INDEPENDENT AUDITOR'S REPORT

To the Members of
Crane Group Co.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Crane Group Retirement Plan (the Plan), which comprise the statements of net assets available for pension benefits as of December 31, 2018, June 30, 2018 and 2017 (in liquidation), and the related statements of changes in net assets available for pension benefits for the period from July 1, 2018 through December 31, 2018 and for the years ended June 30, 2018 and 2017 (in liquidation), and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974

(ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information referred to in Note 5, which was certified by Fifth Third Bank, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2018 and for the period from July 1, 2018 through December 31, 2018 and as of and for the years end June 30, 2018 and 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules, Schedule of Assets (Held at End of Year) as of June 30, 2018 (in liquidation) and Schedule of Reportable Transactions, for the period from July 1, 2018 through December 31, 2018 (in liquidation) and Schedule of Reportable Transactions for the year ended June 30, 2018 (in liquidation) are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

CRANE GROUP RETIREMENT PLAN
Notes to Financial Statements
December 31, 2018, June 30, 2018 and 2017 (in liquidation)

1. PLAN DESCRIPTION

The following brief description of the Crane Group Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Agreement for more complete information.

General—The Plan is a defined benefit pension plan covering certain full-time employees of Crane Group Co. and participating employers, as defined in the Plan agreement (the “Plan Sponsors”). Substantially all investment expenses incurred by the Plan are paid by the Plan. The Plan Sponsors pay premiums to the Pension Benefit Guarantee Corporation (PBGC), legal and audit fees and provide administrative and accounting services. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On April 7, 2017, the Board of Directors of The Crane Group Companies Limited voted to terminate the Plan. The Plan was amended to terminate effective as of June 30, 2017. The Plan was liquidated as of December 31, 2018.

Pension Benefits—Employees are entitled to receive full benefits beginning at the normal retirement age of sixty-five. The Plan permits early retirement at age fifty-five with fifteen years of service. Employees with five years or more of service are fully vested. If employees terminate before rendering five years of service, they forfeit the right to receive their accumulated plan benefits.

Effective July 1, 2007, newly hired employees were no longer eligible to participate in this Plan. Also, the Plan has adopted a safe harbor formula to compute participant benefits. Under this formula, annual benefits will be equal to the sum of 0.65% of the employee’s average effective compensation and 0.65% of the average effective compensation in excess of the compensation limit (as defined) multiplied by the years of credited service (limited to 30 years). Employees hired after June 30, 2002 that retired prior to July 1, 2014 did not have the option to take their retirement benefit in a lump sum. Effective July 1, 2014, the Plan was amended to allow participants the option to receive lump sum payments, however this option only applies to participants who satisfy the requirements for normal, early, late or disability retirement.

Effective June 30, 2013 (the “Freeze Date”), all future benefit accruals under the Plan shall cease. This means that no additional benefits will accrue under the Plan after the Freeze Date. In addition, service and compensation that is considered for purposes of determining participants benefit under the Plan will only be considered up to and through the Freeze Date. Note that service after the Freeze Date will continue to count for purposes of determining whether a participant is vested in their benefit under the Plan and whether they are eligible to commence their benefits prior to their normal retirement date (i.e., at an early retirement date). The benefits accrued by participants before the Freeze Date are not impacted by the freezing of future benefit accruals.

CRANE GROUP RETIREMENT PLAN

Notes to Financial Statements

December 31, 2018, June 30, 2018 and 2017 (in liquidation)

Death and Disability Benefits—If a participant is eligible for early retirement and married, upon the death of the participant, the spouse will be entitled to a death benefit equal to 50% of the monthly pension the participant would have received had the participant retired the day prior to the death. Active employees who become disabled are eligible for a disability pension beginning at what would have been the normal retirement date. The amount of the disability pension is equal to 100% of the benefits accrued to the date of disability, based upon the number of years of participation in the Plan. The Plan provides that if disability payments begin before the normal retirement date such payments shall be actuarially reduced based on the number of months preceding normal retirement date.

Contributions—Contributions to the Plan are based on actuarial estimates of the amounts necessary to provide benefits to participants, assuming continued funding of the Plan in a systematic manner. The estimates are based upon assumptions regarding return on investments, termination rates, mortality rates and other factors, which will determine the ultimate costs of the Plan. The Plan Sponsors' funding policy for the Plan is to contribute annually the amount required to meet ERISA funding standards. The Plan Sponsors contributions were \$1,481,448 for the year ended June 30, 2018 and \$62,987 for the year ended June 30, 2017. The Plan Sponsors contributions for 2018 and 2017 exceeded or met the minimum funding requirements of ERISA.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting— The Board of Directors of The Crane Group Companies Limited, resolved on April 7, 2017 to terminate the Plan effective June 30, 2017. Final distributions were made as soon as administratively possible after the termination date. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting used to value plan assets from the ongoing basis to the liquidation basis for the period from July 1, 2018 through December 31, 2018 and for the years ended June 30, 2018 and 2017. The change from the ongoing basis to liquidation basis for investments is not materially different as the investments are recorded at fair values. Therefore, the fair value of the Plan's investments (ongoing basis) approximates net realizable value of the Plan's investments (liquidation basis).

Use of Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes therein, disclosure of contingent items, and the actuarial present value of accumulated plan benefits at the date of the financial statements.

Significant estimates include the adjustment from the ongoing basis of accounting to the liquidation basis of accounting. These adjustments include an estimate for dividends expected to be received through liquidation, expenses expected to be incurred through liquidation and contributions to fund Plan benefits. Actual results could differ from those estimates.

CRANE GROUP RETIREMENT PLAN

Notes to Financial Statements

December 31, 2018, June 30, 2018 and 2017 (in liquidation)

Valuation of Investments—Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4). The net appreciation (depreciation) in fair value of investments includes realized and unrealized gains and losses.

The Plan's investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with such investments, it is reasonably possible that changes in the values of such investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for pension benefits.

Payment of Benefits—Benefit payments to participants are recorded upon distribution. At December 31, 2018, June 30, 2018 zero payments had been requested but not yet paid. At June 30, 2017 two lump sum payments totaling \$81,735 had been requested but not yet paid. These payments were made in July 2017.

3. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are paid based on employees' average compensation in the 60 consecutive months of the final 120 months of employment during which the average compensation was the greatest.

The actuarial present value of accumulated Plan benefits as of June 30, 2017 was determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected payment date. The computation of the actuarial present value of accumulated plan benefits was made as of July 1, 2017. Had the valuation been performed as of June 30, 2017 there would be no material differences.

The significant actuarial assumptions used for July 1, 2017:

- expected return on assets of 1) 2.90% for Retired Participants and Beneficiaries who are currently being paid (in pay), and 2) the IRC 417 (e) Segment Rates of 1.96%, 3.78%, and 4.66% for Active and Inactive Participants with Deferred Benefits for 2017,
- life expectancy based on 1) the RP-2014 Mortality Tables projected generationally from 2006 with the MP-2017 mortality improvement scale for Retired Participants and Beneficiaries who are currently being paid (in pay), and 2) the 2017 IRC 417 (e) Mortality Table for Active and Inactive Participants with Deferred Benefits for 2017,

retirement age (the assumed weighted average retirement age for active participants was 62.42) for 2017,,

- minimum funding interest rate (first, second and third segment rates of 4.16%, 5.72% and 6.48%) for 2017,,
- assumed rate of future salary increases (n/a as benefits were frozen effective June 30, 2013), and
- benefit payments, 100% immediate lump sum election for 2017.

At July 1, 2018, the present value of accumulated plan benefits represents the actual benefit payments made to participants and the Pension Benefit Guarantee Corporate (the "PBGC"), discounted back to the valuation date using a discount rate of 3.53%; and the actual termination annuity premium of \$6,638,949, which was paid to Great American Life Insurance Company.

4. FAIR VALUE MEASUREMENTS

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access, at the measurement date.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2018 and 2017.

CRANE GROUP RETIREMENT PLAN

Notes to Financial Statements

December 31, 2018, June 30, 2018 and 2017 (in liquidation)

Mutual funds/Money market funds: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2018 and 2017, where no transfers between levels has taken place:

Assets at Fair Value as of June 30, 2018

	<u>Level 1</u>	<u>Total</u>
Money market funds	\$ 1,682,025	\$ 1,682,025
Mutual funds	<u>3,463,431</u>	<u>3,463,431</u>
Total investments at fair value	<u>\$ 5,145,456</u>	<u>\$ 5,145,456</u>

Assets at Fair Value as of June 30, 2017

	<u>Level 1</u>	<u>Total</u>
Money market funds	\$ 116,997	\$ 116,997
Mutual funds	<u>14,531,496</u>	<u>14,531,496</u>

5. INFORMATION SUPPLIED BY TRUSTEE

All investment information relating to the financial statements and supplemental schedules has been prepared in part or entirely from information certified by Fifth Third Bank as trustee of the Plan and furnished to the plan administrator. The plan administrator has obtained certification from the trustee that such information is complete and accurate.

6. TAX STATUS

The Plan obtained its latest determination letter dated October 14, 2015, in which the Internal Revenue Service stated that the Plan is in compliance with the applicable requirements of the Internal Revenue Code (IRC). Therefore no provision for income taxes has been included in the Plan's financial statements. The plan administrator intends to operate the Plan in a manner which will not jeopardize this tax status.

Notes to Financial Statements

December 31, 2018, June 30, 2018 and 2017 (in liquidation)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and June 30, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RISKS AND UNCERTAINTIES

Any investment is exposed to various risks, such as interest rate, credit and overall market volatility risk. These risks could result in a material effect on invested asset balances and the amounts reported in the Statements of Net Assets Available for Pension Benefits and the Statements of Changes in Net Assets Available for Pension Benefits.

8. PLAN TERMINATION

During 2017, The Crane Group Companies Limited approved the Plan's termination as of June 30, 2017. The Plan finished the process of paying benefits to all participants either by the purchase of annuity contracts from Great American Life Insurance Company August 1, 2018, or direct payments to the participant or the participant's beneficiaries.

9. SUBSEQUENT EVENTS

Management has evaluated whether any other events or transactions occurred subsequent to December 31, 2018 through April 10, 2019, the date on which the Plan's financial statements were available to be issued.

Except as discussed in the notes to financial statements, management determined that there were no other material events or transactions that would require recognition or disclosure in the financial statements.
