**Statement by Enrolled Actuary**  
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

| <b>Part I</b> | <b>Service Provider Information (see instructions)</b> |
|---------------|--------------------------------------------------------|

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

**1 Information on Persons Receiving Only Eligible Indirect Compensation**

**a** Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions).. . . . . ☒ Yes ☐ No

**b** If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

| <b>Part I</b> | <b>Asset and Liability Statement</b> |
|---------------|--------------------------------------|

**1** Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

## Independent Auditor's Report

To the Administrative Committee  
United Ohio Insurance Company Pension Plan  
Bucyrus, Ohio

### Report on the Financial Statements

We were engaged to audit the accompanying financial statements of United Ohio Insurance Company Pension Plan, which comprise the statements of net assets available for benefits as of July 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility*

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

### *Basis for Disclaimer of Opinion*

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the custodian as of and for the years ended July 31, 2018 and 2017, that the information provided to the Plan Administrator by the custodian is complete and accurate.

### ***Disclaimer of Opinion***

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

### ***Other Matters***

The supplemental schedules listed in the table of contents are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974* and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

### **Report on Form and Content in Compliance With DOL Rules and Regulations**

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*.

# United Ohio Insurance Company Pension Plan

## Notes to Financial Statements

July 31, 2018 and 2017

### Note 1: Description of the Plan

The following description of the United Ohio Insurance Company Pension Plan (Plan), provides only general information. Additional information about the vesting and benefit provisions and the Pension Benefit Guaranty Corporation's (PBGC) benefit guarantee is contained in the Plan Document and *Summary Plan Description*, which are available from the Plan Administrator.

#### **General**

The Plan is a noncontributory defined-benefit plan that covers substantially all employees of the United Ohio Insurance Company (Company) who began their employment prior to 2007 and provides for retirement benefits. The Company is wholly owned by Ohio Mutual Insurance Company (Ohio Mutual). The Plan is subject to provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Principal Life Insurance Company (Principal) is the custodian of the Plan.

Until August 1, 2007, employees were eligible to participate in the Plan after attaining the age of 21 and completion of 1,000 hours of service during the first 12 months of continuous service. Effective August 1, 2007, generally no new participants are eligible to enter the Plan. Participants aged 40 and older at August 1, 2007 continue to accrue benefits while those participants under age 40 no longer accrue benefits. Benefits are generally payable upon the participant's retirement, death or disability, or termination of employment.

#### **Contributions and Funding**

The Company contributes such amounts as necessary to provide assets sufficient to meet the actuarially determined benefits to be paid to Plan members. The Company's present intention is to make contributions in amounts sufficient to annually fund the Plan's current service cost. The Plan has met the minimum funding requirements required by the federal government.

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision set forth in ERISA.

#### **Pension Benefits**

Benefits under the Plan are based on employees' compensation for the highest five pay years out of the last ten years of employment. Normal retirement age for Plan benefits is 65. Participants may elect to receive reduced benefits upon early retirement at age 55, provided that they have at least 10 years of service with the Company. Accrued benefits are payable as a monthly annuity over the participant's lifetime or several options as joint and survivor annuities.

# **United Ohio Insurance Company Pension Plan**

## **Notes to Financial Statements**

**July 31, 2018 and 2017**

### ***Death Benefits***

The spouse of a participant will receive a 50% survivor annuity, as defined in the Plan, upon the death of the participant. The surviving spouse annuity is equal to 50% of the participant's monthly benefit. This benefit is immediately payable to the spouse if the participant was already receiving benefits. If the participant was not already receiving benefits, payments to the spouse may commence as of the earliest date the participant would have received benefits.

### ***Vesting***

Upon completion of three years of vesting service but prior to becoming eligible for a normal retirement benefit, a participant is entitled to a deferred vested termination benefit equal to a percentage of their accrued retirement benefit. As the Plan was frozen with respect to participants who had not attained age 40 prior to August 1, 2007, all remaining participants are 100% vested.

### ***Plan Termination***

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan.
- b. Other vested benefits insured by the PBGC up to the applicable limitations discussed below
- c. Vested benefits not insured by the PBGC
- d. All nonvested benefits

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

## **Note 2: Summary of Significant Accounting Policies**

### ***Basis of Accounting***

The accompanying financial statements are prepared on the accrual basis of accounting.

# **United Ohio Insurance Company Pension Plan**

## **Notes to Financial Statements**

**July 31, 2018 and 2017**

### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets available for benefits, disclosure of contingent assets and liabilities and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

### ***Valuation of Investments and Income Recognition***

Pooled separate accounts are valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV is based on the market value of its underlying investments. Unrealized gains and losses on pooled separate accounts represent the difference between fair value and the cost of the pooled separate accounts and are reflected in the statements of changes in net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### ***Payment of Benefits***

Benefit payments to participants are recorded upon distribution.

### ***Administrative Expenses***

All administrative costs of the Plan are paid by the Company except for custodian fees, which are deducted directly from Plan assets by the custodian.

### ***Accumulated Plan Benefits***

Accumulated plan benefits (see Note 5) are those estimated future periodic payments that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to:

- (A) Retired or terminated employees or their beneficiaries
- (B) Present employees or their beneficiaries

Benefits under the Plan for retired or terminated employees or their beneficiaries are based on employees' compensation for the highest 5 pay years out of the last 10 years of employment. The accumulated plan benefits for active employees are based on their average compensation during the three years preceding the valuation date. Benefits payable under all circumstances — retirement, death, disability, and termination of employment — are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

## Notes to Financial Statements

July 31, 2018 and 2017

### ***Plan Tax Status***

The Plan obtained its latest determination letter on February 8, 2018, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax.

### **Note 3: Certification of Plan Custodian**

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company, the custodian of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of July 31, 2018 and 2017.
- Investment income as shown in the statements of changes in net assets available for benefits for the years ended July 31, 2018 and 2017.
- Investment information included in the accompanying schedule of assets (held at year end) as of July 31, 2018 and schedule of reportable transactions for the year ended July 31, 2018.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

### **Note 4: Disclosures About Fair Value of Plan Assets**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

### ***Recurring Measurements***

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at July 31, 2018 and 2017:

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended July 31, 2018. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

### ***Investments***

Pooled separate accounts are classified in Level 2 of the valuation hierarchy. The value of pooled separate accounts is determined using net asset value (NAV). The NAV is provided by the custodian and is based on the market value of its underlying investments. Pooled separate accounts are classified within Level 2 of the valuation hierarchy because the NAV is not a publicly quoted price in an active market; however, the unit price is based on underlying investments which are traded in an active market.

## Notes to Financial Statements July 31, 2018 and 2017

### Note 5: Accumulated Plan Benefits

An actuary from Principal Financial Group determines the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. The accumulated plan benefit information as of the end of each plan year was as follows:

|                                                            | <u>2018</u>          | <u>2017</u>          |

Significant assumptions underlying the actuarial computations are:

- Assumed rate of return on investments: Range from 3.92% to 6.29% and 4.16% to 6.48% for 2018 and 2017, respectively, compounded annually with no explicit provision made for expenses.
- Mortality basis: 2018 - Baseline table from SOA RP-2014 using RPEC\_2014\_v2018 model for mortality improvement. 2017 - Baseline table from SOA RP-2014 using RPEC\_2014\_v2017 model for mortality improvement.
- Upcoming year salary increase: 4.5% for 2018 and 2017 at each age.
- Terminations: 2003 Society of Actuaries Basic Age Table, multiplied by 0.75.
- Retirement: Age 65 or Valuation Date, if later.
- Asset valuation: Market.

## Notes to Financial Statements July 31, 2018 and 2017

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

### Note 6: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan investments are units of pooled separate accounts managed by Principal Life Insurance Company, which is the custodian as defined by the Plan agreement. Therefore, these transactions qualify as party-in-interest transactions.

The Plan paid \$49,597 and \$117,228 of custodian fees during Plan years 2018 and 2017, respectively.

The Company provides certain administrative services at no cost to the Plan.

## **Notes to Financial Statements**

**July 31, 2018 and 2017**

### **Note 8: Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

### **Note 9: Subsequent Events**

Subsequent events have been evaluated through April 17, 2019, which is the date the financial statements were available to be issued.

|--------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Inflation</b>                     | 2.00% increase per year.                                                                                                                                                                                                                                                      |
|                                      | See Long-Term Capital Market Assumptions link.                                                                                                                                                                                                                                |
| <b>Asset return</b>                  | 6.25% for the current plan year.                                                                                                                                                                                                                                              |
|                                      | The asset return is developed as a weighted average rate based on the target asset allocation of the plan and the long-term capital market assumptions. The calculated return is on an arithmetic mean basis. For details, see the Long-Term Capital Market Assumptions link. |
| <b>Expected expense</b>              | The expected expense included in target normal cost is an estimate based on prior year expenses paid from plan assets, with an updated estimate of PBGC premiums. This is the best estimate available of upcoming year's expenses.                                            |
| <b>Retirement</b>                    | Active and inactive participants are assumed to retire at normal retirement age as defined in <u>Plan provisions</u> .                                                                                                                                                        |
|                                      | This assumption is based on the results of recent experience analysis and anticipated future experience.                                                                                                                                                                      |
| <b>Upcoming year salary increase</b> | The preceding year's salary is increased by 4.50% at each age. Note: not used for Plan accounting calculations.                                                                                                                                                               |
|                                      | Expected salary increase is composed of salary inflation, a real wage growth and a merit increase. This reflects company salary increase philosophies along with more recent experience of the plan participants.                                                             |
| <b>Disability</b>                    | None. This plan does not offer a subsidized disability benefit therefore the disability assumption is built into the withdrawal assumption.                                                                                                                                   |
| <b>Marriage</b>                      | 80% married; husbands are 3 years older than wives.                                                                                                                                                                                                                           |
|                                      | This assumption does not have material impact on the results of this report and has been selected based on our best estimate of active workforce.                                                                                                                             |

|                                         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |

Methods selected by plan sponsor

**Asset method**

The asset valuation method is prescribed by law for plans that elect to use a value other than market value.

For each of the preceding two years, an expected value of assets at the end of the year is compared to the end of year market value. The resulting gain or loss is recognized evenly over three plan years.

The expected value includes contributions, distributions, any deducted administrative expenses, and expected earnings (based on the lesser of the assumed interest rate or the maximum allowable rate). The deferred gains and losses are added to the current market value and then restricted to no more than 110% and no less than 90% of that market value.

When actual returns exceed the assumed return, the actuarial value of assets will lag below market value. The lag and the smoothing effect are limited since the value must be within 10% of market value.

**Segment rates**

24-month average with no weighting to prior law basis. Use rates where March is the last month included in the average.

**PBGC premium basis**

Variable Rate Premiums are calculated using census, market value of assets and interest rates in effect on the current valuation date. Interest rates are the 24-month average rates used for annual cost but without the interest rate corridor defined in IRC §430(h)(2)(C)(iv). You elected this Alternative interest method for the 08/01/2009 plan year and this method must be used for five years before a change can be made.

Methods elected by actuary

**Retirees**

Assets and liabilities for current and future retirees are included.

**Vested benefits**

A benefit is included in vested benefits if it meets the requirements under PBGC. The benefit is multiplied by the participant's vesting percentage applicable to each benefit on the valuation date.

The following ancillary benefits are always treated as nonvested: disability benefits payable to retirement age unless in pay status, pre-retirement death benefits in excess of the survivor annuity death benefit and post retirement death benefits for non-retired participants except as noted in the Plan provisions.

Assumptions and methods elected by actuary - plan accounting (ASC 960)

With the exceptions below, all assumptions and methods are the same as those used in determining your plan's regular funding target and target normal cost.

**Mortality**

Based on RP-2006 total dataset mortality table projected to future years with historical and assumed mortality improvement (MI) rates using the Principal Mortality Improvement Scale (PFG2013-10).

RP-2006 is a baseline mortality rates table underlying the SOA RP-2014 experience study as of central year of the experience data for 2004-2008 years. The Principal Mortality Improvement scale is based on the SOA MI model RPEC\_2014\_v2017 and Principal-selected assumption set published November 2017. For detailed rationale please see full [Mortality documentation](#).

**Interest rate used to value liabilities**

5.75%

The interest rate used to value ASC 960 liabilities is developed as long-term expected geometric return on plan assets. Arithmetic expected return is calculated as the weighted average of broad asset classes' arithmetic returns of the plan's target asset allocation, and then converted to the geometric under lognormal distribution assumption. For details, see Long-Term Capital Market Assumptions link.

**Treatment of administrative expenses**

No adjustments are made for administrative expenses, either through a reduction in the discount rate or by calculating a present value of future expenses.

Plan sponsors may change their administrative expense handling at any time. Our approach provides consistent handling of ASC 960 liabilities from year to year, whether expenses are paid with plan assets or directly by the employer.

Note - expenses paid with plan assets are required to be included in funding normal cost. As a result, the plan is reimbursed annually through required funding. Exception – contributions are not required due to assets sufficiently in excess of liabilities to fund both expenses and normal cost. In this case, administrative expenses are taken from the excess assets.

**Statement by Enrolled Actuary**

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Line 2a - Explanation of Assets  
UNITED OHIO INSURANCE COMPANY PENSION PLAN  
EIN 34-1008736 Plan No. 001

The market value of assets on line 2a does not equal assets shown on Schedule H, Schedule I or Form 5500-SF. Schedule H, Schedule I and Form 5500-SF use the full value of contributions received after plan year end. Line 2a includes the value of \$3,408,000 contributions received after the plan year end with a discounted value of \$3,322,339.

Schedule SB, Line 22 - Description of Weighted Average Retirement Age  
 UNITED OHIO INSURANCE COMPANY PENSION PLAN  
 EIN 34-1008736 Plan No. 001

Active participants are expected to retire at the plan's assumed retirement age. The retirement rate reflects only those participants who meet retirement eligibility. An active participant working past assumed retirement age is expected to retire at current age.
