:			
Guaranteed deposit – Prudential Retirement Insurance and Annuity Company	6,967,810	3,364,172	10,331,982
Interest income	231,024	100,351	331,375

NOTE 8– RISKS AND UNCERTAINTIES

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that these estimates and assumptions in the near term would be material to the financial statements.

NOTE 9 – PLAN FREEZE AND MERGE

After year ended June 30, 2017, the Plan was merged with Giumarra Vineyard Salaried Plan and the plan has been under hard freeze since June 30, 2017. It means there will be no further increases in participants' benefits at retirement beyond the benefit that they already earned.

The $3,587,739 net asset of Giumarra Vineyard Corporation Salaried Pension Plan was transferred to the Hourly Pension Plan in July 2017 after the merge.

NOTE 10 – PRIOR YEAR FINANCIAL STATEMENTS

The Financial statements of the merged plans are presented in a non-comparative format since this is the first year with the two plans became one.
