Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Charles Schwab Bank, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2018 and 2017, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, as listed in the accompanying table of contents, as of December 31, 2018, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to previously.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than those generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

MIDWEST ORTHOPAEDIC CENTER, S.C. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF PLAN

The following description of the Midwest Orthopaedic Center, S.C. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Midwest Orthopaedic Center (the Center) who have completed one year of service. Participants will be able to enter the Plan on the January 1st or July 1st that coincides with or follows the date in which the service requirement is met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 100 percent of their annual compensation, subject to certain Internal Revenue Code limitations. Participants may make modifications to their contributions monthly and terminate their contributions at their discretion. The Center contributes 50 percent of the first 6 percent of eligible compensation a participant contributes to the Plan. The Center may also make a discretionary contribution that is allocated to eligible employees based on total compensation. An employee must be actively employed at the end of the Plan year and have completed at least 1,000 hours of service during the Plan year to participate in the discretionary contribution. Participants will be eligible to participate in the discretionary contribution regardless of the above conditions if the following occurs during the Plan year: death, total and permanent disability, or normal retirement.

The Plan was amended effective October 1, 2017, to allow in-plan Roth rollovers. In-plan Roth rollovers can be made from all Plan accounts in which the participant has a 100 percent vested interest.

Effective January 1, 2018, the Plan was amended to include an automatic enrollment provision for employees meeting the eligibility requirements. An automatic deferral amount of 3 percent will be withheld from compensation and will increase by 1 percent on November 30th of each Plan year up to a maximum of 6 percent. Participants deferring less than 6 percent will automatically have their deferrals increased by 1 percent, up to a maximum of 6 percent, at that time. This automatic enrollment feature was retroactively applied to eligible employees as of November 30, 2017. Employees can elect an alternative deferral amount or choose not to defer under the Plan. Alternative elections will lapse on November 29th each Plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Center's contribution, and an allocation of Plan earnings. Allocations are based on the performance of the participants' individual investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. Vesting in the employer matching and discretionary contributions is based on a five-year graded schedule. In addition, participants become 100-percent vested upon normal retirement age, death, or disability.

Payment of Benefits

On termination of service due to death, disability, termination, or retirement, a participant account may be distributed in a lump sum payment or substantially equal installments.

Forfeited Accounts

Forfeited non-vested accounts may be used to reduce employer contributions. For the years ended December 31, 2018 and 2017, forfeitures of $9,891 and $6,023, respectively, were used to reduce employer contributions. At December 31, 2018, there were $12,404 of unallocated forfeitures, which will be allocated in 2019.

Plan Termination

Although it has not expressed any intent to do so, the Center has the right to terminate the Plan, subject to the provisions of ERISA.

Notes Receivable From Participants

Participants may borrow from their account up to a maximum of $50,000 or 50 percent of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest. Principal and interest are paid ratably through payroll deductions in periods not to exceed five years. The loan is due on demand when a participant terminates.

Tax Status

The Plan obtained its latest determination letter on June 19, 2014, in which the Internal Revenue Service stated the Prototype Non-Standardized Profit Sharing Plan with CODA, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been restated since receiving the determination letter. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan maintains its accounting records on the modified cash basis of accounting. Accordingly, revenue is recognized and recorded in the accounts when cash is received. In the same manner, expenses are recognized and recorded upon disbursement of cash. Modified cash basis financial statements omit recognition of receivables and payables and other accrued and deferred items. However, similar to financial statements prepared in accordance with GAAP, these financial statements reflect investments measured at fair value.

Estimates

The Plan uses estimates and assumptions in preparing financial statements in accordance with the modified cash basis of accounting. Those estimates and assumptions affect the reported amounts of assets and liabilities and the reported revenues and expenses. Actual results could vary from estimates that were used.

Investment Valuation

Investments are reported at fair value. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's aggregate gains and losses on investments bought and sold as well as held during the year.

Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through June 7, 2019, the date the financial statements were available to be issued.

NOTE 5. FAIR VALUE MEASUREMENTS

The Fair Value Measurements and Disclosures Topic of the FASB Accounting Standards Codification (FASB ASC Topic 820) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018, from the prior year.

Mutual funds, cash and money markets, and self-directed brokerage funds: Valued at each fund's net asset value (NAV), calculated daily. When calculating a fund's NAV, portfolio securities for which market quotations are readily available are generally valued at their market value, which is typically the last quoted sales price at the time of valuation. When there are no readily available market quotations for a security, the portfolio security is valued at its fair value, which is typically the amount the fund might reasonably expect to receive for the security upon a current sale.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

Investments at fair value	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Cash and money market	$ 398,882	$ 398,882	$ -	$ -
Mutual funds	14,695,321	14,695,321	-	-
Self-directed brokerage funds	6,638,827	6,638,827	-	-
Total	$21,733,030	$ 21,733,030	$ -	$ -

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

Investments at fair value	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
