NEOSTRATA COMPANY, INC. 401(k) PLAN

Notes to Financial Statements August 1, 2018 and December 31, 2017

NOTE A - DESCRIPTION OF THE PLAN

The following description of the NeoStrata Company, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

[1] General:

The Plan is a defined contribution plan covering all full-time employees of NeoStrata Company, Inc. (the "Company" or "Plan Sponsor") who have completed three months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The trustee and recordkeeper of the Plan is Fidelity Management Trust Company.

During 2016, the Plan Sponsor was acquired by Johnson & Johnson. Effective December 31, 2016, the Plan was frozen to eligibility and both employee and employer contributions related to compensation earned from January 1, 2017 through the final period ended August 1, 2018. While the Plan was frozen, the definition of compensation for purposes of determining contributions shall not include compensation earned after the date the Plan was frozen. Plan assets continued to be held on behalf of participants and their beneficiaries until distributed in accordance with the Plan terms.

During 2018, the Plan Sponsor terminated the Plan and transferred 100% of the Plan's assets as of August 1, 2018 to the Johnson and Johnson Savings Plan ("J&J Savings Plan"). Participants became 100% vested in their Company contributions at the time of termination.

[2] Subsequent events:

The Plan has evaluated subsequent events through June 14, 2019, the date the financial statements were available to be issued.

[3] Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant is entitled was the benefit that could have been provided from the participant's vested account.

[4] Vesting:

Participants were immediately vested in their contributions, plus actual earnings thereon. Participants became fully vested in the Company's matching and discretionary profit-sharing contribution portion of their accounts, plus actual earnings thereon after three years of service, with no vesting prior to three years.

[5] Notes receivable from participants:

Notes receivable from participants were measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants could have borrowed from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Interest rates on loans borrowed on prior to August 1, 2018 ranged from 4.25% to 5.25%. Principal and interest were paid ratably through payroll deductions. There were no outstanding loans as of August 1, 2018.

Notes to Financial Statements August 1, 2018 and December 31, 2017

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[6] Payment of benefits:

On termination of service due to death, disability, or retirement, a participant may have been elected to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service for other reasons, a participant may have received the value of the vested interest in his or her account as a lump-sum distribution. Delinquent notes receivable from participants were reclassified as distributions based upon the terms of the Plan document.

[7] Forfeitures:

Forfeited nonvested accounts were first used to pay Plan expenses. During the final period ended August 1, 2018, no forfeitures were used to reduce employer contributions and pay Plan expenses. Forfeited nonvested accounts available at August 1, 2018 and December 31, 2017 were \$0.

[8] Contributions:

Contributions to the Plan during 2017 and 2018 were restricted to rollovers only. As described in Note A [1] the Plan was frozen to eligibility and both employee and employer contributions related to compensation earned from January 1, 2017 through final period ended August 1, 2018. While the Plan was frozen, the definition of compensation for purposes of determining contributions did not include compensation earned after the date the Plan was frozen.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements were prepared on the accrual method of accounting.

[2] Investment valuation and income recognition:

The Plan's investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation (depreciation) in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

[3] Payment of benefits:

Benefits were recorded when paid.

[4] Plan expenses:

Substantially all expenses, with the exception of fees related to notes receivable from participants, incurred in connection with the administration of the Plan were paid by the Company.

[5] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NEOSTRATA COMPANY, INC. 401(k) PLAN

Notes to Financial Statements August 1, 2018 and December 31, 2017

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity Management Trust Company, the trustee of the Plan, certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of August 1, 2018 and December 31, 2017, and the statement of changes in net assets available for benefits for the final period ended August 1, 2018.

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy was based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of August 1, 2018 and December 31, 2017.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund – A stable value fund that is composed primarily of fully benefit-responsive investment contracts and that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

NEOSTRATA COMPANY, INC. 401(k) PLAN

Notes to Financial Statements August 1, 2018 and December 31, 2017

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may have produced a fair value calculation that may not have been indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believed its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could have resulted in a different fair value measurement at the reporting date.

The following table sets forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2017:

Assets at Fair Value as of December 31, 2017

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments:				
Mutual funds	\$ 11,526,005	\$ -	\$ -	\$ 11,526,005
Stable value collective trust fund (A)	-	-	-	675,048
Total investment assets at fair value	<u>\$ 11,526,005</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,201,053</u>

(A) Certain investments that were measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table were intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Changes in Fair Value Levels

The availability of observable market data was monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may have required the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The following table summarizes investments for which fair value was measured using the net asset value per share practical expedient as of December 31, 2017:

	<u>December 31, 2017</u>			
	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Plan Level Redemption Notice Period</u>
Stable value collective trust fund	\$ 675,048	n/a	Daily	12 months

NEOSTRATA COMPANY, INC. 401(k) PLAN

Notes to Financial Statements August 1, 2018 and December 31, 2017

NOTE E - TAX STATUS

The Plan adopted a Prototype Standardized Plan sponsored by Fidelity Management & Research Co. On March 31, 2008, the Internal Revenue Service ("IRS") stated in an opinion letter that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC") and therefore, the related trust is exempt from taxation. The Plan was amended since receiving the letter. However, the Plan administrator believes that the Plan was designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believed that the Plan was qualified and the related trust was tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator analyzed the tax positions taken by the Plan, and had concluded that as of August 1, 2018, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan was subject to routine examinations by taxing jurisdictions; however, there were no examinations for any tax periods.

NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments were shares of mutual funds and a stable value collective trust fund managed by Fidelity Management Trust Company. Fidelity Management Trust Company was the Plan trustee; therefore, transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan were \$275 for the final period ended August 1, 2018.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invested in various investment securities. Investment securities were exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities would have occurred in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may have significantly impacted the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at August 1, 2018 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE H - MUTUAL FUND FEES

Investments in mutual funds were subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees were used to pay for marketing and distribution costs of the funds. These fees were deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE I - PLAN TERMINATION

In relation to Note A [1] and Note J, management terminated the Plan and transferred 100% of the Plan's assets as of August 1, 2018 to the J&J Savings Plan. This termination was subject to the provisions of ERISA. Participants became 100% vested in their Company contributions at the time of termination.

NEOSTRATA COMPANY, INC. 401(k) PLAN

Notes to Financial Statements August 1, 2018 and December 31, 2017

NOTE J - TRANSFER TO RELATED PLAN

A decision was executed on July 16, 2018 by management, to transfer 100 percent of Plan assets as of August 1, 2018 to the J&J Savings Plan. Such transfer was subject to Code Section 414I. Participants became 100% vested in their Company contributions at the time of termination. The transferred assets were to be initially invested in investment funds prescribed by a mapping schedule.
