NINETY NINE HUMAN RESOURCES, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

August 31, 2018 and December 31, 2017

1. DESCRIPTION OF PLAN

The following description of the Ninety Nine Human Resources 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

Effective May 1, 2018, the Plan’s assets were merged into another qualified defined contribution plan, HR Outsourcing, Inc. 401 (k) Plan. See Note 6 for further discussion.

General

The Plan is a defined contribution plan covering all eligible employees of Ninety Nine Human Resources, LLC and Pulse Anesthesia Staffing, LLC (collectively, the “Company”). Certain employees of the Company, as defined in the plan document, are eligible for the Company’s safe harbor match contribution after they have completed 1,000 hours of service within the 12-month period following their date of hire, and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Administrative Committee is responsible for oversight of the Plan.

Amendments

Effective January 1, 2017, the Plan’s definition of eligibility was amended to exclude physicians from participation in the Plan. Additionally, chiropractors are excluded from eligibility to receive the Company’s safe harbor match contributions.

Contributions

Each year, participants may contribute up to 80 percent of their annual compensation, as defined in the plan document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans

(rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company's safe harbor match contributions are based on a tiered formula that matches 100 percent of the first three percent and 50 percent of the next two percent of base compensation that a participant contributes to the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's safe harbor match contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Company's safe harbor match contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at one percent above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. A participant whose vested balance is less than \$1,000 is subject to mandatory cash out provisions as defined by the plan document.

Forfeited Accounts

As of August 31, 2018 and December 31, 2017, forfeited non-vested accounts total \$0 and \$4,616, respectively. These accounts will be used to reduce the Company's future safe harbor match contributions. For the period from January 1, 2018 to August 31, 2018, forfeited non-vested accounts used to reduce the Company's safe harbor match contributions total \$4,616.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, and is an acceptable method of reporting under Department of Labor ("DOL") regulations. The modified cash basis of accounting utilizes the cash basis of accounting while carrying investments at fair value and recording investment income (loss) on the accrual basis. Consequently, contributions are recognized when received rather than when earned, and expenses are recognized when paid rather than when the obligation is incurred.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and the custodian. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of August 31, 2018 and December 31, 2017. If a participant ceases to make loan repayments and plan management deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and payment of benefits are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Concentrations

The following table presents investments that represent 10 percent or more of the Plan's net assets available for benefits as of August 31, 2018 and 2017:

	<u>2018</u>	<u>2017</u>
Vanguard 500 Index Admiral	**	\$ 226,133
American Funds 2030 TRGT Date Retire R4	**	\$ 217,351
Vanguard Prime Money Martket	**	\$ 144,732

**Value does not represent 10 percent or more of the Plan's net assets available for benefits as of the respective date.

Subsequent Events

Plan management has evaluated subsequent events through June 10, 2019, the date the financial statements were available to be issued, and determined there were no other items to disclose.

3. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments are managed by Reliance Trust Company (“Reliance”). Reliance is the custodian and trustee of the Plan and, therefore, these transactions qualify as party in interest transactions which are exempt from prohibited transaction rules. Fees incurred by the Plan for investment management, trustee, and custodial services are included in net appreciation in fair value investments.

Plan transactions and records are administered by Insperity Retirement Services (“Insperity”). Insperity is the record keeper as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for recordkeeping services are included in administrative expenses and in net appreciation in fair value investments.

4. INFORMATION CERTIFIED BY THE PLAN’S CUSTODIAN

Plan management has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. The custodian certified that the following data included in the accompanying financial statements is complete and accurate as of August 31, 2018 and December 31, 2017, and for the period from January 1, 2018 to August 31, 2018:

	2018	2017
Investments at fair value	\$ -	\$ 1,082,481
Net appreciation in fair value of investments	\$ 25,272	
Dividends	\$ 3,543	
Interest	\$ 1,027	

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of August 31, 2018 and December 31, 2017.

Registered investment companies: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-ended funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Money market account: Valued daily based on the face value and the stated rate disclosed in the contract.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of August 31, 2018 and December 31, 2017:

Investments at Fair Value as of August 31, 2018				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ -	\$ -	\$ -	\$ -
Money market account	-	-	-	-
Total	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

Investments at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 937,750	\$ -	\$ -	\$ 937,750
Money market account	144,731	-	-	144,731
Total	<u>\$ 1,082,481</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,082,481</u>

6. PLAN MERGER

Effective May 1, 2018, the Plan's assets were merged into another qualified defined contribution plan, HR Outsourcing, Inc. 401 (k) Plan. As of this date, contributions to the Plan ceased. As of August 31, 2018, all accounts were distributed from the Plan. The transfer of the Plan's assets resulted in no tax gain or loss to either of the plans.

7. TAX STATUS

Plan management adopted a prototype plan offered by Insperity. The IRS has determined and informed Insperity by a letter dated September 1, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although

the Plan has been amended since Insperity received the determination letter, plan management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

The modified cash basis of accounting requires plan management to evaluate tax positions taken by the Plan, disclose within the footnotes to the financials any potential impact to the Plan, and recognize a tax liability at the company level if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing jurisdictions.

8. INACTIVE PARTICIPANTS WITH ACCOUNT BALANCES

As of August 31, 2018 and December 31, 2017, the value of the accounts held by participants who have separated from employment with the Company and have decided to continue to invest in the Plan total \$0 and \$348,924, respectively. For the period from January 1, 2018 to August 31, 2018, there were no distributions requested but not paid to participants who have elected to withdraw from the Plan.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
