Report on the Financial Statements

We have audited the accompanying financial statements of Wingfoot Commercial Tire Systems, LLC Hourly Employee Savings and Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of September 14, 2018 and December 31, 2017, and the related statement of changes in net assets available for benefits for the period ended September 14, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of September 14, 2018 and December 31, 2017, and the changes in net assets available for benefits for the period ended September 14, 2018, in accordance with accounting principles generally accepted in the United States of America.

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Wingfoot Commercial Tire Systems, LLC Hourly Employee Savings and Retirement Plan (the "Plan"), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution retirement savings plan which covered all employees of Wingfoot Commercial Tire Systems, LLC (the "Company") who were under an hourly compensation arrangement and had at least six months of service. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2017, the Company was merged with and into The Goodyear Tire & Rubber Company and as a result, The Goodyear Tire & Rubber Company became the plan sponsor (Plan Sponsor) of the Plan. The active employees participating in the Plan became participants in The Goodyear Tire & Rubber Company Savings Plan for Retail Employees ("Goodyear Retail Plan") or The Goodyear Tire & Rubber Company Employee Savings Plan for Salaried Employees ("Goodyear Salaried Plan").

During 2018, account balances of \$24,539,014 and \$397,144 were transferred from the Plan to the Goodyear Retail Plan and the Goodyear Salaried Plan, respectively, effectively merging the Plan into these plans. The final transfer occurred on September 14, 2018.

Contributions

Participants contributed between 1% and 50% of their pre-tax annual compensation, as defined in the Plan, up to the annual Internal Revenue Service ("IRS") dollar limit. If a participant reached age 50 during the calendar year and was making the maximum Plan or IRS pre-tax contribution, they could make an additional "catch-up" contribution each pay period, up to the annual IRS dollar limit.

The Company made a matching contribution of 50% of the first 4% of an active participant's compensation contribution to the Plan.

The Company made a retirement contribution on behalf of each of its eligible participants in the amount of 2% of the employee's compensation. Eligible participants included those who were hired prior to April 1, 2009, were age 40 or older on April 1, 2007, and had not been terminated as of the last day of the quarter.

Effective January 1, 2017, no additional contributions accrue for the Plan.

NOTES TO FINANCIAL STATEMENTS
September 14, 2018 and December 31, 2017

Participant Accounts

Each participant's account was credited with (a) the participant's contribution; (b) the Company's matching contribution, (c) the Company's retirement contribution, and (d) the allocation of Plan earnings. Allocations were based on participant investment elections, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that could have been provided from the participant's vested account balance.

Rollovers

A participant could have contributed eligible cash amounts attributable to rollover distributions from qualified plans. This amount was credited to the participant's rollover contributions account within the Plan.

Vesting

Participant contributions plus allocated earnings thereon were immediately vested.

The value of the Company's matching contributions and retirement contributions and earnings thereon became 100% vested after three years of service with the Company. A participant would have also become 100% vested upon death of the participant, if the participant incurred a total permanent disability, or if the participant attained age 65.

Forfeitures

Any non-vested Company contributions were forfeited upon termination and applied to reduce future contributions by the Company. Remaining forfeiture credits of \$31,670 were transferred to the Goodyear Retail Plan during 2018 and applied to reduce future employer contributions and expenses of the Goodyear Retail Plan.

Notes Receivable from Participants

Participants could have borrowed from their account a minimum of \$1,000 and the amount of the loan could not exceed the lesser of: (a) 50% of the balance of participant and rollover contributions accounts, or (b) \$50,000 reduced by the participant's highest outstanding loan balance in the last twelve months. Loan terms generally ranged from one to five years; however, if the loan was for the purchase of a primary residence, the repayment period could not exceed fifteen years. The loans were secured by up to 50% of the vested balance in the participant's account and accrued interest equal to the prime-lending rate for the month in which the loan is made, plus one percentage point. Repayment, with interest, was made through payroll deductions.

Payment of Benefits

A participant who incurred a termination of employment for any reason other than death could have elected to receive the vested portion of his or her account: (1) in a single lump sum cash payment; or (2) in annual, semiannual, quarterly, or monthly installments payable in substantially equal amounts over a fixed period of time not to exceed the participant's life expectancy or the joint life expectancy of the participant and participant's beneficiary.

WINGFOOT COMMERCIAL TIRE SYSTEMS, LLC
HOURLY EMPLOYEE SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
September 14, 2018 and December 31, 2017

A beneficiary could have received a single lump sum cash payment, except for a beneficiary who is the participant's spouse, who could have elected to receive payment in annual, semiannual, quarterly, or monthly installments, payable in substantially equal amounts over a fixed period of time not to exceed the beneficiary's life expectancy.

Expenses

Expenses of administering the Plan were paid partly by the Company and partly by the Plan. Expenses related to the asset management of the investment funds were paid from such funds which reduced the investment return reported and credited to participant accounts. Recordkeeping fees were paid from funds in which a participant invested.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Trust Assets

The Plan's investments were maintained in a master trust entitled The Goodyear Tire & Rubber Company Commingled Trust (the "Commingled Trust") administered by The Northern Trust Company ("Northern Trust"). At December 31, 2017 and through the date of the Plan's merger, the Plan Sponsor sponsored five savings plans that participate in the Commingled Trust, including the Plan. The investments of the Plan, except for insignificant residual amounts, were transferred to the Goodyear Retail Plan and Goodyear Salaried Plan on May 31, 2018. The Plan's divided interest in the Commingled Trust is presented in the accompanying financial statements in accordance with the allocation made by Northern Trust.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts (See Note 8). Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they initiate permitted transactions under the terms of the plan.

The fair value of investments held by the Commingled Trust is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date (See Note 7). The value of the Plan's interest in the Commingled Trust was based on the beginning of the period value in the Commingled Trust plus actual contributions and allocated investment income (loss) less actual distributions and allocated administrative expenses. Investment income (loss) and investment expenses relating to the Commingled Trust were allocated on a daily basis to the Plan based on the Plan's value in each applicable fund within the Commingled Trust.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) included the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represented participant loans and are measured as their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans were classified as deemed distributions based upon the terms of the Plan document. Repayments of principal and interest were recognized in the period in which payroll deductions are processed.

Payment of Benefits

Benefits were recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through May 10, 2019 the date the financial statements were available to be issued. There were no subsequent events which required recognition or disclosure in the financial statements.

NOTE 3 - PARTY-IN-INTEREST

The Plan invested in certain funds that were managed by Northern Trust, and therefore, these investments were considered party-in-interest.

NOTES TO FINANCIAL STATEMENTS
September 14, 2018 and December 31, 2017

NOTE 4 - TAX STATUS

Prior to the Plan's merger with and into the Goodyear Retail Plan and Goodyear Salaried Plan, the IRS determined that the Fidelity Volume Submitter Defined Contribution Plan (Profit Sharing Plan/401(k) Plan), which was adopted by the Company on April 1, 2009 and subsequently amended effective June 15, 2015 and April 1, 2017, meets the qualification requirements for the tax exemption under the Internal Revenue Code ("IRC"). Although the Plan was amended since the opinion letter was received, the Company and Plan's tax counsel believe the Plan was designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes was included in the Plan's financial statements.

NOTE 5 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017 to the Form 5500:

Net Assets Available for Benefits per the Financial Statements	\$ 27,940,789
Adjustment from Contract Value to Fair Value for Fully Benefit-Responsive Investment Contracts	<u>23,532</u>
Net Assets Available for Benefits per the Form 5500	<u><u>\$ 27,964,321</u></u>

The following is a reconciliation of net investment gain from the Plan's interest in the Commingled Trust per the financial statements for the period January 1, 2018 to September 14, 2018 to the Form 5500:

Net Investment Gain from Plan's Interest in Commingled Trust per the Financial Statements	\$ 279,811
Impact of Reflecting Fully Benefit-Responsive Investment Contracts at Fair Value	<u>(23,532)</u>
Net Investment Gain from Plan's Interest in Commingled Trust per the Form 5500	<u><u>\$ 256,279</u></u>

Fully benefit responsive investment contracts are recorded at fair value on the Form 5500, but are reported at contract value within the Commingled Trust.

NOTE 6 - FINANCIAL DATA OF THE COMMINGLED TRUST

For the period January 1, 2018 through May 31, 2018, all of the Plan's investments were in the Commingled Trust, which was established for the investment of plan assets. Each participating plan has a divided interest in the Commingled Trust.

NOTE 7 - FAIR VALUE MEASUREMENTS

Assets and liabilities measured at fair value are classified using the following hierarchy, which is based upon the transparency of inputs to the valuation as of the measurement date:

- Level 1 – Valuation is based upon quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2 – Valuation is based upon quoted prices for similar assets and liabilities in active markets, or other inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 – Valuation is based upon other unobservable inputs that are significant to the fair value measurement.

The Commingled Trust's assets measured at fair value on a recurring basis are as follows:

The classification of fair value measurements within the hierarchy is based upon the lowest level of input that is significant to the measurement. Investments that are measured at net asset value ("NAV") per share are not classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to total investments at fair value of the Plan and Commingled Trust. Valuation methodologies used for assets measured at fair value are as follows:

Mutual Funds: Valued at the NAV of shares held by the Plan or Commingled Trust at year end, as determined by the closing price reported on the active market on which the individual securities are traded.

Common Stock: Valued at the year-end closing price reported on the active market on which the individual securities are traded.

Common collective trusts: Valued at the NAV of units held by the Plan or Commingled Trust at year end. The NAV, as provided by the trustee of each common collective trust fund, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by each fund less its liabilities. This practical expedient would not be used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the plan were to initiate a full redemption of any common collective trust, each investment advisor reserves the right to temporarily delay withdrawal to ensure that securities liquidation will be carried out in an orderly business manner. The common collective trust funds of the Commingled Trust had a fair value of approximately \$1,866,688,000 as of December 31, 2017, with no unfunded commitments, daily pricing frequency, and full redemption notice periods that extend no greater than 30 days.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believed its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 8 - INVESTMENT CONTRACTS

One investment fund available under the Commingled Trust is the Stable Value Fund, which has entered into benefit-responsive guaranteed investment contracts and wrapper contracts with various financial institutions. The Stable Value Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The value of the Commingled Trust's investment in the Stable Value Fund was approximately \$630,232,000 as of December 31, 2017.

As described in Note 2, because the guaranteed investment contracts held by the Commingled Trust are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value, as reported to the Commingled Trust by the manager of the Stable Value Fund, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate was based on a formula agreed upon individually with the issuers.

The Stable Value Fund has purchased wrapper contracts from the financial institutions. The wrapper contracts amortize the realized and unrealized gains and losses on the underlying fixed income investments, typically over the duration of the investments, through adjustments to the future interest crediting rate (which is the rate earned by participants in the fund for underlying investments). The issuers of the wrapper contracts provide assurance that the adjustments to the interest crediting rate do not result in a future interest crediting rate that is less than zero.

Certain events limited the ability of the Plan to transact at contract value with the issuer. These events included termination of the Plan, a material adverse change to the provisions of the Plan, if the Commingled Trust elects to withdraw from a wrapper contract in order to switch to a different investment provider, or if the terms of a successor plan (in the event of the spin-off or sale of a division) do not meet the wrapper contract issuer's underwriting criteria for issuance of a clone wrapper contract. The events described above that could have resulted in the payment of benefits at market value rather than contract value did not occur.

The wrapper contracts do not permit the issuers to terminate the contracts unless the plans in the Commingled Trust lose their qualified status, incur material breaches of responsibilities, or material and adverse changes occur to the provisions of the plans.
