Gateway Packaging, LLC of Missouri Union 401(k) Plan

Notes to Financial Statements

August 24, 2018 and December 31, 2017

Note 1: Description of the Plan

The following description of Gateway Packaging, LLC of Missouri Union 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan sponsored by Gateway Packaging, LLC ("Company") for the benefit of its employees who had at least 60 days of service and were age 21 or older. Employees not covered by a collective bargaining agreement were not eligible to participate in the Plan. The Plan was subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Associated Trust Company, N.A. ("Associated Trust") was the trustee of the Plan.

Contributions

The Plan permitted eligible employees through a salary deferral election to have the Company make annual contributions of any desired percent of eligible compensation. Employee rollover contributions were also permitted. Participants who have attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Employer matching contribution were discretionary. In 2018 and 2017, the Company made discretionary matching contributions of 50 percent of employees' salary deferral amounts on the first 6 percent of employees' compensation. Further, the Company also could have made discretionary contributions determined annually by the Company's board of directors. No additional discretionary contributions were made for 2018 or 2017. Contributions were subject to certain limitations. Forfeitures were used to reduce Company matching contributions.

Participant Investment Account Options

Investment account options available included various funds. Each participant had the option of directing their contributions into any of the separate investment accounts and could have changed the allocation daily.

The Plan Document also included an automatic deferral feature whereby a participant was treated as electing to defer 1 percent of eligible compensation unless the participant made an affirmative election otherwise.

Employer profit-sharing contributions to the Plan were invested at the discretion of the Company.

Participant Accounts

Each participant's account was credited with the participant's contribution, the Company's contribution and Plan earnings and was charged with an allocation of administrative expenses. Allocations were based on participant earnings or account balances, as defined. The benefits to which a participant was entitled was the benefit that can be provided from the participant's vested account.

Vesting

Participants were immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon was based on years of continuous service. A participant was fully vested after five years of continuous service. Effective August 24, 2018, all participants become 100 percent vested in Company contributions as a result of the termination of the Plan.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may have elected to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments. The Plan allowed for in-service distributions once a participant reaches age 59 ½ as well as hardship distributions subject to Plan provisions. If a participant terminated employment and the participant's account balance did not exceed $5,000, the participant's account was automatically distributed in accordance with the Plan provisions.

Notes Receivable from Participants

Participants could have borrowed from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans were secured by the balance in participant's account. Interest on the loans was based on local prevailing rates as determined by the Plan Administrator. Principal and interest was paid through payroll withholdings unless the participant was paying the loan in full.

Plan Termination

The Company had the right under the Plan to discontinue its contributions at any time and terminate the Plan, subject to the provisions of ERISA. Effective August 1, 2018, the Plan merged into the ProAmpac Retirement Plan. The transfer of assets was completed on August 24, 2018.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Quoted market prices, if available, were used to value investments. Mutual funds were valued at the net asset value (NAV) of shares held by the Plan at year-end. The Plan's interests in the collective trust funds were valued based on information reported by Associated Trust using the audited financial statements of the collective trusts at year-end.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Notes Receivable From Participants

Notes receivable from participants were measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans were reclassified as distributions based upon the terms of the Plan Document.

Plan Tax Status

The Plan operated under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust/custodial document sponsored by Associated Trust. This prototype plan document had been filed with the appropriate agency. The Plan had not obtained or requested a determination letter. However, the Plan Administrator believes the Plan was designed operated in compliance with the applicable requirements of the Internal Revenue Code and the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Payment of Benefits

Benefit payments to participants were recorded upon distribution.

Administrative Expenses

Administrative expenses were paid by the Company or the Plan, at the Company's discretion.

Subsequent Events

Subsequent events have been evaluated through June 17, 2019, which is the date the financial statements were available to be issued.

Note 3: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying Statements of Net Assets Available for Benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2017. There were no assets held by the Plan as of August 24, 2018.

		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2017				
Mutual funds	$ 663,319	$ 663,319	$ -	$ -
Collective trust funds	1,319,168	-	1,319,168	-
	$ 1,982,487	$ 663,319	$ 1,319,168	$ -

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying Statements of Net Assets Available for Benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There had been no significant changes in the valuation techniques during the period ended August 24, 2018. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, investments were classified within Level 1 of the valuation hierarchy. If quoted market prices were not available, then fair values were estimated by using quoted prices of investments with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters. Such investments were classified in Level 2 of the valuation hierarchy.

Note 4: Related Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, a person who owns 50 percent or more of such an employer or relatives of such persons.

Certain Plan investments were shares of collective trust funds managed by Associated Trust. Associated Trust was the trustee as defined by the Plan and, therefore, these transactions qualified as party-in-interest transactions.

In 2018, the Plan incurred $16,384 of administrative and trust fees from Associated Trust, all of which was paid in 2018. In 2017, the Plan incurred $19,531 of administrative and trust fees from Associated Trust, $15,766 of which was paid and $3,765 of which is accrued and unpaid at December 31, 2017. The Company provided certain administrative services at no cost to the Plan.

Note 5: Certification of Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29-CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

Employee contributions of $9,030 and $37,092 for the period ended August 24, 2018 and for the year ended December 31, 2017, respectively, were not remitted to the Plan within the required time period.
