## A) DESCRIPTION OF PLAN

The following brief description of the Century Arms, Inc. 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

### 1. General

The Plan is a profit sharing plan formed on July 1, 1985, covering all employees of Century International Arms, Inc. and Century Arms, Inc. (the Company), who have completed at least three consecutive months of service, as defined, and have attained 21 years of age, as of the date the other requirements have been satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

### 2. Contributions

Each year participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan. Contributions are subject to certain limitations under the Internal Revenue Code.

The Company provides a discretionary match that is currently 25% of the participant's first 6% of contributions. Profit sharing amounts may also be contributed, at the option of the Company's board of directors. Participants who either have not completed 1,000 hours of service or who are not employed on the last working day of a Plan year are not eligible for an allocation of profit sharing contributions for such year, except upon retirement, death, disability or termination of service. No profit sharing contributions were made in 2018 or 2017.

### 3. Participant accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of the Company's other discretionary contributions and Plan earnings administrative fees. Allocations of the Company's other discretionary contributions are based on a participant's eligible compensation relative to total eligible compensation, or as defined by the Plan. Allocations of Plan earnings and administrative fees are based on a participant's account balance relative to the total account balances of all participants in the same investment. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

## A) DESCRIPTION OF PLAN (continued)

### 4. Notes receivable from participants

Participants may borrow from a minimum of $1,000 up to 50% of their vested account balance, provided the loan does not exceed $50,000. Participants are permitted one outstanding loan. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate, as defined by the plan. Principal and interest is paid ratably through weekly payroll deductions.

### 5. Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 20% vested after two years of credited service, increasing 20% per year until 100% vested at six years of credited service. Participants automatically become fully vested upon disability, death, or normal retirement while under the employment of the Company.

### 6. Payment of benefits

Benefits are distributed under the Plan based on normal retirement age (65), in-service upon attainment of age 53, retirement, death, disability or termination of service. A participant may elect to receive a lump-sum payment or installment payments equal to the vested portion of his or her account. Participants may also request hardship withdrawals upon meeting certain requirements as outlined by the Internal Revenue Service.

### 7. Forfeitures

Under the Plan, forfeitures of participants' nonvested accounts related to matching contributions are used to reduce future employer contributions or to pay administrative fees of the Plan and forfeitures related to profit sharing contributions are reallocated to participants (see Note A3). In 2018 and 2017, amounts forfeited were $10,285 and $4,825, respectively. Forfeitures used to reduce employer contributions during 2018 and 2017 were $0. Forfeitures used to pay administrative fees of the Plan were $5,650 in 2018 and $5,751 in 2017. Forfeitures available to offset administrative fees or future employer contributions are $6,116 at December 31, 2018.

## B) SUMMARY OF ACCOUNTING POLICIES

### 1. Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

### 2. Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

### 3. Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

### 4. Expenses of the Plan

Certain administrative fees of the Plan are paid by the Company or through the use of forfeitures. Certain investment fees are paid by the Plan, and are netted against investment income in the accompanying financial statements.

### 5. Payment of benefits

Benefits are recorded when paid.

## B) SUMMARY OF ACCOUNTING POLICIES (continued)

### 6. Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein. Actual results could differ from those estimates.

### 7. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

### 8. Subsequent events

The Plan has evaluated subsequent events through June 6, 2019, the date the financial statements were available to be issued.

## C) INFORMATION CERTIFIED BY ASCENSUS, LLC AS AGENT FOR ACENSUS TRUST COMPANY

The following is a summary of the Plan's information as of December 31, 2018 and 2017 and for the years then ended, included throughout the Plan's financial statements and supplemental schedule that were prepared by or derived from information provided by the certifying entity, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the certifying entity that information provided to the Plan Administrator by the certifying entity related to the following information is complete and accurate.

## C) INFORMATION CERTIFIED BY ASCENSUS, LLC AS AGENT FOR ACENSUS TRUST COMPANY (continued)

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following:

| | December 31, 2018 | December 31, 2017 |
|---|---|---|
| Investments, at fair value: | | |
| Cash equivalents | $ 463,200 | $ 507,592 |
| Mutual funds | $ 3,000,477 | $ 3,060,234 |
| Self-directed investments | $ 780,547 | $ 986,215 |
| Notes receivable from participants | $ 91,768 | $ 58,133 |
| Net appreciation (depreciation) in fair value of investments | $ (439,547) | $ 165,551 |
| Interest and dividends | $ 193,532 | $ 374,088 |
| Interest income on notes receivable from participants | $ 3,660 | $ 806 |

## D) FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan can access at the measurement date.

**D) FAIR VALUE MEASUREMENTS (continued)**

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3: Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

- *Common stocks*: Valued at the closing price reported on the New York Stock Exchange or similar active market.
- *Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Fixed income mutual funds:* Valued based on the NAV of units within the particular fund. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The investment objective of these funds is to achieve capital preservation by investing in a diversified portfolio of short-term securities. Each fund provides for daily redemptions by the Plan at reported net asset values per share, with no advance notification requirement.
- *Government-backed securities:* Valued using pricing models maximizing the use of observable inputs for similar securities.

## D) FAIR VALUE MEASUREMENTS (continued)

## E) PLAN TERMINATION

Although it has not expressed any intent to date, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in all of their accounts.

## F) TAX STATUS

Effective December 15, 2016, the plan has adopted a standardized form of a prototype plan sponsored by Ascensus, LLC. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this plan. The plan administrator believes that the plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## G) RELATED PARTY TRANSACTIONS

Ascensus Trust Company, the custodian of the Plan, manages certain Plan investments and Ascensus, LLC provides recordkeeping services. Merrill Lynch provides certain custodial and securities brokerage services for self-directed investments, as well as investment management services. Therefore, these transactions qualify as party-in-interest transactions and are denoted as such in the supplemental Schedule of Assets (Held at End of Year). Fees paid by the Plan for investment advisory and management services amounted to approximately $8,300 and $9,700 for the years ended December 31, 2018 and 2017, respectively, and are included in net appreciation (depreciation) in fair value of investments. Fees paid by the Plan for administrative expenses amounted to approximately $7,100 and $7,500 for the years ended December 31, 2018 and 2017, respectively.

The Company pays certain administrative fees for the Plan, as described in Note B4.
