FIRST NATIONAL BANK OF HUNTSVILLE PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN

The following description of First National Bank of Huntsville (the "Company") Profit Sharing Plan (the "Plan") provides only general information. For a more complete description of the Plan's provisions, refer to the Plan agreement.

1. General. The Plan is a defined contribution plan for all employees of the Company who have completed one year of service and have reached the age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
2. Contributions and Forfeitures. Participants in the Plan may elect to contribute on a pre-tax basis the maximum amount of their compensation allowed under applicable law. Participants may elect to contribute amounts representing distributions from other plans (rollovers), and participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Company provides for matching employer contributions equal to 100% of each participant's elective deferral up to a maximum of 5% of annual compensation, as defined by the plan. The Company may also make other discretionary contributions. No such additional discretionary contributions were made during the period ended August 1, 2018. Participants may direct the investment of both their contributions and the Company's contribution into various investment options. Forfeitures may be used to offset Company contribution obligations to the plan, pay plan expenses and restore participant individual accounts. The activity in the forfeiture account was as follows for the years presented:

Balance December 31, 2017	\$ 3 565
Investment earnings	49
Forfeitures	4 933
Used to reduce employer contributions	-
Allocated to participants	-
Transferred out due to Plan merger	8 547
Balance August 1, 2018	<u>\$ -</u>

3. Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. Vesting. Participants are immediately vested in their voluntary contributions plus actual gains and losses thereon. Participants are 100% vested in the balance of employer matching contribution, as well as other discretionary employer contributions, plus investment earnings after three years of service.
5. Payment of Benefits. On termination of service due to death, disability, retirement or other reasons, a participant may receive either a lump-sum payment or installment payments equal to the fair market value of the participant's vested interest in his or her account at the time of distribution. The participant may request a distribution at the time of termination, or he or she may elect to leave the account invested in the Plan until a later date. If the value is less than or equal to \$1,000, the Company may issue a cash distribution to the participant. Notice will be given to the participant 30 days prior to the distribution. Current plan rules require that the distributions to participants must generally begin no later than the April first following the year in which the participant reaches age 70 ½. Hardship withdrawals are available. In-service distributions may occur if any of certain criteria are met regarding years of participation and the amount of time that funds have accumulated in the Plan.

NOTE A - DESCRIPTION OF PLAN - CONTINUED

6. Investment Options. Upon enrollment in the Plan, a participant directs the investment of both employee and Company contributions into any of numerous investment options. Participants may transfer all or some of the balances out of any fund into one or any combination of the other funds. Participants may change their election options at any time during the calendar year.
7. Notes Receivable from Participants. Participants may borrow from their vested account balances a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or longer for the purchase of a primary residence. The loans are secured by the remaining balance in the participants account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is generally paid ratably through payroll deductions.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in all material respects.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note F for discussion of fair value measurements. All Plan assets were transferred to the Pentegra Defined Contribution Plan for Financial Institutions (the "Pentagra Plan") effective August 1, 2018.

Realized gains and losses from security transactions are calculated on a specific identification basis. Unrealized appreciation and depreciation of investments are reported on an identified cost basis. Realized and unrealized gains and losses are reported as part of net appreciation in fair value of investments on the statement of changes in net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest is not considered significant for accrual. Therefore, interest on notes receivable from participants is recorded when received. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document therefore no allowance for credit losses is recorded.

Payment of Benefits

Benefits are recorded upon distribution.

Expenses

Certain expenses to maintain the Plan are paid directly by the Company and are excluded from these financial statements. Other fees related to administration and costs of certain investment transactions are included as plan expenses.

FIRST NATIONAL BANK OF HUNTSVILLE PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED

NOTE B - SUMMARY OF ACCOUNTING POLICIES - CONTINUED

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. Also see risks and uncertainties in Note I.

Excess Contributions Payable

The Plan is required to return contributions received during the Plan year in excess of the IRC limits. Amounts payable to participants totaling \$-0- and \$33,216 representing such contributions and related earnings are reflected on the 2018 and 2017 statements of changes in net assets available for benefits, respectively, and are reported with a corresponding reduction to participant contributions and investment income.

Subsequent Events

Management has evaluated subsequent events through June 6, 2019, the date the financial statements were available to be issued.

NOTE C - MERGER

On December 18, 2017, the Board of Directors of the Company approved the merger of this Plan into the Pentegra Plan, effective August 1, 2018. As a result, all investments were transferred from the Plan into the Pentegra Plan on that date.

NOTE D - TAX STATUS

The Company uses a Prototype plan developed by the Savings Banks Employees Retirement Association (SBERA) and prepares an adoption agreement to be Company specific. The Prototype Plan has received a favorable opinion letter from the Internal Revenue Service dated March 31, 2008. The Plan and Company-related adoption agreements have been amended since receiving the opinion letter; however, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, accordingly, is qualified and tax-exempt as of the financial statement date. Employees are not taxed currently on contributions and related gains and losses until such amounts are distributed from the Plan.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE E - ADMINISTRATION OF PLAN ASSETS

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain administrative expenses are paid directly by the Company.

FIRST NATIONAL BANK OF HUNTSVILLE PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED

NOTE F - FAIR VALUE MEASUREMENT

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels as follows:

- Level 1 - quoted prices in active markets for identical assets
- Level 2 - other significant observable inputs either directly or indirectly (including quoted prices for similar securities, interest rates, yield curves, credit risk, etc.)
- Level 3 - significant unobservable inputs

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used for assets measured at fair value at August 1, 2018 and December 31, 2017.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table represents, by level within the fair value hierarchy, the Plan's investments reported at fair value in the accompanying statement of net assets available for benefits at August 1, 2018 and December 31, 2017.

		FAIR VALUE MEASUREMENTS AT REPORTING DATE USING						
		QUOTED PRICES IN ACTIVE MARKETS FOR IDENTICAL ASSETS/ LIABILITIES (LEVEL 1)		SIGNIFICANT OTHER OBSERVABLE INPUTS (LEVEL 2)		SIGNIFICANT UNOBSERVABLE INPUTS (LEVEL 3)		
AUGUST 1, 2018		FAIR VALUE (UNAUDITED)						
Mutual funds	\$	-	\$	-	\$	-	\$	-
INVESTMENTS AT FAIR VALUE	\$	-	\$	-	\$	-	\$	-
DECEMBER 31, 2017								
Mutual funds	\$	5 313 954	\$	5 313 954	\$	-	\$	-
INVESTMENTS AT FAIR VALUE	\$	5 313 954	\$	5 313 954	\$	-	\$	-

For the years presented above, there were no transfers between Levels 1 and 2, and there were no Level 3 assets for the years presented.

NOTE G - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The August 1, 2018, and December 31, 2017, statements of net assets available for benefits, the investment activities included on the statement of changes in net assets available for benefits at August 1, 2018, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes the following:

- investments at fair value of \$-0- and \$5,313,954 at August 1, 2018 and December 31, 2017, respectively,
- net investment income of \$113,891 for the period ended August 1, 2018.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

NOTE H - PARTY-IN-INTEREST

The Plan makes loans available to participants on a nondiscriminatory basis. Since plan participants are employees of the plan sponsor, they are considered parties-in-interest. Loans to plan participants are considered an exception to the Prohibited Transaction Rules of ERISA, since the loans are adequately secured, bear a reasonable interest rate and do not exceed certain limits.

NOTE I - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE J - CHANGE IN PRESENTATION

The 2017 financial statements were previously issued using the liquidation basis of accounting. This was based on the information available at the time the statements were issued. The 2017 statement of assets available for benefit is currently presented using accrual basis of accounting. This presentation does not result in any change in previously reported values or activity.
