INDEPENDENT AUDITORS' REPORT

To the Pension Committee and Participants of the ContiTech USA, Inc. Defined Benefit Plan:

We were engaged to audit the accompanying financial statements of the ContiTech USA, Inc. Defined Benefit Plan (the "Plan"), which comprise the statements of net assets available for benefits as of July 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with generally accepted accounting principles in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with generally accepted auditing standards in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient and appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank and Trust Company and KeyBank National Association (collectively, the Trustees of the Plan), except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustees hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the Trustees as of and for the years ended July 31, 2018 and 2017, that the information provided to the plan administrator by the Trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient and appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on the financial statements.

Other Matter - Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of July 31, 2018 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with the DOL's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustees, have been audited by us in accordance with generally accepted auditing standards in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Schedule SB, Part V — Summary of Plan Provisions

SUMMARY OF MAJOR PLAN PROVISIONS

Defined Benefit Plan

Effective date and plan year	Original plan: August 1, 2007 Plan year: August 1 through July 31
Status of the plan	The plan has ongoing benefit accruals and new employees are eligible to participate once they meet the eligibility requirements.
Significant events that occurred during the year	A restated plan document was executed on June 4, 2015 and any changes in the plan provisions have been incorporated into the valuation.
DEFINITIONS	
• Sponsoring employer	ContiTech USA, Inc.
• Participation	Collectively bargained or hourly-rated employees, excluding Leased or New Hire employees and independent contractors. Participation begins immediately upon hire.
• Continuous Service (for purposes of eligibility and vesting)	Elapsed time from date of hire, in years and nearest months. Includes Continuous Service as of the Effective Date under the 1950 Pension Plan for Employees of Goodyear Tire & Rubber.
• Credited service	Elapsed time from date of hire, in years and nearest months. Includes Continuous Service as of the Effective Date under the 1950 Pension Plan for Employees of Goodyear Tire & Rubber. *Excludes service accrued while in a non-bargaining job.*
• Accrual Rate	$55.00 per month per year of service. $58.00 per month per year of service effective for terminations after August 1, 2009. $60.00 per month per year of service effective for terminations after September 1, 2012.
• Accrued benefit	Credited service times accrual rate. The amount is reduced by the 1950 Pension Plan benefit. The 1950 Pension Plan benefit is calculated as if receipt commenced on the same date, regardless of whether the participant is actually eligible to be paid.
NORMAL RETIREMENT	
• Eligibility	Age 65 or five years of service, if later.
• Benefit	Accrued benefit.
EARLY RETIREMENT	
• Eligibility	Reduced Benefit: A) Age 55 with 10 years of service. Unreduced Benefit: B) 10 years of service and age 62 at termination of employment or C) 30 years of service.

Schedule SB, Part V — Summary of Plan Provisions

• Benefit	Reduced Benefit: A) Accrued benefit reduced 4.8% for each year that early retirement precedes age 62. Unreduced Benefit: B) Accrued benefit C) Accrued benefit plus supplemental benefit
TEMPORARY EARLY RETIREMENT SUPPLEMENT (TERS)	
• Eligibility	Age 55 and 30 years of service
• Benefit	If participant has not commenced Goodyear benefit • Monthly benefit equal to – Accrual rate x credited service (including prior Goodyear service) plus – $3 x all credited service plus – $6 x all credited service in excess of 30 years plus – $10 x each year age in excess of age 55 plus – $250 minus – Monthly benefit under early retirement provision minus – Goodyear benefit under early retirement provision If participant has commenced Goodyear benefit • Monthly benefit equal to greater of $0 and – Accrual rate x credited service (ignoring prior Goodyear service) plus – $3 x all credited service plus – $6 x all credited service in excess of 30 years plus – $10 x each year age in excess of age 55 plus – $250 minus Monthly benefit under early retirement provision
• Payment	• Payable until earlier of age 62 or eligibility for Social Security age or disability benefit. • At age 62, the benefit amount is recalculated based on Social Security Normal Retirement Age. Supplement is payable until participant reaches age that is 3 years earlier than Social Security Normal Retirement Age or otherwise becomes eligible for Social Security age or disability benefit, per schedule in Article III, Section 3(e)(ii).
LATE RETIREMENT	
• Eligibility	Retirement after normal retirement age.
• Benefit	Accrued benefit determined as of late retirement date.

Schedule SB, Part V — Summary of Plan Provisions

DEFERRED VESTED	
• Eligibility	5 years of service.
• Benefit	Accrued benefit payable at normal retirement age. Actuarially reduced benefit for commencement prior to age 65 if greater than 10 years of service.
DISABILITY	
• Eligibility	Permanently incapacitated for 5 consecutive months prior to normal retirement age, with 10 years of continuous service.
• Benefit	Accrued benefit payable immediately, offset by the 1950 Pension Plan benefit deferred to the later of age 55 or actual commencement under this plan.
TEMPORARY DISABILITY SUPPLEMENT	
• Eligibility	Payable if eligible for Disability pension prior to age 55.
• Benefit	Benefit is the 1950 Pension Plan deferred vested pension amount payable at age 55, and is payable until age 55.

POST-RETIREMENT DEATH	
• Eligibility	Participant must be receiving a pension and not available to those who received a lump sum under 1950 Pension Plan for Employees of Goodyear Tire & Rubber.
• Benefit	$4,500 payable in event of death of pensioner, to participant's surviving spouse or estate (if not married).

Schedule SB, Part V — Summary of Plan Provisions

UNPREDICTABLE CONTINGENT EVENT BENEFITS	
• Event	Plant Closure
• Unreduced Benefit	In the event of a plant closure an Employee who has completed either: • at least 25 years of continuous service but has not attained age 55, or • at least 5 years of continuous service and has attained age 55 and whose employment is terminated as a result of such plant closure, shall receive an immediate monthly pension based on continuous service as of the date of termination of employment.
• Lump-Sum Eligibility	Employment is terminated as a result of a plant closure after August 1, 2007, participant has at least five years of continuous service, is not eligible for a pension under any other pension plan of any Employer, other than a normal, early or deferred vested pension from this plan, and not eligible for a Service Award or Separation Payment. The one-time lump-sum payment is equal to the present value of the normal, early, or deferred vested pension.
FORM OF BENEFITS	
• Automatic form for unmarried participants	Five years certain and life
• Automatic form for married participants	50% Joint & Survivor
• Optional forms	• 100% or 50% Contingent Annuitant (first 60 months of payments are guaranteed at the Life and 5-Year Certain rate) • 10, 15, or 20 years Life and Period Certain (first 60 months of payments are guaranteed at the Life and 5-Year Certain rate) • 100% or 50% Contingent Coverage (first 60 months of payments are guaranteed at the Life and 5-Year Certain rate; if the spouse pre-deceases the participant, the benefit pops up to the Life and 5-Year Certain rate) • Special 75% Joint and Survivor • Lump Sum – Automatic cashout if present value of Retirement Benefit is less than or equal to $1,000. – Optional cashout if present value of Retirement Benefit is between $1,000 and $5,000.

Schedule SB, Part V — Summary of Plan Provisions

• Optional form conversion factors	• UP-1984 Mortality Table with a 3-year setback for spouse mortality; 6.0% interest • Lump sums – more favorable of the following four lump sum calculations – UP-1984 Mortality Table with 6.0% interest – UP-1984 Mortality Table and the current interest rates utilized by the PBGC. (If this lump sum exceeds $25,000, 120% of the PBGC rate shall be used to determine the PBGC lump sum.) – GATT-2003 Mortality Table with the 30-year Treasury rate for the prior March – PPA Mortality Table with segmented interest rates for the prior March
MISCELLANEOUS	
• Special awards	Employee may elect immediate distribution in the event of involuntary termination or layoff. Benefit is actuarially reduced accrued benefit.
• Maximum benefits	Annual benefits may not exceed the limits in IRC Section 415. This limit is indexed annually. For 2017, the limit is $215,000.

Benefits Included or Excluded

Unless noted below, all benefits provided by the plan are included in this valuation:

- **Most recent plan amendments included:** The eighth amendment executed as of May 23, 2017 is included because it was adopted by the prior valuation date and is effective by the end of the prior plan year.
- **Plan amendments excluded:** None
- **Late retirement increases:**
  – *Active participants:* Late retirement increases are not provided for active participants because the plan provides benefit suspension notices to participants who work beyond normal retirement; therefore, late retirement actuarial increases only apply to participants who defer retirement beyond age 70½.
  – *Deferred vested participants:* Current deferred vested participants over normal retirement age are not valued including the late retirement actuarial increase because it is deemed not significant.
- **Internal Revenue Code limitations:** The limitations of Internal Revenue Code Section 415(b) and 401(a)(17) have been incorporated into our calculations.
- **IRC Section 416 rules for top-heavy plans:** We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60% of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target and target normal cost do not reflect any liability for top-heavy benefit accruals.

Schedule SB, Part V — Summary of Plan Provisions

PLAN PROVISIONS SPECIFIC TO FUNDING

Additional Benefits Included or Excluded

- **IRC Section 436 benefit restrictions:**
  - *Unpredictable contingent event benefits:* This valuation excludes restricted contingent event benefits that occurred before the valuation date but includes contingent event benefits which are expected to occur on or after the valuation date regardless of anticipated funding-based limitations.
  - *Plan amendments:* See above.
  - *Prohibited payments:* Limitations on prohibited benefits (if any) are reflected for annuity starting dates before the valuation date but are ignored for annuity starting dates on or after the valuation date.
  - *Benefit accruals:* The plan's funding target does not reflect any limitation on benefit accruals. The target normal cost does not reflect any limitation on benefit accruals.

  Unpredictable contingent event benefits: This valuation does not value the plan's unpredictable contingent event benefits, which are summarized above, because the likelihood of an event is de minimis.

RATIONALE FOR ECONOMIC ASSUMPTIONS

- Expected investment return – The expected rate of return on plan assets is based on a blend of 25% of the hypothetical past performance of the plan's target asset mix (adjusted for anticipated market conditions over the life of the plan) and 75% of the median simulated 20-year investment return for the plan's target asset mix using capital market assumptions published in Mercer Investment Consulting's *Capital Markets Outlook* and rounded to the nearest 10 basis points. Historical and median results are adjusted to reflect a 20 basis point reduction for passive asset management costs. Realization of future alpha for active investment management, if applicable, is assumed to be offset by additional investment services fees associated with such active management.
- Discount rate – The discount rate is prescribed by the plan sponsor through an election from allowable alternatives under IRS regulations.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

ACTUARIAL METHODS FOR FUNDING

Asset Methods

The asset valuation method is an average of the adjusted market value for each year during the last two years preceding the valuation date. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is adjusted to be no greater than 110% and no less than 90% of the fair market value, as defined in IRC Section 430.

A characteristic of this asset method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than the market value.

Participant Methods

Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** The plan sponsor provides us with data on all union employees participating in the plan as of the valuation date.
- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break in service on the valuation date are treated as terminated participants.
- **Insurance contracts**: The plan does not have any insurance contracts.

Minimum Funding Methods

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- The plan's valuation date is the beginning of the plan year.
- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual are the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

- The plan's **target normal cost** is the sum of the individual target normal costs, and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.
- The **Temporary Early Retirement Supplement** (***TERS)*** has benefits not based on accrued benefit or service. Benefits not based on accrued benefit or service are attributed by the ratio of years of service at the valuation date divided by the years of service at the time of the event that causes the benefit to be payable in accordance with final PPA regulations.

INDEPENDENT AUDITORS' REPORT

To the Pension Committee and Participants of the ContiTech USA, Inc. Defined Benefit Plan:

We were engaged to audit the accompanying financial statements of the ContiTech USA, Inc. Defined Benefit Plan (the "Plan"), which comprise the statements of net assets available for benefits as of July 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with generally accepted accounting principles in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with generally accepted auditing standards in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient and appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank and Trust Company and KeyBank National Association (collectively, the Trustees of the Plan), except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustees hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the Trustees as of and for the years ended July 31, 2018 and 2017, that the information provided to the plan administrator by the Trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient and appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on the financial statements.

Other Matter - Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of July 31, 2018 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with the DOL's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustees, have been audited by us in accordance with generally accepted auditing standards in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. PLAN DESCRIPTION

The following description of the ContiTech USA, Inc. Defined Benefit Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - On August 1, 2007, ContiTech USA, Inc. (the "Employer"), previously known as Veyance Technologies, Inc., was acquired from the Goodyear Tire & Rubber Company. The Board of Directors of the newly formed company entered into a pension, insurance and service award agreement with the United Steel Workers and the Local Unions thereof effective August 1, 2007. In January 2015, the Employer was acquired by Continental ContiTech. The Plan is administered by the Employer's Pension Committee. The Pension Committee has overall responsibility for the operation and administration of the Plan. The Pension Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan is a defined benefit plan, which became effective August 1, 2007. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan covers all bargaining employees of the Employer who have at least one hour of service, excluding leased or new hire employees. New hire employees are employees hired by the Goodyear Tire and Rubber Company after December 22, 2006 or by the Employer after July 31, 2007, who shall be in a job classification other than technical maintenance. Individuals employed by the Goodyear Tire & Rubber Company prior to the acquisition of the Employer were eligible to carry forward their continuous years of service incurred at the Goodyear Tire & Rubber Company. The Plan provides for pension, death, disability, service and separation benefits calculated under formulas principally based on length of service. Participants may elect to receive their pension benefits in a normal retirement annuity or a joint and survivor annuity.

Normal retirement age is 65; however, early retirement provisions are available to participants who have attained age 55 and have completed at least 10 years of continuous service, or to participants who have completed at least 30 years of service.

Master Trust - The assets of the Plan are maintained, for investment purposes only, on a commingled basis with the assets of the Pension Plan for Hourly-Paid Employees of Continental Automotive, Inc. and Certain Affiliated Companies, the Pension Plan for Salaried Employees of Continental Automotive, Inc. and Certain Affiliated Companies, the Continental NA Pension Plan, the Continental NA Automotive Union Pension Plan (Huntsville) and the Pension Plan for Hourly Employees of Continental NA Automotive (collectively, the "Participating Plans") in the Master Trust. These plans do not own specific assets of the Master Trust, but rather a proportionate beneficial interest or investment percentage. Accordingly, each plan's investment percentage changes regularly, based on daily transactions specific to each plan. Investment income for each fund is allocated to each plan based on the relationship of each plan's beneficial interest in the fund to the total beneficial interest of all plans in the fund.

Vesting - A participant is 100% vested after five years of credited service.

Death and Disability Benefits - If a participant with five or more years of service dies at age 55 or older, an immediate benefit is payable to the participant's surviving spouse in the form of a 50% joint and survivor annuity. If the participant's death occurs prior to age 55, spousal benefits commence on the first day of the month following the 55th anniversary of the participant's birth date unless the lump-sum present value of such benefits is less than $5,000, in which case the spouse is entitled to an immediate lump sum payment in lieu of future monthly payments.

If an active participant with 10 or more years of service becomes permanently and totally disabled, at any age, unreduced retirement benefits are payable for life or until permanent and total disability ceases. Disability recipients may elect to receive benefits under one of several actuarially equivalent forms of payment.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Concentration of Credit Risk - As of July 31, 2018, the Master Trust and the Plan place their temporary cash and cash equivalents with high credit quality financial institutions. At times, such cash may be in excess of the Federal Depository Insurance Corporation insurance limit. The plan administrator believes these financial institutions have strong credit ratings and that credit risk related to these deposits is minimal.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. See Note 4 for disclosure of fair value measurements.

Investments, and the income therein, are allocated to the Participating Plans based on each plan's participation in investment options within the Master Trust. Accordingly, the Plan's investment income, includes its allocable share of the Master Trust's interest and dividend income and net appreciation in fair value of investments.

The Plan's interest-bearing cash held outside of the Master Trust records purchases and sales of securities on a trade-date basis. Interest income is recorded on the accrual basis.

Contributions and Funding - The Plan's funding policy is for the Employer to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. Annual employer contributions to the Plan are made based upon actuarially determined amounts, calculated by the Plan's actuary, subject to a floor of $5,500,000 per the Employer's agreement with the United Steelworkers of America. For the years ended July 31, 2018 and 2017, the Employer made contributions of $11,115,000 and $10,620,000, respectively. The Employer's contributions for the years ended July 31, 2018 and 2017 exceeded the minimum funding requirements of ERISA.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Administrative Expenses - The Plan's expenses are paid either by the Plan or the Employer, as provided by the plan document. Expenses that are paid directly by the Employer are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in the plan interest in the Master Trust's income presented in the accompanying statements of changes in net assets available for benefits.

Subsequent Events - In preparing the financial statements, the plan administrator has evaluated subsequent events through May 13, 2019, which is the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY TRUSTEES

The following is a summary of the Plan's investment information as of July 31, 2018 and 2017, and for the years then ended, included in the financial statements and supplemental schedule, that was prepared by, or derived from, information prepared by State Street Bank and Trust Company ("State Street") for the and KeyBank National Association (collectively, the Trustees of the Plan), and furnished to the plan administrator. The plan administrator has obtained certifications from the Trustees that such information is complete and accurate as of and for the years ended July 31, 2018 and 2017.

Investments:		
Interest-bearing cash	$ 473,314	$ 313,929

Plan interest in the Master Trust's income (Note 5)	$ 7,449,374	$ 7,872,284
Interest income	$ 467	$ 163

4. FAIR VALUE MEASUREMENTS

Generally accepted accounting principles in the United States of America provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under generally accepted accounting principles in the United States of America are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Master Trust and the Plan have the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of July 31, 2018 and 2017.

Collective trust funds: Valued at the net asset value ("NAV") of units of a bank collective trust. The NAV, as provided by the Trustees, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Master Trust to initiate a full redemption of the collective trusts, the investment advisor reserves the right to temporarily delay withdrawal from the trusts in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments as of July 31, 2018 and 2017.

Interest-bearing cash: Valued at the ending cash balance plus any accrued interest held by the Plan as of year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes the Master Trust and Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of July 31, 2018, excluding the Plan's interest in the Master Trust:

	Level 1	Level 2	Level 3	Total
Interest-bearing cash	$ 473,314	$ -	$ -	$ 473,314

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of July 31, 2017, excluding the Plan's interest in the Master Trust:

	Level 1	Level 2	Level 3	Total
Interest-bearing cash	$ 313,929	$ -	$ -	$ 313,929

5. INTEREST IN MASTER TRUST

The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. As of July 31, 2018 and 2017, the Plan's interest in the net assets of the Master Trust was approximately 9%. Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans based upon the amount of the time the Plan's assets were invested in the Master Trust.

The following is a summary of the net assets of the Master Trust as of July 31, 2018 and 2017 and for the years then ended, that was prepared by, or derived from, information prepared by State Street and furnished to the plan administrator. The plan administrator has obtained certifications from State Street that such information is complete and accurate for the years ended July 31, 2018 and 2017.

Investments:		
Collective trust funds	$ 1,123,201,121	$ 990,325,863
Plan interest in the Master Trust	$ 101,074,432	$ 88,100,208

The following are the changes in net assets for the Master Trust for the years ended July 31, 2018 and 2017.

Investment income:		
Net appreciation in fair value of collective trust funds	$ 35,001,045	$ 40,013,567
Net transfers	97,874,213	(37,310,156)
Change in net assets	$ 132,875,258	$ 2,703,411

Net assets:		
Beginning of year	$ 990,325,863	$ 987,622,452
End of year	$ 1,123,201,121	$ 990,325,863

As of July 31, 2018 and 2017, all investments held by the Master Trust are collective trust funds, which are valued at the NAV of units held by the Plan at year-end. In accordance with ASU 2015-07, the requirement to categorize investments within the fair value hierarchy for which fair value is measured using the NAV per share practical expedient has been removed. Accordingly, as of July 31, 2018 and 2017, no investments held by the Master Trust are required to be categorized within the fair value hierarchy. See Note 4 for disclosure of the valuation methodologies used for investments of the Master Trust.

6. RISKS AND UNCERTAINTIES

The Master Trust's and the Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying statements of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the accompanying statements of net assets available for benefits.

7. TAX STATUS

The Internal Revenue Service has determined and informed the Employer by a letter dated October 26, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Generally accepted accounting principles in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of July 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of any tax period in progress.

8. PLAN TERMINATION

Although it has not expressed any intention to do so, the Employer has the right under the Plan, pending approval of applicable requirements under the collective bargaining agreements, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding the Plan's termination.

- Other vested benefits insured by the Pension Benefit Guaranty Corporation ("PBGC") (a U.S. government agency) up to the applicable limitations.
- All other vested benefits (that is, vested benefits not insured by the PBGC).
- All nonvested benefits.

Any funds remaining after the satisfaction of all liabilities under the Plan with respect to participants, transferred retirees or their beneficiaries shall be returned to the Employer. In the event of a partial termination of the Plan, the interests in the Plan of all participants affected by such partial termination shall be fully vested and non-forfeitable to the extent funded as of the date of such partial termination.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivors' pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Employer and the level of benefits guaranteed by the PBGC.

9. TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain investments of the Master Trust and the Plan are managed by the Trustees, as defined by the master trust agreement and plan document, and therefore, these transactions qualify as exempt party-in-interest transactions. The Trustees receive investment and administrative fees as a result of these activities. Certain other third party administrative expenses were paid by the Employer on behalf of the Plan. These transactions qualify as exempt party-in-interest transactions.

10. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the plan are accumulated based on employees' compensation during each year of credited service. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The computations of the actuarial present value of accumulated plan benefits were made as of August 1, 2017. Had the valuation been performed as of July 31, 2017 there would be no material differences. The significant actuarial assumptions used in the valuations as of July 31, 2017 were:

Discount rate	3.95%
Mortality basis after normal retirement age	Adjusted RP-2014 mortality, sex distinct, generational projection with scale MP-2017, blue collar adjustments
Assumed retirement date	Age 62
Expected long-term return on assets	3.95%, net of expenses

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The total actuarial present value of accumulated plan benefits as of July 31, 2017 is as follows:

Vested benefits:	
Active participants	$ 71,452,878
Inactive participants with deferred benefits	2,973,756
Inactive participants receiving benefits	47,262,355
Total vested benefits	121,688,989
Nonvested benefits	14,013,295
Actuarial present value of accumulated plan benefits as of end of year	$ 135,702,284

The change in the actuarial present value of accumulated plan benefits during the year ended July 31, 2017 is as follows:

Actuarial present value of accumulated plan benefits as of beginning of year	$128,101,632
Increase (decrease) attributed to:	
Benefits accumulated and losses	10,563,765
Increase for interest due to decrease in discount period	4,668,788
Benefits paid	(3,541,248)
Change in actuarial assumptions	(4,090,653)
Net increase	7,600,652
Actuarial present value of accumulated plan benefits as of end of year	$ 135,702,284
