INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
the Cattlemens Profit Sharing Plan

We have audited the accompanying financial statements of Cattlemens Profit Sharing Plan, which comprise the statements of net assets available for benefits as of August 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Cattlemens Profit Sharing Plan as of August 31, 2017 and 2016, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held at the End of the Year, Schedule of Assets Acquired and Disposed of Within the Year, and Schedule of Reportable Transactions, together referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

CATTLEMENS PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

August 31, 2017 and 2016

NOTE 1 – DESCRIPTION OF PLAN

The following description of Cattlemens Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a profit sharing plan covering all employees of the Company who are eighteen years of age or older and meet certain service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan.

Contributions

Contributions to the Plan are made at the discretion of the Board of Directors of Cattlemens, Inc. Under provisions of the Plan, employee contributions are neither required nor allowed.

Participant accounts

Each participant's account is credited with the participant's allocation of (a) the Company's contribution, (b) the Plan's earnings, and (c) the forfeitures of terminated participants' nonvested accounts. Allocations are based on participant compensation or beginning account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Vesting is based on years of service. Plan participants begin vesting after two years of service and are fully vested after six years of service.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their nonforfeitable (vested) account balance. The notes are secured by the balance in the participant's account and bear interest at a rate that is comparable to the rate being charged by institutional lenders in Santa Rosa, California. Principal and interest is paid through payroll withholding in substantially level payments.

Payments of benefits

On termination of service, a participant receives a lump-sum amount or installments over not more than five years equal to the value of their account.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Forfeited accounts

At August 31, 2017 and 2016, forfeited nonvested accounts totaled $14,635 and $16,290, respectively. These accounts have been reallocated to current participants in the same manner as Company contributions.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

Plan amendments

The plan was restated and amended in August 2015 as required by the Pension Protection Act of 2006 (PPA), the Heroes Earnings Assistance and Relief Tax Act of 2008 (HEART), the Emergency Economic Stabilization Act of 2008 (EFSA), the Workers Retiree and Employer Recovery Act of 2008 (WRERA). The reason for the restatement is to comply with IRS Revenue Procedure 2007-44 by incorporating all statutes, regulations and other guidance identified in the IRS 2010 Cumulative List of Changes in Plan Qualification Requirements. The IRS issued a favorable determination letter dated September 27, 2016 that includes the restated and amended plan dated August 2015. These changes do not have a significant material effect on the benefits or net assets either individually or in the aggregate of the Plan

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded as earned. As of August 31, 2017 and 2016, no allowance for credit

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes receivable from participants (continued)
losses have been recorded. If a participant does not make loan repayments, and the plan administrator considers the participant-loan to be in default, the loan balance is reduced, and the delinquent note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment valuation and income recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies. See NOTE 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits
Benefits are recorded when paid.

Operating expenses
All expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of the net realizable value or reflective of future fair values. The Plan Trustees determines the Plan's valuation policies. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value on the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are quoted prices for identical or similar assets or liabilities in inactive markets, and Level 3 inputs are

NOTE 3 – FAIR VALUE MEASUREMENTS (continued)

unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were unavailable.

Level 1 fair value measurements
The fair value of common stocks, mutual funds, corporate bonds and other investment securities are based on quoted net assets' values of the share held by the Plan at year-end. The fair value of common stocks, mutual funds, corporate bonds, and other investment securities are based on the closing price reported on the active market where individual securities are traded.

Level 2 fair value measurements
The Plan had no Level 2 investments.

Level 3 fair value measurements
Investments in Cattlemens' (plan sponsor) common stock, notes and deeds of trust, and limited liability companies are not actively traded, and significant inputs are unavailable. The fair value of Cattlemens' (plan sponsor) common stock is determined by independent appraisal using comparable companies. Notes and deeds of trust are based on the appraised value of the underlying security, or discounting the related cash flows based on current yields of comparable duration considering the credit-worthiness of the borrower. The limited liability company's assets consist of real estate. The fair values are determined by the appraised value of the real estate.

For those assets with fair value measurement using Level 3 inputs, the Plan determines the fair value measurement policies and procedures in consultation with the Company's chief financial officer and the Plan trustees. Those policies and procedures are reassessed at least annually to determine if the current valuation methodologies are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

NOTE 3 – FAIR VALUE MEASUREMENTS (continued)

Level 3 fair value measurements (continued)

The following table reconciles the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) for the year ended August 31, 2017:

	Cattlemens Common Stock	Notes Receivable	Limited Liability Company	Total
Beginning balance , September 1, 2016	$ 550,921	$ 239,912	$ 100,100	$ 890,933

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended August 31, 2017, there were no transfers into or out of Level 3.

The amount of total gains or losses for the years ended August 31, 2017 and 2016 included in changes in net assets available for benefits which were attributable to the changes in unrealized gains or losses relating to assets held at the end of each reporting

NOTE 3 – FAIR VALUE MEASUREMENTS (continued)

period was $177,488 and $119,820, respectively. Unrealized gains and losses included in changes in net assets available for benefits is reported as part of the net (depreciation) appreciation in fair value of investments.

NOTE 5 – RELATED PARTY TRANSACTIONS

A portion of the Plan's assets are investments in Cattlemens common stock. As the Company is the Plan sponsor, transactions involving Cattlemens common stock are classified as a party in interest transaction. The Plan did not purchase any Cattlemens stock during the year end August 31, 2017. The plan held 140 shares of Cattlemens common stock, at August 31, 2017 and 211 shares at August 31, 2016. In March 2017, the Plan sold 71 shares of Cattlemens common stock for $185,381 realizing a gain of $135,681. This party in interest transaction is exempt from the prohibited transaction rules of ERISA.

NOTES TO THE FINANCIAL STATEMENTS

August 31, 2017 and 2016

NOTE 6 – REPORTABLE TRANSACTIONS

A reportable transaction is any single transaction within the plan year in excess of 5% of the current value of the plan assets.

Reportable transactions in the year ended August 31, 2017

Identity of Party	Description	Selling Price	Adjusted Cost of Asset	Current Value	Net Gain(Loss)
Cattlemens	Sale of stock	$ 185,381	$ 185,381	$ 185,381	$ -

Reportable transactions in the year ended August 31, 2016

Identity of Party	Description	Purchase/Selling Price	Adjusted Cost of Asset	Current Value	Net Gain(Loss)
Schwab Short-Term Treasury	Purchase	$ 248,706	$ 248,706	$ 235,251	$ -
Oakmark Funds	Sale of Fund	452,854	439,866	452,854	12,988
Vanguard Health Fund	Sale of Fund	349,580	377,988	349,580	(28,408)

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Of these investment securities the Plan owns 140 shares of Cattlemens common stock that exceeds 20% of total plan assets held for investment. The fair market value of Cattlemens stock is $466,640 which is approximately 24% of the Plan assets held for investment. This amount could materially affect participants' accounts and exposes them to a market risk resulting from a lack of diversification. The Company has resolved to purchase 43 shares of Cattlemens common stock in March 2018 for approximately $143,000. The purchase of the 43 shares would effectively reduce the Plan's investment in Cattlemens common stock to below 20%.

NOTE 8 – TAX STATUS

The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated September 27, 2016 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities. There are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examination for years ended prior to August 31, 2012.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The net assets available for benefits per the financial statements are equal to the net assets available for benefits per the Form 5500.

NOTE 10 – CONCENTRATION OF CREDIT RISK FOR CASH DEPOSITS

Financial instruments that potentially subject the Plan to concentrations of credit risk consist principally of cash deposits at a nationally known brokerage firm. The accounts at the brokerage firm contain cash and marketable securities. Balances are insured up to $500,000, with a limit of $250,000 for cash, by the SIPC (Securities Investor Protection Corporation). At August 31, 2017 and 2016, the Plan had approximately $1,667,000 and $114,000 in excess of SIPC insured limits, respectively. The current year concentration of cash deposits is due to a distribution in September 2017 to a retired Plan participant in excess of $1,200,000.

NOTE 11 – DATE OF MANAGEMENT'S REVIEW

Subsequent events were evaluated on February 19, 2018, which is the date the financial statements were available to be issued.

NOTE 12 – SUBSEQUENT EVENT

On September 28, 2017 the Company approved the purchase of 43 shares of Cattlemen's common stock held by the Plan. According to the Plan administrator, the stock sale agreement is currently being drawn up with the Plan attorney. The repurchase price will initially be based on the appraised value of the Company stock as of August 31, 2017 and is estimated to be $143,000. In the event that the appraised value of the Company stock increases as of August 31, 2018, the Company will adjust the repurchase price accordingly. There will be no adjustment in price if the appraised value as of August 31, 2018 decreases.
