PROFIT SHARING / 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

Note 1 – Description of Plan:

The following brief description of the Gibson Sales, L.P. Profit Sharing 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Gibson Sales, L.P. that was established with an effective date of January 1, 1998. The Plan is subject to the provisions of the Employee Income Security Act of 1974 (ERISA). Fidelity Management Trust Company (Fidelity) serves as the Plan asset custodian and record keeper (the Custodian).

Eligibility

Participation in the Plan is limited to employees of Gibson Sales, L.P., who have attained the age of 21 and have completed 6 months of continuous service as defined by the Plan document. Employees may enter the Plan on the first day of the month after they become eligible.

Contributions

The Plan allows salary deferral contributions, discretionary employer contributions, and employer discretionary match contributions. The Plan has no required matching contribution feature. Each year, participants may elect to contribute up to 60 percent of pretax eligible compensation, as defined in the Plan. Participants who have met certain requirements are eligible to make "catch up" contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans, even if they have not met the requirements to be a participant. For 2018 and 2017, the Company elected to make a discretionary matching contribution to the Plan. Discretionary matching contributions for both years was a 50 percent match on contributions not to exceed 1.5 percent of eligible compensation.

Participant Accounts

Each participant's account is credited with the participant and matching contributions and allocations of Plan earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans

Participant loans are currently not offered to Plan participants.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's profit sharing and discretionary matching contributions is based on years of continuous service and generally begins at 20 percent after two years of credited service and increases to 100 percent after six years of credited service.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions into any of the investment options with Fidelity Management Trust Company (a registered investment company). The investment options include a money market interest account, stock funds, and government bond funds. Participants may change their investment options at any time by accessing their personal accounts through the Internet.

PROFIT SHARING / 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

Note 1 – Description of Plan: (continued)

Payments of Benefits

The Plan received excess contributions for certain participants. Excess contributions refundable to participants were $57,110 and $55,774 for the 2018 and 2017 Plan year, respectively. Excess contributions are refunded to participants in the first two and a half months of the subsequent Plan year per Internal Revenue Service (IRS) regulation.

Upon death, disability, retirement, or termination, a participant shall be entitled to receive that participant's account balance in a lump-sum payment. A participant's benefits will be distributed no later than April 1 of the calendar year following the later of: (1) the calendar year in which the participant attains the age of 70 ½ or (2) the calendar year in which the participant retires.

Participants may make withdrawals from their account for hardship purposes as defined by the Plan document. Only employee contributions to the account are available for hardship withdrawals. Subsequent to a hardship withdrawal, no contributions by the employee can be made to the Plan during the six months immediately following the month in which the hardship withdrawal is received. There were no hardship distributions in 2018 and 2017.

Forfeited Accounts

Forfeitures of nonvested amounts attributable to the Company's discretionary contributions are first used to pay administrative expenses and any remaining amounts will be used to reduce future employer contributions. Forfeited amounts totaled approximately $44 and $117 for 2018 and 2017, respectively. The balance for this account as of December 31, 2018 and 2017 was $-0-. The Plan reduced expenses by $44 in 2018 and $524 in 2017.

Administrative Expenses

The Plan sponsor paid expenses of approximately $13,514 and $11,676 during 2018 and 2017, respectively, for the administration of the Plan. These expenses have not been included in the accompanying statement of changes in net assets available for Plan benefits.

Party-in-Interest and Related Party Transactions

Certain Plan investments are shares of mutual funds that are managed by the Trustee or its affiliates. The Plan paid both direct and indirect fees to the Trustee for investment management services. Transactions such as these qualify as party-in-interest transactions.

Amendment and Termination

Although it has not expressed an interest to do so, the Company has the right to amend or terminate the Plan and the related trust at any time subject to the provisions set forth in ERISA. In the event of Plan termination, participants will remain 100 percent vested in the accounts.

Note 2 – Summary of Significant Accounting Policies:

Basis of Accounting

The accompanying financial statements were prepared on the accrual basis of accounting.

GIBSON SALES, L.P.
PROFIT SHARING / 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

Note 2 – Summary of Significant Accounting Policies: (continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from those estimates. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

These investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the risks associated with certain investment securities, it is at least reasonably possible that changes in the market value of these investments may occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Note 3 – Federal Income Taxes:

The Internal Revenue Service has determined, in its letter dated March 31, 2014, that the Fidelity prototype plan as adopted by the Company is a qualified plan under Section 401(a) of the Internal Revenue Code and the trust, under which the Plan operates, was exempt from federal income taxes under Section 501(a) of the Internal Revenue Code effective April 2, 2012. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan administrator believes the Plan is no longer subject to income tax examination for years prior to 2015.

Note 4 – Information Prepared and Certified by Plan Custodian:

The Plan has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan has received certification from the custodian of the market value of all the Plan's investments to participants as of December 31, 2018 and 2017, and of interest income and net appreciation (depreciation) in fair value of investments for the year ended December 31, 2018. The Plan's financial statements and supplemental schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2018, have been prepared based upon this certified information and reflect the amounts certified by the custodian.

The Plan's independent public accountants did not perform auditing procedures with respect to this information certified as complete and accurate by the custodian, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTES TO FINANCIAL STATEMENTS

Note 5 – Concentration of Credit Risk:

The Plan contains certain investment options, whose balances represent a significant concentration of Plan investments. For the year ended December 31, 2018, Fidelity Blue Chip Growth and Treasury Funds represented 35 percent of total investments, and each individually represented in excess of 10 percent of total investments. For the year ended December 31, 2017, Fidelity Blue Chip Growth and Treasury Funds represented 28 percent of total investments, and each individually represented in excess of 10 percent of total investments.

Note 6 – Fair Value Measurements:

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. Following is a description of the valuation methodologies used for investments measured at fair value.

Interest-bearing cash: Valued at cost, which approximates fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 – Inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 – observable inputs, such as, quoted market prices of similar assets or liabilities in active markets or for identical assets or liabilities in markets that are not active, and Level 3 – inputs are unobservable and have the lowest priority. As discussed above, the Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

The following are the Plan's investments measured at fair value on a recurring basis during the year ended December 31, 2018 and 2017.

December 31, 2018	Level 1: Quoted Prices in Active Markets for Identical Assets
Interest-bearing cash	$ 844,239
Mutual funds	3,679,881
Investments at Fair Value at December 31, 2018	$ 4,524,120

December 31, 2017	Level 1: Quoted Prices in Active Markets for Identical Assets
Interest-bearing cash	$ 537,268
Mutual funds	4,686,798
Investments at Fair Value at December 31, 2017	$ 5,224,066

NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

Note 1 – Description of Plan:

The following brief description of the Gibson Sales, L.P. Profit Sharing 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Gibson Sales, L.P. that was established with an effective date of January 1, 1998. The Plan is subject to the provisions of the Employee Income Security Act of 1974 (ERISA). Fidelity Management Trust Company (Fidelity) serves as the Plan asset custodian and record keeper (the Custodian).

Eligibility

Participation in the Plan is limited to employees of Gibson Sales, L.P., who have attained the age of 21 and have completed 6 months of continuous service as defined by the Plan document. Employees may enter the Plan on the first day of the month after they become eligible.

Contributions

The Plan allows salary deferral contributions, discretionary employer contributions, and employer discretionary match contributions. The Plan has no required matching contribution feature. Each year, participants may elect to contribute up to 60 percent of pretax eligible compensation, as defined in the Plan. Participants who have met certain requirements are eligible to make "catch up" contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans, even if they have not met the requirements to be a participant. For 2018 and 2017, the Company elected to make a discretionary matching contribution to the Plan. Discretionary matching contributions for both years was a 50 percent match on contributions not to exceed 1.5 percent of eligible compensation.

Participant Accounts

Each participant's account is credited with the participant and matching contributions and allocations of Plan earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans

Participant loans are currently not offered to Plan participants.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's profit sharing and discretionary matching contributions is based on years of continuous service and generally begins at 20 percent after two years of credited service and increases to 100 percent after six years of credited service.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions into any of the investment options with Fidelity Management Trust Company (a registered investment company). The investment options include a money market interest account, stock funds, and government bond funds. Participants may change their investment options at any time by accessing their personal accounts through the Internet.

Note 1 – Description of Plan: (continued)

Payments of Benefits

The Plan received excess contributions for certain participants. Excess contributions refundable to participants were $57,110 and $55,774 for the 2018 and 2017 Plan year, respectively. Excess contributions are refunded to participants in the first two and a half months of the subsequent Plan year per Internal Revenue Service (IRS) regulation.

Upon death, disability, retirement, or termination, a participant shall be entitled to receive that participant's account balance in a lump-sum payment. A participant's benefits will be distributed no later than April 1 of the calendar year following the later of: (1) the calendar year in which the participant attains the age of 70 ½ or (2) the calendar year in which the participant retires.

Participants may make withdrawals from their account for hardship purposes as defined by the Plan document. Only employee contributions to the account are available for hardship withdrawals. Subsequent to a hardship withdrawal, no contributions by the employee can be made to the Plan during the six months immediately following the month in which the hardship withdrawal is received. There were no hardship distributions in 2018 and 2017.

Forfeited Accounts

Forfeitures of nonvested amounts attributable to the Company's discretionary contributions are first used to pay administrative expenses and any remaining amounts will be used to reduce future employer contributions. Forfeited amounts totaled approximately $44 and $117 for 2018 and 2017, respectively. The balance for this account as of December 31, 2018 and 2017 was $-0-. The Plan reduced expenses by $44 in 2018 and $524 in 2017.

Administrative Expenses

The Plan sponsor paid expenses of approximately $13,514 and $11,676 during 2018 and 2017, respectively, for the administration of the Plan. These expenses have not been included in the accompanying statement of changes in net assets available for Plan benefits.

Party-in-Interest and Related Party Transactions

Certain Plan investments are shares of mutual funds that are managed by the Trustee or its affiliates. The Plan paid both direct and indirect fees to the Trustee for investment management services. Transactions such as these qualify as party-in-interest transactions.

Amendment and Termination

Although it has not expressed an interest to do so, the Company has the right to amend or terminate the Plan and the related trust at any time subject to the provisions set forth in ERISA. In the event of Plan termination, participants will remain 100 percent vested in the accounts.

Note 2 – Summary of Significant Accounting Policies:

Basis of Accounting

The accompanying financial statements were prepared on the accrual basis of accounting.

NOTES TO FINANCIAL STATEMENTS

Note 2 – Summary of Significant Accounting Policies: (continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from those estimates. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

These investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the risks associated with certain investment securities, it is at least reasonably possible that changes in the market value of these investments may occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Note 3 – Federal Income Taxes:

The Internal Revenue Service has determined, in its letter dated March 31, 2014, that the Fidelity prototype plan as adopted by the Company is a qualified plan under Section 401(a) of the Internal Revenue Code and the trust, under which the Plan operates, was exempt from federal income taxes under Section 501(a) of the Internal Revenue Code effective April 2, 2012. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan administrator believes the Plan is no longer subject to income tax examination for years prior to 2015.

Note 4 – Information Prepared and Certified by Plan Custodian:

The Plan has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan has received certification from the custodian of the market value of all the Plan's investments to participants as of December 31, 2018 and 2017, and of interest income and net appreciation (depreciation) in fair value of investments for the year ended December 31, 2018. The Plan's financial statements and supplemental schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2018, have been prepared based upon this certified information and reflect the amounts certified by the custodian.

The Plan's independent public accountants did not perform auditing procedures with respect to this information certified as complete and accurate by the custodian, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 5 – Concentration of Credit Risk:

The Plan contains certain investment options, whose balances represent a significant concentration of Plan investments. For the year ended December 31, 2018, Fidelity Blue Chip Growth and Treasury Funds represented 35 percent of total investments, and each individually represented in excess of 10 percent of total investments. For the year ended December 31, 2017, Fidelity Blue Chip Growth and Treasury Funds represented 28 percent of total investments, and each individually represented in excess of 10 percent of total investments.

Note 6 – Fair Value Measurements:

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. Following is a description of the valuation methodologies used for investments measured at fair value.

Interest-bearing cash: Valued at cost, which approximates fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 – Inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 – observable inputs, such as, quoted market prices of similar assets or liabilities in active markets or for identical assets or liabilities in markets that are not active, and Level 3 – inputs are unobservable and have the lowest priority. As discussed above, the Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

The following are the Plan's investments measured at fair value on a recurring basis during the year ended December 31, 2018 and 2017.

December 31, 2018	Level 1: Quoted Prices in Active Markets for Identical Assets
