AABR, Inc. 403(b) Thrift Plan

Notes to Financial Statements

June 30, 2018 and 2017

Note 1: Description of the Plan

The following description of AABR, Inc. 403(b) Thrift Plan, formally known as the 403(b) Thrift Plan of AABR, Inc., (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan as described in Section 403(b) of the Internal Revenue Code. The Plan provides retirement benefits to all eligible employees of AABR, Inc. (the "Sponsor"). Employees are immediately eligible to participate in the Plan as a contributing participant upon commencement of employment with the Sponsor. The Plan was amended and restated effective July 1, 2017, and is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

AdvisorTrust, Inc.; Mutual of America Life Insurance Company (MOA); OFI Global Trust Company (Oppenheimer); Brighthouse Life Insurance Company, Inc. (Brighthouse) and Plan Member Services are the custodians of the Plan. Professional Capital Services, LLC is the third-party administrator.

Contributions

The Plan permits eligible employees to have the Sponsor make annual contributions of up to 100 percent of eligible compensation, through a salary deferral election, not to exceed the limits imposed by the Internal Revenue Code (IRC). Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan allows for special code Section 403(b) catch-up contributions for those participants with 15 years of service.

The Plan provides for employer discretionary nonelective contributions for participants over age 21, and with one year of service, defined as 1,000 hours. The annual Sponsor contribution is equal to a percentage of compensation for that plan year. A different discretionary percentage is determined by the Sponsor each year based on the number of years of service the participant has worked, and will be allocated quarterly. Contributions are subject to certain limitations. In 2018 and 2017, the percentages were as follows:

Years of Service	Percentage of Compensation until 12/31/16	Percentage of Compensation until 6/30/17	Percentage of Compensation after 7/1/17
Less than 5 years	0.50%	0.25%	2.00%
5 years, but less than 10 years	1.50%	0.75%	3.00%
10 years, but less than 15 years	3.50%	1.75%	5.00%
15 years, but less than 20 years	5.50%	2.75%	7.00%
20 years or more	6.50%	3.25%	8.00%

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing contributions into any of the investment account options selected by the Sponsor and may change the allocation to the extent permitted by the individual agreements.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Sponsor's contribution and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

The plan document includes provisions authorizing loans from the Plan to active eligible participants. The minimum amount of a loan shall be $1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of $50,000 or 50 percent of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings for AdvisorTrust, Inc. and paid directly by the participant to Oppenheimer and Brighthouse, unless the participant is paying the loan in full. Interest on the loans held by AdvisorTrust, Inc. is based on the prime rate plus 2 percent. Interest on the loans held by Oppenheimer and Brighthouse were based on local prevailing rates as determined by the plan administrator. A loan may be repaid in full as of any date without penalty. A participant may not have more than one loan outstanding at any time.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Sponsor's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested after six years of continuous service according to the following schedule:

Years of Service	Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Upon termination of service due to death or disability, a participant's account is also fully vested.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of his account, or various annuity options for certain investments. If the balance of the account is less than $1,000, it will be paid in a lump sum. Hardship withdrawals and in-service withdrawals are also permitted, as defined in the plan document.

Forfeited Accounts

At June 30, 2018 and 2017, forfeited nonvested accounts totaled $12,843 and $14,597, respectively. Forfeited nonvested accounts may be used to pay plan expenses or reduce Sponsor contributions. In 2018 and 2017, $11,103 and $6,500, respectively, in forfeitures were used to reduce Sponsor contributions or pay certain plan expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 5* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Plan Loans

Prior to 2012, MOA issued loans to plan participants outside the scope of the Plan. Participants pledge as security a portion of their vested balance, which represents the outstanding loan balance. The amount pledged as collateral at June 30, 2018 and 2017, was approximately $3,642.

The Employee Benefit Security Administration (EBSA) has expressed concern that the pledging of collateral of a participant's balance could be considered a prohibited transaction; however, formal guidance has yet to be issued by the EBSA.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Sponsor or the Plan, at the Sponsor's discretion.

Change in Accounting Principle

In 2018, the Plan changed its accounting policy on plan accounting disclosures by adopting certain provisions of ASU 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*. The accounting policy change provided for in ASU 2018-13 changes the Plan's disclosure requirements to eliminate and/or modify certain investment-related disclosures. This change was applied retrospectively to all periods presented.

Revisions

Certain immaterial revisions have been made to the 2017 financial statements and fair value measurements footnote (*Note 5*) for reclassifying amounts on the statement of net assets available for benefits between investments and notes receivable from participants and between Level 2 and Level 3 investments. These revisions did not have a significant impact on the financial statement line items impacted, the footnotes or on changes in net assets available for benefits.

Reclassifications

Certain reclassifications have been made to the 2017 financial statement to conform to the 2018 financial statement presentation. These reclassifications had no effect on changes in net assets available for benefits.

Note 3: Certification of Plan Custodians

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, AdvisorTrust, Inc.; MOA; Oppenheimer Funds Services, as agent of OFI Global Trust Company; and Brighthouse, the custodians of the Plan, have certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate to the best of their knowledge:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of June 30, 2018 and 2017.
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended June 30, 2018 and 2017.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at year end) as of June 30, 2018.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan invests in certain funds of the custodians. The Plan paid $95,802 and $87,757 of direct administrative fees to custodians during 2018 and 2017, respectively. The Sponsor provides certain administrative services at no cost to the Plan.

Note 5: Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities.

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities.

Recurring Measurements

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2018 and 2017:

Marketable securities are stated at fair value. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end.

Pooled separate accounts and variable annuities are valued at the NAV of shares held by the Plan at year end. These investments have readily determinable fair values and transact at NAV.

The Plan's investment in fixed annuity accounts with MOA and Metropolitan Life Insurance Company are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. The fixed annuity accounts are nonbenefit responsive.

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at June 30, 2018 and 2017:

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended June 30, 2018. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. See the table below for inputs and valuation techniques used for Level 3 securities.

Level 3 Activity

There have been no purchases, issues or transfers into or out of Level 3 investments during the years ended December 31 2018 and 2017.

Unobservable (Level 3) Inputs

The following tables present quantitative information about unobservable inputs used in recurring Level 3 fair value measurements at June 30, 2018 and 2017.

	Fair Value at 06/30/18	Valuation Technique	Unobservable Inputs
Mutual of America Fixed Annuity Account	$ 189,902	Discounted cash flow	Issuer crediting rate
Metropolitan Life Insurance Company	1,363,354	Discounted cash flow	Issuer crediting rate

	Fair Value at 06/30/17	Valuation Technique	Unobservable Inputs
Mutual of America Fixed Annuity Account	$ 190,922	Discounted cash flow	Issuer crediting rate
Metropolitan Life Insurance Company	1,585,767	Discounted cash flow	Issuer crediting rate

Note 6: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7: Plan Termination

Although it has not expressed an intention to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Note 8: Plan Tax Status

The Plan, together with the investment vehicles, is intended to be a tax-sheltered annuity plan under Section 403(b) of the Internal Revenue Code of 1986, as amended. The Plan has adopted a volume submitter plan document that has been filed with the appropriate agency. The Plan has not requested or obtained a determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and not subject to tax.

Note 9: Nonexempt Transactions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. While the Sponsor remitted all employee contributions to the Plan, contributions of $7,958 and $80,764 were not remitted within the required time period for the years ended June 30, 2017 and 2016. Required payments and lost earnings were made through the Voluntary Filer Correction Program (VFCP) during the 2018 plan year.

Note 10: Subsequent Events

Subsequent events have been evaluated through June 21, 2019, which is the date the financial statements were available to be issued.
