GOOCH AND HOUSEGO 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following brief description of the Gooch and Housego 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan covering all eligible employees of the Gooch and Housego group of U.S. companies (collectively, the Company). The participating companies include Gooch and Housego (California) LLC, Gooch and Housego (Florida) LLC, Gooch and Housego (Ohio) LLC, Optronic Laboratories LLC, Crystal Technology LLC, Gooch and Housego (Boston) LLC, and Stingray Optics LLC (beginning July 1, 2017). Each employee of the Company becomes eligible to participate in the Plan on the first of the month following the employee's hire date, provided the employee has attained the age of 18, completed one day of employment and is not covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan was amended July 1, 2017 to merge the Stingray Optics LLC PS 401(k) Plan and Trust into the Plan. Transfers from another plan represent transfers of account balances to the Plan from the Stingray Optics LLC PS 401(k) Plan and Trust, as a result of the acquisition of Stingray Optics, LLC by the Company. The total amount transferred was \$1,648,382 for the year ended September 30, 2017.

Contributions

A participant may voluntarily contribute a minimum of 1% up to a maximum of 100% of their compensation on a pre-tax basis or after-tax basis, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Total annual contributions made to the Plan on behalf of any participant are subject to limitations imposed under the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make discretionary matching contributions which are determined annually and announced in advance of each Plan year. Matching contributions for the years ended September 30, 2018 and 2017 were equal to 100% of the first 5% of employee deferrals. Company discretionary matching contributions were \$1,170,848 and \$1,061,396 for the years ended September 30, 2018 and 2017, respectively. The Company may also make an additional matching contribution after the Plan year, additional discretionary bonus contributions and qualified non-elective contributions (QNEC) to participants' accounts. Participants must be employed with the Company on the last day of the Plan year and must have completed 1,000 hours of service to be eligible to receive additional matching or discretionary bonus contributions. No additional matching contributions, discretionary bonus contributions, or QNEC contributions were made for the years ended September 30, 2018 and 2017.

GOOCH AND HOUSEGO 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN (continued)

Participant Accounts

Each participant's account is credited with the participant's elective deferral, the Company's discretionary matching contributions and an allocation of additional matching contributions, discretionary bonus contributions, qualified non-elective contributions, and Plan earnings thereon, and charged with an allocation of administrative expenses.

Allocations are based on participant wages or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

Forfeitures are created when participants terminate employment prior to becoming entitled to full benefits. At September 30, 2018 and 2017, forfeited, nonvested accounts totaled \$4,315 and \$25,047, respectively. Forfeitures may be used to reduce Company discretionary matching contributions or reallocated to participants as a discretionary bonus contribution. The Company allocated \$25,047 to participant accounts at September 30, 2018. No forfeitures were allocated in 2017.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is fully vested after two years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's total vested account balance. Note receivable terms are not to exceed five years, or fifteen years if borrowed for the purchase of a primary residence. The notes receivable are secured by the balance in the participant's vested account and bear interest at a rate commensurate with prevailing interest rates. Principal and interest are paid ratably through payroll deductions. Interest income of \$35,220 and \$30,479 for 2018 and 2017, respectively, has been recorded as other income in the accompanying Statements of Changes in Net Assets Available for Benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or choose from a variety of life annuities. An early retirement option is available for those who have terminated employment and have attained age 55 and completed 2 years of vested service. For termination of service due to other reasons, a participant will also receive the value of the vested interest in his or her account as a lump-sum payment. A participant may also receive an in-service distribution if he or she experiences undue financial hardship, as defined by the Plan document. Lump sum distributions are required if the vested balance is \$5,000 or less.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a guaranteed investment contract. The contract meets the fully benefit-responsive investment criteria and therefore is reported at contract value.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses are paid by the Company. All other administrative expenses are paid by the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Actual results may differ from those estimates.

GOOCH AND HOUSEGO 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Subsequent Events

The Company evaluated subsequent events through the date of the Independent Auditors' Report, the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. INFORMATION CERTIFIED BY THE TRUSTEE

The following table presents investments, investment activity and notes receivable which have been certified as complete and accurate by Delaware Charter Guarantee & Trust Company, conducting business under the trade name Principal Trust Company (Principal), the trustee of the Plan as of and for the years ended September 30, 2018 and 2017, and have not been audited by independent auditors.

*This amount represents contract value for this investment, which approximates fair value as of September 30, 2018 and 2017.

The Plan's investments (including gains and losses on investments purchased and sold, as well as held, during the year) appreciated in value by \$2,436,759 and \$3,383,356 during the years ended September 30, 2018 and 2017, respectively.

4. FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. It applies to fair value measurements already required or permitted by existing standards. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets. Level 2 includes those inputs other than quoted prices that are observable for the asset or liability. Level 2 inputs are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2018 and 2017.

Registered investment companies – Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2018:

	<u>Level 1</u>
Registered investment companies	\$ 34,595,199

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2017:

	<u>Level 1</u>
Registered investment companies	\$ 30,397,362

5. GUARANTEED INVESTMENT CONTRACT

During 2018 and 2017, the Plan participated in an investment contract which invests in a single group annuity contract with a fixed rate of interest. As described in Note 2, because the investment in the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The contract is included in the financial statements at contract value as reported to the Plan by the contract issuer. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Certain events may limit the ability of the Plan to transact at contract value. Such events include, but may not be limited to the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletions of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan; (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. TAX STATUS

The Company adopted a Prototype Non-Standardized Volume Submitter Profit Sharing Plan with a cash or deferral arrangement, which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GOOCH AND HOUSEGO 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their account balances.

8. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of registered investment companies and a guaranteed investment contract managed by Principal. Principal is the Plan's trustee, and therefore, these transactions are considered party-in-interest transactions.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
