Report of Independent Auditors

To the Administrator of Chesapeake Appalachia, L.L.C. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Chesapeake Appalachia, L.L.C. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 1, 2017 and December 31, 2016, and the related statement of changes in net assets available for benefits for the period ended December 1, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian held the Plan's investment assets and executed investment transactions. The plan administrator has obtained a certification from the custodian as of January 30, 2017 and December 31, 2016 and for the period ended January 30, 2017, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements.

Other Matter

The supplemental schedule of Schedule H, Line 4j – Schedule of Reportable Transactions for the Period Ended December 1, 2017 is required by the Department of Labor's Rules and Regulations for Reporting

and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following is a summary of the various provisions of the Chesapeake Appalachia, L.L.C. 401(k) Plan (the "Plan"). Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan was originally formed on September 1, 2003, as the Columbia Natural Resources, L.L.C. 401(k) Plan. Subsequent to the acquisition of Columbia Energy Resources, L.L.C. and its subsidiaries, including Columbia Natural Resources, L.L.C., by Chesapeake Energy Corporation ("Chesapeake") on November 14, 2005, the Plan name changed to Chesapeake Appalachia, L.L.C. 401(k) Plan. It is a safe harbor defined contribution plan intended to conform to the requirements of ERISA and subsequent legislation when applicable. The Plan is administered by Chesapeake (the "Plan Administrator"), which, as Plan Administrator, has substantial control of and discretion over the administration of the Plan. The Plan Administrator has engaged a third party, Empower Retirement ("Empower") to serve as record keeper ("the Record keeper") and Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company as custodian (the "Custodian") for the Plan. The financial statements and supplemental schedule were prepared using reports certified by the Custodian as complete and accurate.

Eligibility

With the exception of excluded employees, as defined in the Plan document, all union hourly employees of Chesapeake Appalachia, L.L.C. (the "Company") are eligible to participate in the Plan immediately upon employment and upon reaching the age of 18.

Transfers

Due to the Company's acquisition or divestiture activity as well as employee status changes, assets may transfer in to or out of the Plan. These transfers are shown as net transfers on the Statement of Changes in Net Assets Available for Benefits. There was \$13,047,232 of net transfers out for employee status changes during the period ended December 1, 2017.

Participant Contributions

A participant may elect to make basic contributions of his or her compensation, as defined, subject to Internal Revenue Code (the "Code") limitations. Basic contributions consist solely of elective deferrals, which may be excluded from the participant's gross income for federal tax purposes pursuant to Section 401(k) of the Code. Participants may also contribute amounts representing rollover distributions from other qualified plans.

All participant contributions are invested, at the option of the participant, in one or more available funds. Contributions may be invested 100% in one of the available funds or in more than one fund.

Company Contributions

The Company makes a safe harbor contribution to the Plan equal to 5% of participants' eligible compensation, subject to Code limitations. In addition, the Company matches 50% of participant contributions up to 4% of eligible participant compensation. The Company's matching contributions totaled \$0 in 2017.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contributions and allocations of the Plan's net earnings. Allocations are based on participant investment income (loss) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately 100% vested in their voluntary contributions and the Company's matching contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to 15 years for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear interest at 1% over the prime interest rate at the time of loan origination. The prime interest rate as of December 1, 2017 was 4.25%. Principal and interest are paid ratably through biweekly payroll deductions. Interest rates on loans outstanding as of December 31, 2016 ranged from 4.25% to 9.25% with loans maturing at various dates through 2028.

Payment of Benefits

On termination of service due to death, disability, retirement, or termination of employment, a participant whose vested benefit does not exceed \$5,000 must receive a lump-sum amount equal to the value of the participant's balance in his or her account. If the participant's vested balance exceeds \$5,000, then he or she may elect to receive a distribution in a single lump-sum payment of the entire vested balance, a single-sum payment of a portion of the vested balance, and/or a monthly, quarterly, semi-annual, or annual installment over a period of not more than the participant's assumed life expectancy. Participants may also request in-service distributions and financial hardship withdrawals in accordance with the provisions of the Plan.

Plan Termination

The Company reserves the right to change, amend or discontinue the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, no further contributions will be made and all participants' account balances will be distributed in accordance with provisions of the termination agreement. On December 21, 2016, Chesapeake sold its Appalachian assets to Core Appalachia Operating LLC ("Core") and all participants in the Plan became employees of Core. The participants' accrued benefits were transferred on January 30, 2017 into the Core Appalachia Operating LLC Union Employees' 401(k) Plan and no participants remain in the Plan following the transfer. The plan terminated on December 1, 2017.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of the net assets available for benefits and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). The Plan measures fair value as required by ASC 820, "Fair Value Measurements and Disclosures", which provides a framework for measuring fair value under U.S. GAAP. Under ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability. See Note 4 for the fair value measurement disclosures associated with the Plan's investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividend income is recorded on the ex-dividend date. The Statement of Changes in Net Assets Available for Benefits presents the net appreciation in the fair value of investments, reflecting the realized gains and losses and the unrealized appreciation (depreciation) on those investments during the period presented.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Custodian and record keeper fees are paid by the Participants through an annual asset based charge structure. There were no custodian or record keeper fees incurred in 2017. Certain Plan expenses, such as the annual audit fees, are paid by the Company and are not included in these financial statements.

3. Investments

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following unaudited data, investments, as shown in the Statements of Net Assets Available for Benefits, including plan investments in the group annuity contract at contract value, notes receivable from participants and related interest income, realized and unrealized appreciation (depreciation) in fair value of investments, and interest for the period ended December 1, 2017 and the year ended December 31, 2016, and the supplemental Schedule Reportable Transactions for the period ended December 1, 2017 are complete and accurate. The Plan's independent auditor did not perform any auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements for the period ended December 1, 2017 and the year ended December 31, 2016.

4. Fair Value Measurements

The authoritative guidance for fair value measurements, ASC 820, establishes a fair value hierarchy that prioritizes the inputs and valuation techniques used to measure fair value into three levels in order to increase consistency and comparability in fair value measurements and disclosures. The classification of assets and liabilities within the hierarchy is based on whether the inputs to the valuation methodology used for the fair value measurement are observable or unobservable. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from independent sources. Unobservable inputs reflect the Plan's estimates about assumptions that market participants would use in pricing the asset or liability based on the best information available. The hierarchy is broken down into three levels based on the reliability of inputs as follows:

- Level 1:** Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date. Valuation of these instruments does not require a significant degree of judgment since valuations are based on quoted prices that are readily available in an active market.
- Level 2:** Significant observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instrument.
- Level 3:** Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or a liability.

In many cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following is a description of the Plan's valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 1, 2017 and December 31, 2016.

Mutual Funds: Valued at the closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Investments in mutual funds generally may be redeemed daily.

Common/Collective Trust Funds: Valued at the Net Asset Value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The valuation methods described above may produce a fair value calculation that is not indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those used by other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no investments as of December 1, 2017. The following table provides by level, within the fair value hierarchy, classification information for Plan assets measured at fair value on a recurring basis as of December 31, 2016:

	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
December 31, 2016				
Mutual Funds	694,996	—	—	694,996
Total assets in fair value hierarchy	\$ 694,996	\$ —	\$ —	\$ 694,996
Investments measured at net asset value ^(a)				7,373,669
Total investments				<u>\$ 8,068,665</u>

(a) In accordance with subtopic ASC 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. There were no investments measured using the net asset value per share practical expedient as of December 1, 2017.

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2016				
Common collective trust funds	\$ 7,373,669	None	Daily	None
Investments measured at net asset value	<u>\$ 7,373,669</u>			

5. Fully Benefit-Responsive Investment Contracts

The Plan is invested in a group annuity contract with the Custodian, the Guaranteed Portfolio Fund, which invests in primarily high-quality fixed income bonds. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value in the Statements of Net Assets Available for Benefits. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals,

and administrative expenses. Participants may transfer their account balance to any other investment option offered under the plan at any time with no restrictions or penalties. The Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly but may not be less than 0%. The average yield earned by the plan for the benefit responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average was 0% and 1.16% as of December 1, 2017 and December 31, 2016, respectively. As of December 1, 2017 and December 31, 2016, the contract value for the investment contract was \$0 and \$4,088,052, respectively.

The Company is not aware of any circumstances that would allow the Custodian to settle at a value other than contract value. No events have occurred that would limit the ability of the fund to effect participant transactions at contract value. Investments in the investment contract are presented at contract value in the Statements of Net Assets Available for Benefits. Contract value is equal to the principal balance as of the measurement date plus interest credited. There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

The Plan must provide a 1-month notification to discontinue the investment contract. Chesapeake notified the Custodian in November 2016 that its Appalachian assets were under contract with Core Appalachia Operating LLC ("Core") and once the sale was complete all employees included in the Plan would be transferred to the Core Appalachia Operating LLC Union Employees' 401(k) Plan ("Core Plan"). See Note 10 for further information.

6. Tax Status

The Internal Revenue Service issued an opinion letter dated March 31, 2014 with respect to the prototype adopted by the Plan, which indicates that the prototype as designed at the date of the letter is in compliance with the applicable requirements of the Code. On December 10, 2009, the Plan was amended to comply with the Pension Protection Act of 2006 and the Heroes Earnings Assistance and Relief Tax Act of 2008. The IRS required amendments have also been implemented, and the Plan continues to maintain its tax exempt status. The Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions by the Plan and has concluded that as of December 1, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2014.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

8. Party-in-Interest Transactions

The Plan holds investments in a group annuity contract managed by the Custodian, therefore, transactions in this investment qualify as party-in-interest transactions. During 2017, there were 334 purchases for a total purchase price of \$10,881 and 617 sales for a total selling price of \$4,102,524. The Plan also holds notes receivable representing participant loans that qualify as party-in-interest transactions.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of benefits paid to participants for the period ended December 1, 2017, as reflected in the accompanying financial statements, to the Form 5500:

	2017
Benefits paid to participants per the financial statements	\$ 112,844
Less: Deemed distributions	(39,154)
Benefits paid to participants per the Form 5500	<u>\$ 73,690</u>
