ITT INDUSTRIAL PROCESS RETIREMENT SAVINGS PLAN
FOR BARGAINING UNIT EMPLOYEES
NOTES TO FINANCIAL STATEMENTS
September 4, 2018 and December 31, 2017

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the ITT Industrial Process Retirement Savings Plan for Bargaining Unit Employees (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General: The Plan is a defined contribution plan covering certain full-time hourly U.S. employees of the Seneca Falls and West Virginia Pro Shop divisions of Goulds Pumps (IPG), LLC, formerly Golds Pumps, Inc., an indirect wholly owned subsidiary of ITT Inc. (the "Company"). The Benefits Administrative Committee, as appointed by the Board of Directors of the Company, controls and manages the operation and administration of the Plan. Great-West Trust Company ("Trustee") serves as the Trustee and Empower Retirement ("recordkeeper") serves as the recordkeeper.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code (the Code).

Effective September 4, 2018 the Plan merged participant assets, loans and forfeitures totaling \$35,865,623, \$1,340,016 and \$20,440, respectively, into the ITT Retirement Savings Plan (the "RSP"). Former participants of the Plan became participants in the RSP.

Eligibility: Individuals defined in the general section above who are members of the bargaining units with collective bargaining agreements who make the Plan available to them, are eligible to participate in the Plan upon hire.

Participant Contributions: Effective January 1, 2018, participants generally are permitted to contribute 1 to 50% of their pre-tax or after-tax eligible pay during each pay period, subject to certain IRC limitations for highly compensated employees. Eligible pay is defined in the Plan document.

Participants may elect to make pre-tax or after-tax contributions to the Plan and may direct those contributions into any investment option available within the Plan. In 2018, the maximum annual pre-tax contribution to the Plan is \$18,500, except for participants that attain the age of 50 by December 31st who may elect to make an additional pre-tax "catch-up" contribution, not to exceed \$6,000 during the calendar year. Participants may also contribute rollover amounts to the Plan representing distributions from other qualified defined benefit or defined contribution plans.

Participants are also able to make Roth 401(k) contributions on an after tax basis. Roth contributions are eligible for Company matching contributions. The combined Roth 401(k) and pre-tax 401(k) contributions cannot exceed the annual IRS or Plan limits. Distributions from the Roth 401(k) account are free from income tax, as long as it has been at least five tax years since the participant first made a Roth contribution to the Plan and the participants is at least age 59 1/2.

Employer Contributions: Effective January 1, 2018, the Company generally makes a matching employer contribution equal to 100% of the first three percent of a participant's elective contributions, up to 3% of eligible pay. The Company also provides a "core" contribution of 3% of eligible pay to participants whose age plus years of service as of January 1st of each year is less than 50 and provides a core contribution equal to 4% of eligible pay to participants whose age plus years of service is 50 or greater.

Participant Accounts: Each participant has an individual account, which is maintained by the Plan's recordkeeper, reflective of the participant's contributions and withdrawals, the Company's contributions, and the participant's share of investment gains and losses based on the participant's investment direction. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Investments: Participants direct the investment of their account balance into various investment options offered by the Plan. The Plan currently offers collective trust funds ("CTs"), mutual funds, a separately managed ITT Stock Fund, and a self-directed brokerage account as investment options for participants.

There was no participation in the self-directed brokerage account. On a daily basis, participants may transfer amounts between investment options subject to certain restrictions and fees.

Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities held by the Plan, it is reasonably possible that values realized at the time of sale could materially differ from amounts reported in the financial statements.

Vesting: Participants are immediately vested in their contributions and Company contributions, plus actual earnings thereon.

Forfeitures: When certain terminations of participation occur, the non-vested portion of participant accounts, as defined by the Plan document, represent a forfeiture. As of September 4, 2018 and December 31, 2017, forfeited accounts totaled \$0 and \$13,832, respectively. During the period ended September 4, 2018 and the year ended December 31, 2017, forfeitures in the amount of \$8,145 and \$13,130 were used to reduce employer matching contributions or to pay administrative expenses. As part of the plan merger, \$20,440 of forfeiture balances transferred to the RSP.

Notes Receivable from Participants: The Plan allows participants to borrow from their accounts subject to certain limitations. Participants may have up to two loans outstanding at the same time and may borrow a minimum of \$500 up to a maximum of the lesser of \$50,000 or 50 percent of the participant's vested interest in their account, reduced by their highest outstanding loan balance, if any, during the prior 12-month period. The loans are secured by the balance in the participant's account and bear interest, which is based on the prime rate as published in the Wall Street Journal on the last business day of the prior month plus 1%. General purpose loan terms range from one to 54 months. If the loan is used for the purchase of a primary residence, the loan terms can range up to 174 months. A terminated participant is not permitted to continue making loan repayments after separation and must either pay the loan in full within 90 days or default. If an active or terminated participant defaults, the outstanding loan balance is considered a taxable distribution. No new loans can be requested after termination of employment. Principal and interest are paid ratably through monthly after-tax payroll deductions. The interest rate shall remain in effect for the term of the loan. As of September 4, 2018, participant loans were transferred to the ITT Retirement Savings Plan.

Payments of Benefits: A participant is entitled to 100% of their balance upon retirement, death or disability. On termination of employment (including death, disability, or retirement), a participant or surviving spouse beneficiary whose vested account balance is more than \$3,500 may elect to keep their account balance in the Plan until the later of (a) the end of the first calendar year beginning after the participant's death or (b) the end of the calendar year in which the participant reaches or would have reached age 70 1/2. If the value of a participant's account at the time of death does not exceed \$3,500 and no periodic method of payment is in effect, the entire amount of the participant's account shall be delivered immediately to the designated Beneficiary. Upon the death of a participant with a non-spouse beneficiary, the distribution must be made within five years from the participant's date of death in the form of a lump sum payment or annual fixed period installments, provided that the number of installments does not extend beyond five years from the date of a participant's death.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Plan Termination: Although it has not expressed any intention to do so, the Company has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participant balances will become 100% vested.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are all stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) in fair value of investments includes both realized gains (losses) and unrealized appreciation (depreciation).

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest.

Administrative Expenses: The Plan Sponsor provides accounting and other administrative services to the Plan at no charge. Administrative expenses of the Plan are paid by the Plan or the Company as provided for in the Plan document.

Management fees and operating expenses charged to the Plan for investments in the mutual funds, CTs and separately managed employer stock fund are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits: Benefit payments to participants are recorded upon distribution.

NOTE 3 – INVESTMENTS

In measuring Plan assets at fair value, a fair value hierarchy is applied which categorizes and prioritizes the inputs used to estimate fair value into three levels. The fair value hierarchy is based on maximizing the use of observable inputs and minimizing the use of unobservable inputs when measuring fair value. Classification within the fair value hierarchy is based on the lowest level input that is significant to the fair value measurement. The three levels of the fair value hierarchy are defined as follows:

Level 1: Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include quoted prices (in non-active markets or in active markets for similar assets or liabilities), inputs other than quoted prices that are observable, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs are unobservable for the assets or liabilities. The Plan did not have any investments classified as Level 3 as of September 4, 2018 and December 31, 2017, respectively.

The following is a description of the valuation methodologies used to measure Plan assets at fair value as of the measurement date.

- CTs – Fair value is estimated based on NAV, as provided by the Trustee, as a proxy to fair value. There are no unfunded commitments related to the CTs and investments in CTs can be redeemed on a daily basis without restriction and are not subject to redemption notification provisions.
- Mutual funds – Valued at quoted market prices that represent the NAV of shares held by the Plan at the measurement date. Mutual funds are classified within level 1 of the fair value hierarchy.
- Separately managed account – Valued based on underlying assets consisting of cash equivalents and employer stock held directly by the Plan. The cash equivalents are held in a short-term money market and are valued at NAV of shares held by the Plan at the measurement date. The employer stock is traded on the New York Stock Exchange under the ticker symbol ITT and is valued at its quoted price. Both are classified within level 1 of the fair value hierarchy.

The valuation methods described above may produce a fair value measurement that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used as of September 4, 2018 and December 31, 2017. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

The following tables present the major categories of Plan assets measured at fair value by classification within the fair value hierarchy, as of September 4, 2018 and December 31, 2017, respectively.

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Total

(a) CTs are valued at NAV as a practical expedient and thus are not leveled in the table, but are included in the totals column to assist in reconciling to the Statements of Net Assets Available for Benefits.

NOTE 4 – INVESTMENTS – UNAUDITED INFORMATION

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was prepared by or derived from information prepared by the Trustee of the Plan. The Plan administrator has obtained certification from the Trustee that such information is complete and accurate. The information has not been audited by the Plan's Independent Accountants.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Participant loans qualify as party-in-interest transactions and amounted to \$0 and \$1,347,570 at September 4, 2018 and December 31, 2017, respectively. The Plan held \$0 and \$12,583 of the Company's stock in the ITT Stock Fund as of September 4, 2018 and December 31, 2017, respectively.

NOTE 6 – FEDERAL INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated October 13, 2016, that the Plan and related trust are designed in accordance with applicable sections of the Code. The Plan has since been amended but the Plan Sponsor and Plan management believe the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt.

Plan management evaluates tax positions taken by the Plan and recognizes a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 4, 2018 and December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress. The earliest open tax year is 2016.

NOTE 7 – SUBSEQUENT EVENTS

Plan management has evaluated events occurring after September 4, 2018 noting that there are no subsequent events.
