NOTE 1 – DESCRIPTION OF PLAN

Aguirre & Fields, LP 401(k) Retirement Plan (the Plan) is a qualified retirement plan adopted by Aguirre & Fields, LP (the Company), to provide employees with the opportunity to save for retirement on a tax-advantaged basis. The Plan was originally effective on January 1, 2001, and was amended effective October 1, 2018, to amend the loan program. The Plan is administered by the Company, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The summary of significant provisions of the Plan presented below provides only general information. Participants should refer to the legal plan document and trust agreement for a more complete description of the Plan's provisions.

Eligibility – All non-excluded employees of the Company who have attained age 21 and completed three months of service are eligible to participate in the Plan. The Plan's entry date is the first day of the month coinciding with or next following the date they satisfy the eligibility requirements.

Contributions – Participants may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan as a salary deferral, not to exceed the dollar limit set by law. There are two types of salary deferrals: Pre-Tax 401(k) deferrals and Roth 401(k) deferrals. Participants who are at least age 50 or will attain age 50 before the end of the calendar year may also make catch-up contributions to the Plan. The Plan includes an automatic salary deferral feature. The Company will automatically withhold 4% of an employee's compensation from their pay each payroll period and contribute that amount to the Plan as a Pre-Tax 401(k) deferral. Participants may revoke their salary deferral election at any time during the Plan year, and may make any other modification on the first day of each month.

The Plan is referred to as a safe harbor 401(k) plan, in which the Company will make a contribution equal to 3% of participants' compensation. This contribution is 100% vested.

The Company may make a discretionary matching contribution equal to a uniform percentage of participants' salary deferrals. Each year, the Company will determine the amount of the discretionary percentage. For 2018, the Company did not make any discretionary matching contributions.

The Company may also make a discretionary profit sharing contribution to participant accounts. Participants will always share in the profit sharing contribution regardless of the amount of service they complete during the Plan year. For 2018 and 2017, the Company made a profit sharing contribution in the amount of $170,000 and $200,000, respectively.

Participants are permitted to deposit into the Plan distributions they have received from other retirement plans and certain IRAs, as rollover contributions.

Participant Accounts – Each participant's account is credited with the participant's contributions, Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Participants are responsible for their investment decisions under the Plan and any resulting investment activity. The Plan currently offers various mutual funds as investment options for participants. The value of participant accounts is updated each business day to reflect any contributions, exchanges between investment options, investment earnings or losses for each investment option and withdrawals.

Vesting – Participants are always 100% vested in their salary deferral including Roth 401(k) deferrals and catch-up contributions, safe harbor contributions and rollover contributions. Vesting in Company matching contributions and profit sharing contributions, plus any earnings thereon, is based on vesting years of service. Participants will become 100% vested in Company matching contributions and profit sharing contributions after 5 years of service.

Notes Receivable From Participants – Loans are available to participants on a reasonably equivalent basis. Participants may borrow from their vested account balance not less than $1,000 up to a maximum of the lesser of $50,000 reduced by the excess, if any, of their highest outstanding balance of loans from the Plan during the prior one-year period, or one-half of their vested interest in the Plan. All loans are adequately secured and charged a reasonable rate of interest. Loan refinancing is not permitted. Principal and interest payments are paid ratably through payroll deductions over a term not to exceed five years, unless the loan is obtained to purchase a principal residence, for which the Company may permit a longer repayment term. The maximum number of loans a participant may have outstanding at any one time is one.

Payment of Benefits – Participants may receive a distribution of the vested portion of some or all of their accounts in the Plan upon termination of employment, early retirement, normal retirement, disability or death. If a participant's vested account balance does not exceed $5,000, then a distribution will be made to the participant in a single lump-sum payment, regardless of whether they consent to receive it. If a participant's vested account balance exceeds $5,000, they must consent to any distribution before it may be made.

Participants who have attained age 59½ may receive an in-service distribution from certain accounts. Hardship distributions may also be made to satisfy certain immediate and heavy financial needs that a participant may have.

Forfeited Accounts – If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account balance remains in the Plan and is called a forfeiture. The Company may use forfeitures to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. At December 31, 2018 and 2017, the forfeiture account totaled $11,346 and $1,767, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Other income reflects revenue sharing amounts contributed by certain investment funds that may be used to pay qualified plan expenses and is recorded on an accrual basis.

Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Payment of Benefits – Benefits are recorded when paid.

Administration Expenses – The Plan permits the payment of Plan expenses to be made from the Plan's assets. If expenses are paid using the Plan's assets, then the expenses will generally be allocated among the accounts of all participants in the Plan. There are certain other expenses that may be paid just from a participant's account. These are expenses that are specifically incurred by, or attributable to, a participant.

Subsequent Events – The Plan has evaluated subsequent events through May 28, 2019, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	**$ 5,788,971**	**$ -**	**$ -**	**$ 5,788,971**
Investments at fair value	**$ 5,788,971**	**$ -**	**$ -**	**$ 5,788,971**

	2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,229,937	$ -	$ -	$ 5,229,937
Investments at fair value	$ 5,229,937	$ -	$ -	$ 5,229,937

NOTE 4 – INFORMATION CERTIFIED BY CUSTODIAN

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2018, the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2018, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2018. Accordingly, as permitted under such election, the Company instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the custodian, except for comparing such information certified by the custodian with information included in the Plan's financial statements and supplemental schedule.

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by the custodian. These transactions qualify as party in interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transactions rules under ERISA.

NOTE 6 – PLAN TERMINATION

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to participants' accounts will become 100% vested. The Company will direct the distribution of participants' accounts in a manner permitted by the Plan as soon as practicable. Participants will be notified if the Plan is terminated.

NOTE 7 – TAX STATUS

The Company adopted a volume submitter profit sharing plan with CODA, sponsored by Loren D Stark Company.

The volume submitter plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service (IRS) stated that the plan, as then designed, was acceptable under section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has not requested its own determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Company to evaluate the tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
