NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Law Bulletin Media Employees' Profit Sharing Retirement Plan and Trust (formerly Law Bulletin Publishing Company Employees' Profit Sharing Retirement Plan and Trust) ("the Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution retirement plan covering certain employees of the Law Bulletin Media ("the Company"). Employees become eligible to participate immediately upon date of hire. Eligibility for the Company's profit sharing and matching contributions require that a participant be employed by the Company on the last day of the plan year and have completed one year of service. The Plan was established November 1, 1961 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Participants may contribute up to 100% of their eligible compensation to the Plan on a pretax basis. The Plan has an auto enrollment provision for eligible employees, who are enrolled into the Plan at a contribution rate of 3% of their eligible compensation. The Plan provides for automatic 1% annual increases, up to a maximum contribution rate of 10%. The Company profit sharing contributions and matching contributions are discretionary. For the plan year ended October 31, 2018, the Company matched pretax contributions made by eligible participants in an amount equal to 25% of the participant's pretax deferral, which did not exceed 5% of eligible compensation. The Company did not make a profit sharing contribution to the Plan for the plan year ended October 31, 2018.

Participants' Accounts: Each participant's account is credited with the participant's own contribution, an allocation of the Company's contributions, and an allocation of the Plan's earnings. Allocations are based on participant contributions, account balances, or compensation. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Forfeited Accounts: Forfeitures of terminated participants' non-vested employer matching account balances are used to reduce future employer matching contributions. Forfeitures of terminated participants' non-vested employer profit sharing account balances are allocated to participants.

Investment Options: Upon enrolling in the Plan, a participant may direct the investment of his or her account into certain investment options offered through Fidelity Management Trust Company. Participants may change their investment options daily.

Retirement, Death, and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death, or disability.

Vesting: Participants are immediately vested in their deferral contributions and earnings thereon. Vesting in the remainder of their account is based on years of continuous service. A participant is 20% vested after two years of credited service and 100% vested after six years of credited service.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA and its related regulations. In the event of the Plan's termination, participants will become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principles and policies that significantly affect the determination of net assets available for benefits and results of operations are summarized below:

Basis of Accounting: The accounting principles and procedures followed by the Plan conform to accounting principles generally accepted in the United States of America. The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Note 4. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Upon termination of service, the participant determines whether the distribution will be made in one lump sum or in installments. In the event the distribution is made in installments, the undistributed portion of the participant's account will continue to participate in the earnings of the Plan. Benefits are recorded when paid.

Risks and Uncertainties: The Plan provides for investments in mutual funds. Investment securities, in general, are exposed to various risks such as interest rate, credit, liquidity, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits and participants' individual account balances.

Administrative Expense: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants and other transactions initiated by participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

NOTE 3 - UNAUDITED INFORMATION - CERTIFIED INVESTMENTS

Substantially all information pertaining to the Plan's investments included in the financial statements, including the associated investment income, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan, as of October 31, 2018 and 2017 and for the year ended October 31, 2018. This information has not been audited by independent accountants.

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at October 31, 2018 Using		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments:			
Mutual funds	$ 22,369,846	$ -	$ -

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

	Fair Value Measurements at October 31, 2017 Using		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments:			
Mutual funds	$ 21,784,372	$ -	$ -

NOTE 5 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2014, indicating that the volume submitter plan document adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended from the original volume submitter document, plan management believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of October 31, 2018 and 2017, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The Company pays certain professional fees for the administration and audit of the Plan. Fees paid by the Plan's participants to Fidelity Management Trust Company are considered party-in-interest transactions.

NOTE 7 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through May 30, 2019, which is the date the financial statements were available to be issued.

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Law Bulletin Media Employees' Profit Sharing Retirement Plan and Trust (formerly Law Bulletin Publishing Company Employees' Profit Sharing Retirement Plan and Trust) ("the Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution retirement plan covering certain employees of the Law Bulletin Media ("the Company"). Employees become eligible to participate immediately upon date of hire. Eligibility for the Company's profit sharing and matching contributions require that a participant be employed by the Company on the last day of the plan year and have completed one year of service. The Plan was established November 1, 1961 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Participants may contribute up to 100% of their eligible compensation to the Plan on a pretax basis. The Plan has an auto enrollment provision for eligible employees, who are enrolled into the Plan at a contribution rate of 3% of their eligible compensation. The Plan provides for automatic 1% annual increases, up to a maximum contribution rate of 10%. The Company profit sharing contributions and matching contributions are discretionary. For the plan year ended October 31, 2018, the Company matched pretax contributions made by eligible participants in an amount equal to 25% of the participant's pretax deferral, which did not exceed 5% of eligible compensation. The Company did not make a profit sharing contribution to the Plan for the plan year ended October 31, 2018.

Participants' Accounts: Each participant's account is credited with the participant's own contribution, an allocation of the Company's contributions, and an allocation of the Plan's earnings. Allocations are based on participant contributions, account balances, or compensation. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Forfeited Accounts: Forfeitures of terminated participants' non-vested employer matching account balances are used to reduce future employer matching contributions. Forfeitures of terminated participants' non-vested employer profit sharing account balances are allocated to participants.

Investment Options: Upon enrolling in the Plan, a participant may direct the investment of his or her account into certain investment options offered through Fidelity Management Trust Company. Participants may change their investment options daily.

Retirement, Death, and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death, or disability.

Vesting: Participants are immediately vested in their deferral contributions and earnings thereon. Vesting in the remainder of their account is based on years of continuous service. A participant is 20% vested after two years of credited service and 100% vested after six years of credited service.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA and its related regulations. In the event of the Plan's termination, participants will become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principles and policies that significantly affect the determination of net assets available for benefits and results of operations are summarized below:

Basis of Accounting: The accounting principles and procedures followed by the Plan conform to accounting principles generally accepted in the United States of America. The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Note 4. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Upon termination of service, the participant determines whether the distribution will be made in one lump sum or in installments. In the event the distribution is made in installments, the undistributed portion of the participant's account will continue to participate in the earnings of the Plan. Benefits are recorded when paid.

Risks and Uncertainties: The Plan provides for investments in mutual funds. Investment securities, in general, are exposed to various risks such as interest rate, credit, liquidity, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits and participants' individual account balances.

Administrative Expense: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants and other transactions initiated by participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

NOTE 3 - UNAUDITED INFORMATION - CERTIFIED INVESTMENTS

Substantially all information pertaining to the Plan's investments included in the financial statements, including the associated investment income, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan, as of October 31, 2018 and 2017 and for the year ended October 31, 2018. This information has not been audited by independent accountants.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at October 31, 2018 Using		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments:			
Mutual funds	$ 22,369,846	$ -	$ -

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

	Fair Value Measurements at October 31, 2017 Using		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments:			
Mutual funds	$ 21,784,372	$ -	$ -

NOTE 5 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2014, indicating that the volume submitter plan document adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended from the original volume submitter document, plan management believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of October 31, 2018 and 2017, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The Company pays certain professional fees for the administration and audit of the Plan. Fees paid by the Plan's participants to Fidelity Management Trust Company are considered party-in-interest transactions.

NOTE 7 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through May 30, 2019, which is the date the financial statements were available to be issued.
