LORD & TAYLOR 401(k) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the Lord & Taylor 401(k) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the plan document or summary plan description for a more complete description of the Plan’s provisions, which are available from the plan administrator.

General

Prior to the merger, as described below, the Plan was a defined contribution plan available to all employees of Lord & Taylor LLC (the “Company”) who were at least twenty-one years of age and had completed six months of service. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan was administered by the Company’s Investment Committee (“Committee”), which was a committee made of members of management of the Company and the plan administrator. The Committee had overall responsibility for the operation and administration of the Plan. The Committee determined the appropriateness of the Plan’s investment offerings, monitored investment performance and reported to the Company’s executive management.

Plan Merger

On May 24, 2018, a resolution was adopted by the HBC Retirement Committee on behalf of the Company that elected to merge the Plan with the Saks Incorporated 401(k) Retirement Plan and the GILT Groupe Holdings, Inc. 401(k) Plan. The plan sponsor of each plan included in the merger represents a U.S.-based subsidiary of the Hudson’s Bay Company. Effective August 31, 2018, participant account balances of \$172,457,060 were combined with the account balances of the other two plans to create the HBC 401(k) Retirement Savings Plan. All eligible employees of the Company were able to contribute to this new plan effective September 1, 2018.

Contributions

Each year, participants could contribute up to 75% of pretax annual compensation, as defined by the Plan. Participants could also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age fifty or older who were making contributions to the Plan were allowed to make catch-up contributions. If a participant did not make an election with respect to plan participation, he/she was automatically enrolled after one year of service at a rate of 3%.

Note 1 - Description of Plan (Continued)

Contributions (Continued)

The Company's matching contributions were determined annually and were discretionary based on performance. All participants were eligible for matching contributions after one year of service. For the period from January 1, 2018 through August 31, 2018, the Company contributed 45% of the first 5% of base compensation that a participant contributed to the Plan. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant Investment Account Options

Participants directed the investment of all contributions into various investment options offered by the Plan. The Plan offered a variety of mutual funds and common/collective trust accounts as investment options for participants.

Participant Accounts

Each participant's account was credited with the participant's contribution, the Company's matching contribution, earnings or losses on the account and a charge for any distributions and an allocation of administrative expenses. Allocations were charged on a "per capita" basis, such that each participant paid an equal portion of the administrative expenses with the exception of newly enrolled participants who, once enrolled, did not begin paying such fees until the same quarter the following year. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting

Participants were immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts was based on years of credited service. A year of credited service is defined by a full calendar year in which the participant is paid for at least 1,000 hours of work. A participant was 100% vested after six years of credited service.

Notes Receivable From Participants

Participants could borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans were secured by the balance in the participant's account and bore interest at rates which were commensurate with local prevailing rates (prime rate plus 1%). Principal and interest was paid ratably through payroll deductions.

Note 1 - Description of Plan (Continued)

Payment of Benefits

Plan participants or beneficiaries were eligible to receive a benefit payment equal to their vested account balance upon termination of employment, retirement, death or permanent disability, as stipulated in the plan document. Such benefits were made in a lump-sum payment, subject to certain restrictions as defined in the Plan. In-service withdrawals were permitted for those active participants who had attained age 59½. In addition, the Plan permitted hardship withdrawals.

Forfeited Accounts

Forfeited employer contributions were used to reduce future employer contributions and/or pay plan expenses. At December 31, 2017, forfeited non-vested accounts totaled \$109,778.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan were prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determined the Plan's valuation policies utilizing the information provided by the investment advisors and trustee. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Dividends were recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Note 2 - Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017. If a participant ceased to make loan repayments and the plan administrator deemed the participant loan to be in default, the participant loan balance was reduced and a benefit payment was recorded.

Payment of Benefits

Benefits were recorded when paid.

Administrative Expenses

Certain expenses of the Plan were paid by the Company and were not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses. Investment related expenses were included in net appreciation of fair value of investments.

Note 3 - Information Prepared and Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bank of America, N.A., the plan trustee, has certified that the following data included in the accompanying financial statements is complete and accurate with respect to investments:

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Dividends
- Interest income on notes receivable from participants

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

Note 4 - Fair Value Measurements

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurement*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at August 31, 2018 and December 31, 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

LORD & TAYLOR 401(k) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

Note 4 - Fair Value Measurements (Continued)

Common/collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. Additionally, there were no unfunded commitments.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017:

	<u>Investments at Fair Value at December 31, 2017</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Interest bearing cash	\$ 1,174	\$ -	\$ -	\$ 1,174
Mutual funds	<u>21,142,087</u>	<u>-</u>	<u>-</u>	<u>21,142,087</u>
Total assets in the fair value hierarchy	<u>\$ 21,143,261</u>	<u>\$ -</u>	<u>\$ -</u>	21,143,261
Investments measured at NAV practical expedient ^(a)				<u>157,929,889</u>
Total investments at fair value				<u>\$ 179,073,150</u>

(a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) using the practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Note 5 - Related Party and Party-in-Interest Transactions

The Plan paid certain expenses related to the Plan's operations and investment activity to various service providers. These transactions are party-in-interest transactions. The plan sponsor pays directly any other fees related to the Plan's operations.

Note 6 - Nonparticipant-Directed Investments

Net assets:		
Common/collective trust	<u>\$ -</u>	<u>\$109,778</u>

Forfeitures used to pay administrative expenses		(3,648)
Returned unclaimed checks		4,079
Transfer out		<u>(156,655)</u>
		<u>\$ (109,778)</u>

Note 7 - Plan Termination

The Company had the right to terminate the Plan subject to the provisions of ERISA. In the event of a termination of the Plan, participants would become fully vested in all individual account balances. The plan merger did not constitute a termination of the Plan.

Note 8 - Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 31, 2014, that the Plan and the related trust are designed in accordance with the applicable sections of the IRC. Although the Plan had been amended since receiving the determination letter, the plan administrator believed that the Plan and related trust were currently designed and operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America required plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

LORD & TAYLOR 401(k) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

Note 9 - Risks and Uncertainties

The Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' accounts balances and the amounts reported in the statements of net assets available for benefits.

Note 10 - Subsequent Events

The Plan has evaluated subsequent events through June 14, 2019, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
