Centrex Plastics, LLC 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Centrex Plastics, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all eligible employees of Centrex Plastics, LLC (the Company). The Plan covers eligible employees who have completed 60 days of service, as defined, and attained 18 years of age. Eligible employees may enter the Plan on the first day of January, April, July or October. Effective January 1, 2010, the Plan was retroactively amended to permit eligible employees to enter the Plan upon date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may elect to defer up to the maximum contribution amount allowed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). In addition, the Plan allows for employer matching contributions equal to 15 percent of the first 5 percent of compensation that a participant contributes to the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the employer matching contributions is based on years of credited service and are subject to the following vesting schedule:

<u>Years of service</u>	<u>Vested percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Centrex Plastics, LLC 401(k) Plan

Notes to Financial Statements

Forfeited accounts

At December 31, 2013, 2012 and 2011 forfeited non-vested accounts totaled \$1,602, \$1,506, and \$1,180 respectively. These accounts may be used to reduce future employer contributions or pay Plan expenses.

Notes Receivable from Participants

Participants may borrow against their account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance under the Plan, as defined. Notes receivable terms range from 1 to 5 years or longer if the note receivable is for the purchase of a primary residence. The loans are secured by the balance in the participant's account. The loans bear interest at a rate commensurate with local prevailing rates, as determined by the Plan administrator. A participant may have no more than one outstanding loan. Principal and interest is paid ratably through payroll deductions.

Payment of benefits

Upon death, disability, retirement or termination of services, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Partial withdrawals or installments are permitted for required minimum distributions. Upon reaching age 59 ½, participants in service may elect to receive distributions of their fully vested account balance. Hardship distributions may be authorized by the Plan administrator under certain conditions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Centrex Plastics, LLC 401(k) Plan

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013, 2012 or 2011. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Excess Contributions Payable

The Plan failed to pass the Actual Deferral Percentage (ADP) test and the Actual Contribution Percentage (ACP) test for the 2013 and 2012 Plan years. Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The accompanying statements of net assets available for benefits include \$10,064 and \$20,615 as of December 31, 2013 and 2012, respectively, in excess contributions payable to participants.

In order to correct the failure of the ADP and ACP tests for the 2013 and 2012 Plan years, federal law generally requires that corrective distributions be made no later than December 31, 2014 and 2013, respectively. The Company did not fully settle the 2013 and 2012 corrective distribution obligation during 2014 and 2013. However, as permitted under applicable IRS guidance, the Company opted to correct the 2013 and 2012 nondiscrimination testing failures in 2015 using the one-to-one correction method, which generally requires an excess contribution amount be refunded to highly compensated employees and a qualified nonelective contribution be made by the Company to the Plan in the same amount and allocated to certain nonhighly compensated employees. The accompanying statements of net assets available for benefits include \$20,609 and \$10,064 at December 31, 2013 and 2012, respectively, in other employer contributions receivables.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

3. Information Certified by the Trustee

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator has elected to restrict the scope of the auditor's examination. Certain information disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2013 and 2012, net appreciation in fair value of investments, and interest income for the years then ended, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Nationwide Trust Company, FSB (Nationwide), the trustee. Auditing procedures have not been performed on this information except to compare such information to the information included in the accompanying financial statements and supplemental schedules.

Centrex Plastics, LLC 401(k) Plan

Notes to Financial Statements

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013, 2012 and 2011.

Money market fund: The fair value of the money market fund is valued based on the daily close price which represents the net asset value (NAV). The money market fund seeks to preserve the value of the investment at \$1.00 per share.

Trust mutual funds: Retail mutual funds held within Nationwide Financial Services, LLC's (Nationwide Financial) Omnibus account. The fair values of units in the trust mutual funds (the funds) are based upon net asset value (NAV) of such funds which are provided by Nationwide Financial. The NAV is used as a practical expedient to estimate fair value. The unit value is not the same as net asset value reported by the underlying mutual funds. These funds are reported at unit value on a daily basis, as determined by Nationwide Financial, which is determined utilizing the net asset value based on the quoted market price of each retail mutual fund, including dividends and capital gains declared, reduced by a daily asset management charge percentage. This practical expedient is not used when it is determined to be probable that the trust mutual funds will sell the investment for an amount different than the reported NAV. The funds allow for daily contributions and redemptions.

Centrex Plastics, LLC 401(k) Plan

Notes to Financial Statements

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013, 2012 and 2011:

Assets at Fair Value as of December 31, 2013:

Centrex Plastics, LLC 401(k) Plan

Notes to Financial Statements

5. Trust Mutual Funds

The Plan holds investments in Nationwide Financial trust mutual funds. The investment strategies of significant trust mutual funds are as follows:

The Nationwide Investor Destinations Moderately Aggressive Fund seeks to maximize total investment return for a moderately aggressive level of risk. The fund is a “fund of funds” that invests primarily in affiliated mutual funds representing a variety of asset classes. Through investments in the underlying funds, the fund invests a significant portion of its assets in equity securities, such as common stocks of U.S. and international companies, including smaller companies, and a smaller portion in bonds.

The Nationwide Investor Destinations Moderate Fund seeks to maximize total investment return for a moderate level of risk. The fund is a “fund of funds” that invests primarily in affiliated mutual funds representing a variety of asset classes. It also invests in certain underlying funds that are not index funds. The fund aims to provide diversification across major asset classes such as U.S. stocks, international stocks and bonds by investing primarily in mutual funds offered by Nationwide Mutual Funds and a fixed interest contract issued by Nationwide Life Insurance Company.

The Nationwide Investor Destinations Aggressive Fund seeks to maximize total investment return for an aggressive level of risk. The fund is a “fund of funds” that invests primarily in affiliated mutual funds representing a variety of asset classes. Each underlying fund invests directly in equity or other securities, as appropriate to its investment objective and strategies.

6. Tax Status

The Company adopted a non-standardized prototype profit sharing plan with a cash or deferral arrangement that received a favorable opinion letter from the IRS dated March 31, 2008. The Plan administrator believes that the Plan and related trust is designed and operating in accordance with applicable sections of the Internal Revenue Code (IRC). Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, 2012 and 2011 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. See Note 10 relating to participation in the Delinquent Filer Voluntary Compliance Program.

Notes to Financial Statements

7. Plan Termination

The Company has the right under the Plan to discontinue their contributions and to terminate the Plan subject to the provisions of ERISA. See subsequent event discussed in Note 12. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

8. Party in Interest Transactions

Plan investments consist of a money market fund and trust mutual funds offered by Nationwide. Nationwide is the trustee as defined by the Plan, therefore, these transactions qualify as party in interest transactions.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

10. Delinquent Filer Voluntary Compliance Program

The Plan is entering the Department of Labor's (DOL's) Delinquent Filer Voluntary Compliance Program (DFVCP) to comply with the DOL filing requirements and is filing past due Form 5500's along with audited financial statements. The Company does not expect the DFVCP submission to affect the Plan's tax status.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2013, 2012 and 2011:

Changes in net assets available for benefits per the Form 5500	<u>\$ 157,699</u>	<u>\$ 84,667</u>

12. Subsequent Event

The Plan has evaluated subsequent events through May 3, 2019, the date the financial statements were available to be issued.

During April 2018, the Company was acquired by American Plastics, LLC. Effective January 2019, the Plan was frozen to contributions and all participants became eligible to participate in the American Plastics 401(k) Plan. Plan management's intention is to terminate the Plan after the delinquent Form 5500s are filed through the DFVCP (see Note 10).

13. Delinquent Participant Loan Repayments

There were unintentional delays by the Company in remitting participant loan repayments to the trustee in the aggregate amount of \$2,623. The delinquent loan repayments were remitted to the Plan during 2012. The Plan intends to compensate the participants for lost earnings and is currently working with the trustee to correct as soon as possible.
