NORTHERN TIER ENERGY RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Plan description

The following description of the ***Northern Tier Energy Retirement Savings Plan*** (the “Plan”) provides only general information. Participants should refer to the plan document for more detailed information.

- A. General** – The Plan was a defined contribution plan sponsored by Northern Tier Energy LLC and certain affiliated companies (collectively the “Company”) covering corporate, refinery and certain retail employees. Eligibility to participate in the Plan prior to January 1, 2017 was to attain the age of 21 and have three months of service with the Company or predecessor company. Effective January 1, 2017, the Plan was amended to remove the age requirement and change the service requirement to a minimum of one year of service with the Company or a predecessor company. Fidelity Management Trust Company (“Fidelity”) serves as trustee of the Plan’s assets. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective June 1, 2017, the Company was merged with a subsidiary of Andeavor whereby the Company survived the merger as a wholly-owned subsidiary of Andeavor. On November 7, 2017, resolutions were adopted to freeze participation in the Plan effective December 31, 2017, with the understanding that as of January 1, 2018, the Plan would not accept Company or participant contributions and would not accept any new participants, but shall otherwise continue in existence until such time the Plan is merged into another tax-qualified plan sponsored by Andeavor. The majority of Plan assets were merged with and into the Andeavor 401(k) Plan and the Andeavor Retail 401(k) Plan on June 26, 2018 with remaining asset balances transferring on September 10, 2018. The Plan ceased to exist as a separate plan as of that date.

Further, on April 29, 2018, Andeavor and Marathon Petroleum Corporation (“MPC”) entered into an Agreement and Plan of Merger under which MPC acquired all of the outstanding shares of Andeavor. The transaction was approved by shareholders of both companies on September 24, 2018 and the merger was completed on October 1, 2018.

- B. Contributions** – Effective January 1, 2018, the only contributions allowed into the Plan were adjustments related to contributions made in prior years and amounts representing rollover distributions from other qualified benefit or defined contribution plans.
- C. Participant accounts** – Each participant’s account was credited with the participant’s proportional allocation of the earnings of selected plan investments, including realized and unrealized gains and losses. Participants determined the percentage in which contributions were to be invested in each fund. Participants were able to change their investment options as set forth in the plan document. The benefit to which a participant was entitled was the benefit that could be provided from the participant’s vested account.
- D. Vesting** – Participants were fully vested in that portion of their account which related to their contributions, Company safe harbor non-elective contributions, Company safe harbor matching contributions, and the income earned thereon. A participant’s interest in Company matching contributions and earnings thereon vested as follows:

<u>Years of service</u>	<u>% Vested</u>
1	0%
2	0%
3 or more	100%

Participants became 100% vested in Company matching contributions upon death, total and permanent disability, or attainment of normal retirement age.

(1) Plan description (continued)

- E. Forfeitures** – If a forfeiting participant was re-employed within five years of termination and fulfilled certain requirements, as set forth in the Plan, the participant's account would be restored. Forfeitures of Company contributions were used to reduce expenses, restore forfeited participant balances for employees who were re-employed within five years of termination, or to reduce future employer contributions. During the period ended September 10, 2018, none of the forfeitures were used to reduce participant transaction fees. As of September 10, 2018 and December 31, 2017, there were \$0 and \$10,372, respectively of unapplied forfeitures.
- F. Distribution of benefits** – Benefits were able to be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Participants were able to elect a lump sum distribution. The Plan also allowed in-service withdrawals from all accounts after attaining age 59½ or for reasons of financial hardship as defined by government regulations and the Plan.
- G. Notes receivable from participants** – A participant was able to borrow an aggregate amount up to the lesser of \$50,000 or 50% of the participant's vested account balance, subject to plan provisions. The minimum loan that was able to be taken was \$1,000. Loans were required to bear a reasonable rate of interest. Loans were collateralized by the participant's vested interest in the Plan and were supported by a promissory note. Loans were to be repaid over a period not to exceed five years unless the loan proceeds were used for the purchase of a primary residence, in which case a longer repayment period was allowed. Participant loans were valued at the unpaid principal balance plus any accrued but unpaid interest and categorized as notes receivable from participants on the statements of net assets available for benefits. Delinquent participant loans were reclassified as distributions based upon the terms of the plan document.

Effective January 1, 2017, the Plan was amended to limit the number of loans participants may have outstanding at any given time to one loan. Prior to that date participants were allowed to have more than one loan outstanding at a time. On June 26, 2018, all outstanding loans were transferred to the Andeavor 401(k) Plan and the Andeavor Retail 401(k) Plan.

(2) Summary of significant accounting policies

The significant accounting policies followed by the Plan are as follows:

Basis of accounting – The financial statements of the Plan have been prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America. Accordingly, income and contributions are recognized when earned and expenses are recorded when incurred.

Investment valuation and income recognition – Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Payment of benefits – Benefits were recorded when paid.

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Plan expenses – Expenses related to the management of the Plan's investments and investment transactions and certain participant initiated transactional fees were paid by the Plan. Substantially all other expenses incurred in the administration of the Plan were paid by the plan sponsor.

Use of estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events – The Plan's management has evaluated subsequent events through March 21, 2019, which is the date the financial statements of the Plan were available to be issued.

(3) Fair value measurements

Accounting standards establish a framework for measuring fair value. That framework sets forth a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the asset or liabilities.

Level 3: Inputs to the valuation methodology that are unobservable and supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan.

Mutual funds: Valued at the net asset value ("NAV") of the shares held by the Plan at period end as determined by quoted market prices.

Common collective trust: Valued at the NAV of units of a collective trust. The NAV, as provided by the fund manager, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The common collective trust is audited annually.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NORTHERN TIER ENERGY RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

(3) Fair value measurements (continued)

Since all net assets were transferred as of September 10, 2018, there were no investments to fair value. However, the following table summarizes the valuation of the Plan's investments by the above categories as of December 31, 2017:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 100,673,887	\$ -	\$ -	\$ 100,673,887
Total assets in the fair value hierarchy	100,673,887	-	-	100,673,887
Investments measured at net asset value (a)	-	-	-	3,352,142
Total Investments	<u>\$ 100,673,887</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 104,026,029</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. As of December 31, 2017, the Plan's investments totaled \$104,026,029, of which \$3,352,142 was measured using net asset value per share (or its equivalent).

(4) Information certified by the Plan's trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, Fidelity Management Trust Company, the Plan's trustee, has certified that the following data included in the accompanying financial statements is complete and accurate with respect to investments:

- Investments, at fair value
- Notes receivable from participants
- Interest and dividends
- Interest income on notes receivable from participants
- Net appreciation in fair value of investments

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

(5) Party-in-interest transactions

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the trustee are considered party-in-interest transactions.

NORTHERN TIER ENERGY RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

(6) Tax status

The Plan adopted the volume submitter profit sharing plan document of Fidelity Management Trust Company. The volume submitter sponsor received a favorable opinion letter dated March 31, 2014 in which the Internal Revenue Service ("IRS") stated that the form of the volume submitter profit sharing plan was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The plan administrator believes that the Plan was designed and operated in compliance with the applicable requirements of the IRC, and that the related trust is therefore tax-exempt. Accordingly, no provision for income taxes has been included in the financial statements.

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements. The Plan did not recognize any interest and penalty expense for the period ended September 10, 2018. The Form 5500 remains subject to examination by the IRS for the years ended December 31, 2014 through December 31, 2017, and for the period ended September 10, 2018.

(7) Plan merger

The majority of Plan assets were merged with and into the Andeavor 401(k) Plan and the Andeavor Retail 401(k) Plan on June 26, 2018 with remaining asset balances transferring on September 10, 2018. The Plan ceased to exist as a separate plan as of that date. The value of assets transferred out of the Plan as a result of the merger was \$103,981,841.

(8) Reconciliation of financial statements to Form 5500

There were no reconciling items as of September 10, 2018. The following is a reconciliation of net assets available for benefits on the financial statements to the Form 5500 as of December 31, 2017:

	<u>2017</u>

The following is a reconciliation of the net decrease in net assets before Plan asset transfers on the financial statements to net income (loss) on the Form 5500 for the period ended September 10, 2018:
