BROOKSIDE PARTNERS 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF THE PLAN

The following brief description of the Brookside Partners 401(k) Profit Sharing Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Parkland Preparatory Academy 401(k) Profit Sharing Plan was established as of August 1, 2012. On August 1, 2017, Brookside Partners, LLC (Employer) restated the plan which included changing the plan name to Brookside Partners 401(k) Profit Sharing Plan. The Plan is a defined contribution plan covering all employees of the Employer who have at least three consecutive months of service or 1,000 hours of service during a 12-consecutive month period and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Account of 1974 (ERISA), as amended. The Plan Administrator is responsible for oversight of the Plan.

Contributions

Each year, participants may contribute up to the annual additions limitations provided for by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

The Plan is a safe harbor plan. The Employer is required to make a contribution of not less than 3% of compensation to eligible participants.

The Employer may also make discretionary match contributions and discretionary profit share contributions to the Plan on behalf of each Participant at the option of the Employer. During the year ended July 31, 2018, there were no discretionary match contributions made to the Plan. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Employer's contribution, plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Investment Options

Participants direct the investment of their contributions and the Employer's contributions to selected investment options as offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are immediately vested in their contributions and employer safe harbor contributions plus actual earnings thereon. Vesting in the Employer's discretionary matching and profit sharing contribution portion of their accounts is based on years of continuous service. Benefits vest as follows:

Years of Credited Service	Vested Percentage (%)
Less than 2	0
2	20
3	40
4	60
5	80
6 or greater	100

Notes Receivable from Participants

Participants may borrow, in the event of a Participant’s hardship or for the purpose of enabling a Participant to meet certain specified financial situations, from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The interest rate is set on the date of loan issuance and is 2% above the prime interest rate as published from time to time in the Wall Street Journal. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, a beneficiary receives a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Hardship and in-service distributions are allowed by the plan.

Forfeited Accounts

At July 31, 2018 and 2017, there were no forfeited nonvested accounts. Forfeitures will first be used to pay administrative expenses. Any remaining forfeitures will then be used to reduce future Employer contributions. During the plan year ended July 31, 2018, no forfeitures were utilized to pay Plan expenses.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determined the Plan's valuation policies utilizing information provided by the custodians. See Note 4 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of July 31, 2018 and 2017.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distribution processing are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in the net appreciation in fair value of mutual funds and net appreciation in fair value of collective investment trust.

Income Tax Status

The Plan adopted the Alliance Benefit Group of Illinois Volume Submitter Profit Sharing Plan with CODA document. The Employer is relying on an advisory letter issued by the Internal Revenue Service as evidence that the Plan is qualified and the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by applicable taxing authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods are in progress. The plan administrator believes that the plan is no longer subject to income tax examinations for years prior to July 31, 2015.

Subsequent Events

The Plan has evaluated subsequent events through May 10, 2019, the date the financial statements were available to be issued.

NOTE 3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Charles Schwab Bank as of and for the period from September 29, 2017 to July 31, 2018 and Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC for the period from August 1, 2017 to September 29, 2017 and as of and for the year ended July 31, 2017.

	2018	2017
Investments at fair value	$ 1,101,272	$ 773,695
Notes receivable from participants	4,185	2,000
Investment income	75,293	

NOTE 4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access at the measurement date.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology that are unobservable a

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at July 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at $1 per share which approximates fair value.

Pooled separate accounts: Valued at the NAV of units as determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions.

Collective investment trust: Valued at the NAV of units of a collective trust fund. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less it liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of July 31, 2018 and 2017.

Investments at Fair Value as of July 31, 2018

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,021,493	$ -	$ -	$ 1,021,493
Money market fund	9,549	-	-	9,549
Total assets in the fair value hierarchy	$ 1,031,042	$ -	$ -	1,031,042
Collective investment trust measured at net asset value (a)				70,230
Investments at fair value				$ 1,101,272

Investments at Fair Value as of July 31, 2017

	Level 1	Level 2	Level 3	Total
Pooled separate accounts measured at net asset value (a)				$ 773,695

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of July 31, 2018 and 2017, respectively.

July 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective investment trust	$ 70,230	n/a	Daily	none

July 31, 2017	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 773,695	n/a	Daily	none

NOTE 5. RELATED PARTY TRANSACTIONS

ABG Retirement Plan Services (third party administrator), Charles Schwab Bank (Custodian), Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (Custodian and recordkeeper) qualify as parties-in-interest. Fees paid totaled $1,000 during the year ended July 31, 2018.

The Employer provides certain accounting and administrative services to the Plan for which it receives no compensation.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
