Report on the Financial Statements

We have audited the accompanying financial statements of Pilkington North America, Inc. Retirement Savings Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2017 and 2016 and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets of the Plan as of December 31, 2017 and 2016 and the changes in net assets for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year as of December 31, 2017 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note 1 - Plan Description

The following description of Pilkington North America, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers substantially all full-time nonrepresented employees, except for the Automotive Glass Replacement Division, and part-time employees who have completed 1,000 hours of service with Pilkington North America, Inc. (the "Company"). Full-time employees are eligible to participate in the Plan 90 days after they become employed. Part-time employees are eligible to participate in the Plan 90 days after the month in which they complete 1,000 hours of service in a 12-month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participant contributions may be made via payroll withholdings from 1 percent to 40 percent of the employee's salary (in 1 percent increments) subject to maximum limitations established by the Internal Revenue Code. Each pay period, the Company contributes a guaranteed amount to the Plan equal to 4.5 percent of each eligible employee's salary. In addition, the Company will contribute a matching percentage of eligible salary at 100 percent of the first 1 percent deferred, 50 percent of the next 4 percent deferred, and 25 percent of the next 3 percent deferred.

For each fiscal year, the Company may make a profit-sharing contribution in an amount not to exceed 2 percent of the employee's eligible salary. The Company made profit-sharing contributions of approximately \$1,510,000 and \$1,630,000 for the years ended December 31, 2017 and 2016, respectively.

The Plan may accept rollover contributions from other qualified plans.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Transfers

During the year, transfers occur between company-sponsored plans when employees change employment within pay groups covered by the plans.

Vesting

Participant and matching contributions are fully vested when made, including rollover contributions. Profit-sharing and guaranteed contributions vest at the rate of 25 percent per year of service.

Payment of Benefits

Upon retirement, disability, or other termination of employment, a participant may elect to receive payment for the value of his or her vested account through a lump-sum or annuity distribution.

Upon death, a participant's beneficiary will receive the balance in the participant's account, including both vested and nonvested amounts.

December 31, 2017 and 2016

Note 1 - Plan Description (Continued)

Participant Notes Receivable

Participants may borrow from their accounts up to a maximum of 50 percent of their account balance, not to exceed \$50,000. Notes receivable are collateralized by the participant's account balance and bear interest at rates that range from 3.44 to 7.83 percent. The interest rate is determined by a committee consisting of plan administrators.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions.

Hardship Withdrawals

Participants may request that all of their vested contributions or a portion of their accounts be distributed in the case of severe financial hardship, as defined in the plan document. The Company must approve any such hardship withdrawals.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Party-in-interest Transactions

Payroll expenses related to the Company's employees who administer the Plan and other administrative expenses are paid by the Company. Certain investments in the Pilkington North America, Inc. Master Retirement Savings Trust are shares of common collective funds managed by The Northern Trust Company, the custodian as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The fair value of the Plan's interest in the Pilkington North America, Inc. Master Retirement Savings Trust (the "Master Trust") is based on the beginning of the year value of the Plan's interest in the Master Trust, plus actual contributions and allocated investment income, less actual distributions and allocated administrative expenses. The Master Trust's investments are stated at fair value. At December 31, 2017 and 2016, the Master Trust held one common collective trust fund, a stable value fund.

The common collective trust fund is valued at net asset value per share (or its equivalent) of the fund, which is based on the fair value of the fund's underlying net assets. There are no redemption restrictions or unfunded commitments on these investments.

All other investments are valued based on quoted market prices. See Note 4 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

December 31, 2017 and 2016

Note 2 - Summary of Significant Accounting Policies (Continued)

Benefit Payments

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Master Trust invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 10, 2018, which is the date the financial statements were available to be issued (see Note 6).

New Accounting Pronouncement

In February 2017, FASB issued Accounting Standards Update (ASU) No. 2017-06, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - Employee Benefit Plan Master Trust Reporting*. ASU No. 2017-06 amends the master trust disclosure to require additional disclosures related to the Plan's interest in the Master Trust. This ASU is effective for fiscal years beginning after December 15, 2018 and is required to be applied retrospectively for all comparative periods presented. Management does not expect the adoption of this ASU to have a significant impact on the Plan's financial statements.

Note 3 - Interest in Master Trust

The Plan's investments are in the Master Trust, which was established for the investment of assets of the Plan and two other Pilkington North America, Inc.-sponsored benefit plans. Each participating plan's interest in the Master Trust is based on account balances of the participants and their elected investment options. The assets of the Master Trust are held by The Northern Trust Company (the "Custodian"). At December 31, 2017 and 2016, the Plan's interest in the net assets of the Master Trust was approximately 73 percent and 72 percent, respectively.

The following table is a summary of the net assets of the Master Trust at December 31, 2017 and 2016:

	2017	2016
Assets at fair value:		
Common collective trust fund	\$ 91,912,476	\$ 98,000,973
Mutual funds	321,377,250	278,238,698
Total assets at fair value	<u>\$ 413,289,726</u>	<u>\$ 376,239,671</u>

Notes to Financial Statements

December 31, 2017 and 2016

Note 3 - Interest in Master Trust (Continued)

The investment income for the Master Trust for the years ended December 31, 2017 and 2016 is as follows:

	2017	2016
Net appreciation of investments	\$ 49,651,811	\$ 23,912,768
Interest and dividends	4,316,595	4,390,383
Net investment income	<u>\$ 53,968,406</u>	<u>\$ 28,303,151</u>

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

The following tables present information about the Master Trust's assets measured at fair value on a recurring basis at December 31, 2017 and 2016.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Master Trust has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Master Trust's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2017	
	Investments (at Fair Value)	Level 1
Mutual funds	\$ 321,377,250	<u>\$ 321,377,250</u>
Investment measured at NAV - Common collective trust fund	91,912,476	
Total investments at fair value	<u>\$ 413,289,726</u>	

Pilkington North America, Inc. Retirement Savings Plan

Notes to Financial Statements

December 31, 2017 and 2016

Note 4 - Fair Value Measurements (Continued)

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2016	
	Investments (at Fair Value)	Level 1
Mutual funds	\$ 278,238,698	\$ 278,238,698
Investment measured at NAV - Common collective trust fund	98,000,973	
Total investments at fair value	<u>\$ 376,239,671</u>	

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer.

Note 5 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax exempt treatment under the applicable section of the Internal Revenue Code (IRC). Accordingly, no provision for income taxes has been made in the accompanying financial statements. Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 6 - Subsequent Events

On January 1, 2018, the Plan changed trustees from Alight Solutions to Prudential Retirement Insurance and Annuity Company.

Report on the Financial Statements

We have audited the accompanying financial statements of Pilkington North America, Inc. Retirement Savings Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2017 and 2016 and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets of the Plan as of December 31, 2017 and 2016 and the changes in net assets for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year as of December 31, 2017 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note 1 - Plan Description

The following description of Pilkington North America, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers substantially all full-time nonrepresented employees, except for the Automotive Glass Replacement Division, and part-time employees who have completed 1,000 hours of service with Pilkington North America, Inc. (the "Company"). Full-time employees are eligible to participate in the Plan 90 days after they become employed. Part-time employees are eligible to participate in the Plan 90 days after the month in which they complete 1,000 hours of service in a 12-month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participant contributions may be made via payroll withholdings from 1 percent to 40 percent of the employee's salary (in 1 percent increments) subject to maximum limitations established by the Internal Revenue Code. Each pay period, the Company contributes a guaranteed amount to the Plan equal to 4.5 percent of each eligible employee's salary. In addition, the Company will contribute a matching percentage of eligible salary at 100 percent of the first 1 percent deferred, 50 percent of the next 4 percent deferred, and 25 percent of the next 3 percent deferred.

For each fiscal year, the Company may make a profit-sharing contribution in an amount not to exceed 2 percent of the employee's eligible salary. The Company made profit-sharing contributions of approximately \$1,510,000 and \$1,630,000 for the years ended December 31, 2017 and 2016, respectively.

The Plan may accept rollover contributions from other qualified plans.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Transfers

During the year, transfers occur between company-sponsored plans when employees change employment within pay groups covered by the plans.

Vesting

Participant and matching contributions are fully vested when made, including rollover contributions. Profit-sharing and guaranteed contributions vest at the rate of 25 percent per year of service.

Payment of Benefits

Upon retirement, disability, or other termination of employment, a participant may elect to receive payment for the value of his or her vested account through a lump-sum or annuity distribution.

Upon death, a participant's beneficiary will receive the balance in the participant's account, including both vested and nonvested amounts.

December 31, 2017 and 2016

Note 1 - Plan Description (Continued)

Participant Notes Receivable

Participants may borrow from their accounts up to a maximum of 50 percent of their account balance, not to exceed \$50,000. Notes receivable are collateralized by the participant's account balance and bear interest at rates that range from 3.44 to 7.83 percent. The interest rate is determined by a committee consisting of plan administrators.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions.

Hardship Withdrawals

Participants may request that all of their vested contributions or a portion of their accounts be distributed in the case of severe financial hardship, as defined in the plan document. The Company must approve any such hardship withdrawals.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Party-in-interest Transactions

Payroll expenses related to the Company's employees who administer the Plan and other administrative expenses are paid by the Company. Certain investments in the Pilkington North America, Inc. Master Retirement Savings Trust are shares of common collective funds managed by The Northern Trust Company, the custodian as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The fair value of the Plan's interest in the Pilkington North America, Inc. Master Retirement Savings Trust (the "Master Trust") is based on the beginning of the year value of the Plan's interest in the Master Trust, plus actual contributions and allocated investment income, less actual distributions and allocated administrative expenses. The Master Trust's investments are stated at fair value. At December 31, 2017 and 2016, the Master Trust held one common collective trust fund, a stable value fund.

The common collective trust fund is valued at net asset value per share (or its equivalent) of the fund, which is based on the fair value of the fund's underlying net assets. There are no redemption restrictions or unfunded commitments on these investments.

All other investments are valued based on quoted market prices. See Note 4 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

December 31, 2017 and 2016

Note 2 - Summary of Significant Accounting Policies (Continued)

Benefit Payments

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Master Trust invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 10, 2018, which is the date the financial statements were available to be issued (see Note 6).

New Accounting Pronouncement

In February 2017, FASB issued Accounting Standards Update (ASU) No. 2017-06, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - Employee Benefit Plan Master Trust Reporting*. ASU No. 2017-06 amends the master trust disclosure to require additional disclosures related to the Plan's interest in the Master Trust. This ASU is effective for fiscal years beginning after December 15, 2018 and is required to be applied retrospectively for all comparative periods presented. Management does not expect the adoption of this ASU to have a significant impact on the Plan's financial statements.

Note 3 - Interest in Master Trust

The Plan's investments are in the Master Trust, which was established for the investment of assets of the Plan and two other Pilkington North America, Inc.-sponsored benefit plans. Each participating plan's interest in the Master Trust is based on account balances of the participants and their elected investment options. The assets of the Master Trust are held by The Northern Trust Company (the "Custodian"). At December 31, 2017 and 2016, the Plan's interest in the net assets of the Master Trust was approximately 73 percent and 72 percent, respectively.

The following table is a summary of the net assets of the Master Trust at December 31, 2017 and 2016:

	2017	2016
Assets at fair value:		
Common collective trust fund	\$ 91,912,476	\$ 98,000,973
Mutual funds	321,377,250	278,238,698
Total assets at fair value	<u>\$ 413,289,726</u>	<u>\$ 376,239,671</u>

Notes to Financial Statements

December 31, 2017 and 2016

Note 3 - Interest in Master Trust (Continued)

The investment income for the Master Trust for the years ended December 31, 2017 and 2016 is as follows:

	2017	2016
Net appreciation of investments	\$ 49,651,811	\$ 23,912,768
Interest and dividends	4,316,595	4,390,383
Net investment income	<u>\$ 53,968,406</u>	<u>\$ 28,303,151</u>

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

The following tables present information about the Master Trust's assets measured at fair value on a recurring basis at December 31, 2017 and 2016.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Master Trust has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Master Trust's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2017	
	Investments (at Fair Value)	Level 1
Mutual funds	\$ 321,377,250	<u>\$ 321,377,250</u>
Investment measured at NAV - Common collective trust fund	91,912,476	
Total investments at fair value	<u>\$ 413,289,726</u>

Note 4 - Fair Value Measurements (Continued)

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2016	
	Investments (at Fair Value)	Level 1
Mutual funds	\$ 278,238,698	\$ 278,238,698
Investment measured at NAV - Common collective trust fund	98,000,973	
Total investments at fair value	<u>\$ 376,239,671</u>	

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer.

Note 5 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax exempt treatment under the applicable section of the Internal Revenue Code (IRC). Accordingly, no provision for income taxes has been made in the accompanying financial statements. Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 6 - Subsequent Events

On January 1, 2018, the Plan changed trustees from Alight Solutions to Prudential Retirement Insurance and Annuity Company.

Report on the Financial Statements

We have audited the accompanying financial statements of Pilkington North America, Inc. Retirement Savings Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2017 and 2016 and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets of the Plan as of December 31, 2017 and 2016 and the changes in net assets for the years then ended in accordance with accounting principles generally accepted in the United States of America.

To the Members of the Pension
Investment Review Board

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year as of December 31, 2017 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note 1 - Plan Description

The following description of Pilkington North America, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers substantially all full-time nonrepresented employees, except for the Automotive Glass Replacement Division, and part-time employees who have completed 1,000 hours of service with Pilkington North America, Inc. (the "Company"). Full-time employees are eligible to participate in the Plan 90 days after they become employed. Part-time employees are eligible to participate in the Plan 90 days after the month in which they complete 1,000 hours of service in a 12-month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participant contributions may be made via payroll withholdings from 1 percent to 40 percent of the employee's salary (in 1 percent increments) subject to maximum limitations established by the Internal Revenue Code. Each pay period, the Company contributes a guaranteed amount to the Plan equal to 4.5 percent of each eligible employee's salary. In addition, the Company will contribute a matching percentage of eligible salary at 100 percent of the first 1 percent deferred, 50 percent of the next 4 percent deferred, and 25 percent of the next 3 percent deferred.

For each fiscal year, the Company may make a profit-sharing contribution in an amount not to exceed 2 percent of the employee's eligible salary. The Company made profit-sharing contributions of approximately \$1,510,000 and \$1,630,000 for the years ended December 31, 2017 and 2016, respectively.

The Plan may accept rollover contributions from other qualified plans.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Transfers

During the year, transfers occur between company-sponsored plans when employees change employment within pay groups covered by the plans.

Vesting

Participant and matching contributions are fully vested when made, including rollover contributions. Profit-sharing and guaranteed contributions vest at the rate of 25 percent per year of service.

Payment of Benefits

Upon retirement, disability, or other termination of employment, a participant may elect to receive payment for the value of his or her vested account through a lump-sum or annuity distribution.

Upon death, a participant's beneficiary will receive the balance in the participant's account, including both vested and nonvested amounts.

December 31, 2017 and 2016

Note 1 - Plan Description (Continued)

Participant Notes Receivable

Participants may borrow from their accounts up to a maximum of 50 percent of their account balance, not to exceed \$50,000. Notes receivable are collateralized by the participant's account balance and bear interest at rates that range from 3.44 to 7.83 percent. The interest rate is determined by a committee consisting of plan administrators.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions.

Hardship Withdrawals

Participants may request that all of their vested contributions or a portion of their accounts be distributed in the case of severe financial hardship, as defined in the plan document. The Company must approve any such hardship withdrawals.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Party-in-interest Transactions

Payroll expenses related to the Company's employees who administer the Plan and other administrative expenses are paid by the Company. Certain investments in the Pilkington North America, Inc. Master Retirement Savings Trust are shares of common collective funds managed by The Northern Trust Company, the custodian as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The fair value of the Plan's interest in the Pilkington North America, Inc. Master Retirement Savings Trust (the "Master Trust") is based on the beginning of the year value of the Plan's interest in the Master Trust, plus actual contributions and allocated investment income, less actual distributions and allocated administrative expenses. The Master Trust's investments are stated at fair value. At December 31, 2017 and 2016, the Master Trust held one common collective trust fund, a stable value fund.

The common collective trust fund is valued at net asset value per share (or its equivalent) of the fund, which is based on the fair value of the fund's underlying net assets. There are no redemption restrictions or unfunded commitments on these investments.

All other investments are valued based on quoted market prices. See Note 4 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

December 31, 2017 and 2016

Note 2 - Summary of Significant Accounting Policies (Continued)

Benefit Payments

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Master Trust invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 10, 2018, which is the date the financial statements were available to be issued (see Note 6).

New Accounting Pronouncement

In February 2017, FASB issued Accounting Standards Update (ASU) No. 2017-06, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - Employee Benefit Plan Master Trust Reporting*. ASU No. 2017-06 amends the master trust disclosure to require additional disclosures related to the Plan's interest in the Master Trust. This ASU is effective for fiscal years beginning after December 15, 2018 and is required to be applied retrospectively for all comparative periods presented. Management does not expect the adoption of this ASU to have a significant impact on the Plan's financial statements.

Note 3 - Interest in Master Trust

The Plan's investments are in the Master Trust, which was established for the investment of assets of the Plan and two other Pilkington North America, Inc.-sponsored benefit plans. Each participating plan's interest in the Master Trust is based on account balances of the participants and their elected investment options. The assets of the Master Trust are held by The Northern Trust Company (the "Custodian"). At December 31, 2017 and 2016, the Plan's interest in the net assets of the Master Trust was approximately 73 percent and 72 percent, respectively.

The following table is a summary of the net assets of the Master Trust at December 31, 2017 and 2016:

	2017	2016

	2017	2016
Net appreciation of investments	\$ 49,651,811	\$ 23,912,768
Interest and dividends	4,316,595	4,390,383
Net investment income	<u>\$ 53,968,406</u>	<u>\$ 28,303,151</u>

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

The following tables present information about the Master Trust's assets measured at fair value on a recurring basis at December 31, 2017 and 2016.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Master Trust has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Master Trust's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Note 4 - Fair Value Measurements (Continued)

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2016	
	Investments (at Fair Value)	Level 1
Mutual funds	\$ 278,238,698	\$ 278,238,698
Investment measured at NAV - Common collective trust fund	98,000,973	
Total investments at fair value	<u>\$ 376,239,671</u>	

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer.

Note 5 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax exempt treatment under the applicable section of the Internal Revenue Code (IRC). Accordingly, no provision for income taxes has been made in the accompanying financial statements. Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 6 - Subsequent Events

On January 1, 2018, the Plan changed trustees from Alight Solutions to Prudential Retirement Insurance and Annuity Company.
