Notes to Financial Statements

1. Description of Plan

The following description of Rockport Clients 401(k) Plan and Trust (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution multiple employer plan that was adopted effective January 1, 2013 for the benefit of the employees of various employers (collectively the “Company”). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). As of December 31, 2016, the Plan had 82 participating employers (see Note 11). During 2016, employees of 49 participating employers made deferral contributions. The Administrative Committee oversees governance of the Plan. The Plan’s Investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Plan’s Administrative Committee.

Contributions

Each year participants may contribute up to 100% of pretax annual salary and 90% of bonuses, as defined in the Plan limited to the maximum amount allowed by law for the plan year. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefits or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various separate accounts and a collective trust. Each participating employer may make discretionary matching contributions to be allocated among eligible employees of that employer. In 2016, no employer contributions were made to the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s matching contribution and (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. Certain administrative expenses are allocated equally between all

participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in matching contributions plus earnings thereon is based on years of continuous service. Each participating employer has his own vesting schedule.

Forfeitures subject to allocation each plan year are determined separately by each participating employer and allocated among the employees of that employer or the employees of the participating employer who made the forfeited contributions.

Notes Receivable from Participants

Participants may borrow from their fund account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loan terms range up to five years or longer for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined periodically by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, participants may elect to receive the vested interest of their accounts in the form of a single sum of cash payment, or a direct rollover to an individual retirement account or another employer plan. Inservice distributions are available to employees who have attained age 59 ½. Hardship withdrawals are also available.

Forfeited Accounts

At December 31, 2016 and 2015 the total forfeited nonvested accounts amounted to \$184 and \$1,510, respectively. These funds were transferred to the Plan upon a merger of four 401(k) plans to the Plan, that took place on October 31, 2013.

Notes to Financial Statements

1. Description of Plan (Continued)

Plan Administration

The Plan is administered by Rockport Administrative Services, LLC. The plan administrator controls and manages the operation and administration of the Plan.

John Hancock Life Insurance Company (U.S.A) ("John Hancock") serves as the custodian. Dissinger Associates is the third party administrator.

Eligibility

All employees having reached the age of 21 and completed 1 year of service are eligible for participation in the Plan.

2. Summary of Significant Accounting Policies

Date of Management's Review

Subsequent events were evaluated through May 23, 2019, which is the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2016 and 2015 no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the

participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

Amounts payable to participants totaling \$86,959 and \$81,032 for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as accounts payable, with a corresponding reduction to 2016 and 2015 contributions. The Plan distributed the 2016 excess contributions after March 15, 2017 and the 2015 excess contributions prior to March 15, 2016.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements (see Note 4). Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Net Appreciation (Depreciation) in Fair Value of Investments

Net appreciation (depreciation) in fair value of investments is based on the fair value of the assets at the beginning of the plan year, or at the

Notes to Financial Statements

2. Summary of Significant Accounting Policies (Continued)

time of purchase during the plan year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year with respect to unrealized appreciation (depreciation).

Realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

New Accounting Pronouncements

During the year ended December 31, 2016, the Plan retrospectively adopted a new accounting standard that eliminated certain disclosure requirements, including: (i) net appreciation/depreciation of plan assets disaggregated by class of investment; (ii) identification of individual investments that represent 5% or more of the net assets available for benefits; (iii) certain disclosures regarding fully benefit-responsive investment contracts; and (iv) significant investment strategies for investments for which fair value is estimated using the net asset value per share provided by the fund manager as a practical expedient, such as the Plan's investments in collective trust funds. The new standard also specified that plan assets measured at fair value may be disaggregated by general type (including assets in self-directed brokerage accounts) and eliminated the requirement for disaggregation by nature and risk of investment (see Note 3, *Fair Value Measurements*). In addition, the new standard simplified the presentation of direct investments in fully benefit-responsive investment contracts by eliminating the requirement to disclose the fair value of such contracts with a corresponding adjustment from fair value to contract value in the Statements of Net Assets Available for Benefits. Investments in these contracts are now presented solely at contract value. The reporting requirements for indirect investments in fully benefit-responsive investment contracts (investments in collective trust funds that own fully benefit-responsive investment contracts) were eliminated.

During the year ended December 31, 2016, the Plan also retrospectively adopted a new accounting standard that eliminated the requirement to categorize within the fair value hierarchy investments for which fair value is estimated using the net asset value per share provided by the fund manager as a practical expedient, such as the Plan's investments in collective trust funds. These investments are now shown as a

Rockport Clients 401(k) Plan and Trust

Notes to Financial Statements

2. Summary of Significant Accounting Policies (Continued) reconciling item between the amount in the fair value hierarchy table and the total of the Plan's investments recognized at fair value in the Statements of Net Assets Available for Benefits (see Note 3, *Fair Value Measurements*).

3. Fair Value Measurements The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

The fair value of separate accounts is based on the reported net asset values of the underlying mutual funds as a practical expedient.

The fair value of the collective trust is valued at the net asset value of the units as provided by the trust's trustee as a practical expedient.

All the investment assets of the Plan are not required to be categorized within the fair value hierarchy.

Rockport Clients 401(k) Plan and Trust

Notes to Financial Statements

4. Related Party Transactions

Certain plan investments are shares of separate accounts managed by John Hancock. John Hancock is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan to John Hancock amounted to \$15,515 for the year ended December 31, 2016. Indirect compensation to John Hancock is reflected as a reduction of investment return for applicable investments.

Additionally, the Company provides to the Plan certain accounting and administrative services for which no fees are charged. As the Company is the plan sponsor, these transactions qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

On October 16, 2015, the Plan received from the participants payments on loans of \$1,015. The Plan also received directions to allocate the loan payments among specific participants. The allocation report indicated a total amount of \$1,817 in loan payments which resulted in a shortage of payments received by \$802. For an unknown reason, the shortage of \$802 was made up by transferring \$802 from the Forfeiture Account.

Upon discovering the incident mentioned above, the Company investigated the circumstances surrounding the transactions to make sure that such incidents were not repeated again. The Company also reviewed the Internal Control to see if there were any systemic deficiencies in need for correction. In addition, the Company questioned all the parties involved in the incident. However, all of the employees involved in the incident are no longer employed by such parties. Consequently, on June 27, 2018, the Company decided to reimburse the forfeiture account by an amount of \$802 to fully cover the total shortage.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. Tax Status

The Plan currently operates under a Volume Submitter Profit Sharing Plan offered by Sungard Business Systems LLC, which received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014. The plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The Plan is required to disclose significant concentrations of credit risk regardless of the degree of such risk. At December 31, 2016 and 2015, the financial instruments, which potentially subject the Plan to a concentration of credit risk, consisted principally of cash, investments and notes receivable from participants.

9. Custodian's Certification

The investment balance and related investment information included in the financial statements, accompanying notes and supplemental schedules are derived from statements which have been certified by John Hancock as complete and accurate in accordance with 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

10. ERISA Bonding Requirements

ERISA, Title 1, Section 412 requires that every fiduciary and every person who handles funds or other property of a plan be bonded. Such "persons" may include any director, officer or employee of the fiduciary. Until August 2016, the Plan fidelity bond had a coverage which did not meet the minimum required by ERISA.

11. Participating Employers

During 2016, 82 companies which participated in the Plan made total contributions of \$1,008,948 as follows:

Notes to Financial Statements

12. Non-exempt Transactions In May and October of 2016, the Company was not in compliance with the Department of Labor requirements to remit participant contributions for the amounts of \$75 and \$14,988, respectively, to the Plan within 15 business days of the month following the month in which the contributions were withheld by the employer. On November 28, 2018, the Company paid the Plan \$507 for the lost earnings on the late deposit of \$14,988. On May 14, 2019, the Company made a contribution of \$75 plus interest of \$34 for the late deposit of \$75. The amount of lost earnings that accrued in 2016 is not reflected on the accompanying financial statements. In addition, the Company had non-exempt transactions during the year ended December 31, 2017 (see Note 13).

13. Subsequent Events In October 2016, two employers, Princeton Manor Healthcare Center, LLC (“Princeton”) and Kingston Healthcare Center, LLC (“Kingston”), allowed their employees to contribute to the Plan prior to executing Participation Agreements. The Plan is voluntarily filing a request with the IRS through the Employee Plan Compliance Resolution System (EPCRS) to allow each of the companies to adopt the Plan retroactively to its effective date of participation.

During the period from October 10, 2017 to April 10, 2018, Princeton and Kingston remitted late deposits of participant contributions. On May 11, 2018, the Company paid the Plan \$290 for lost earnings on the late deposits.

In January 2017 and December 2017, the Company was not in compliance with the Department of Labor requirements to remit participant contributions for the amounts of \$64, \$17,313, and \$20,434 to the Plan within 15 business days of the month following the month in which the contributions were withheld by the employer. On November 28, 2018, the Company paid the Plan \$174 for lost earnings on the late deposits.

In 2014, Westwood Healthcare and Wellness Centre, LP (“Westwood”) joined the Plan. No assets were transferred to the Plan and participants of Westwood started making deferrals to the Plan only in 2016. However, some employees started participating too soon. The Plan is voluntarily filing a request with the IRS through the EPCRS to allow such non-highly compensated employees to be retroactively eligible.

**13. Subsequent
Events
(Continued)**

In 2017, Windsor Gardens Anaheim, an employer of approximately 300 employees, elected to participate in the Plan.

In 2017, a Department of Labor (DOL) investigation was opened regarding the operation of the Plan. The focus of the investigation so far was the transfer of assets from related plans which merged into the Plan. Management is fully cooperating with the DOL in providing all the pertinent documents requested. Management is confident that the investigation will have no negative effect on the operation of the Plan.
