Independent Auditors' Report

To the Participants and Plan Administrator of
ARS Services Inc 401(k) Profit Sharing Plan and Trust

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of ARS Services Inc 401(k) Profit Sharing Plan and Trust (the "Plan"), which comprise the statement of net assets available for benefits as of August 31, 2018, and the related statement of changes in net assets available for benefits for the period from January 1, 2018 to August 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2018 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of August 31, 2018 and for the period from January 1, 2018 to August 31, 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the accompanying 2018 financial statements.

Emphasis of Matter - Plan Merger

As discussed in Note 1 to the financial statements, plan management elected to merge the Plan with the RACI Intermediate Holdings, LLC 401(k) Plan, effective August 31, 2018. Our disclaimer of opinion is not modified with respect to this matter.

Other Matter - 2017 Financial Statements

The financial statements of the Plan as of December 31, 2017 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Reliance Trust Company, the trustee of the Plan. Their report, dated October 11, 2018, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

ARS Services Inc 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

August 31, 2018 and December 31, 2017

1. Description of the Plan

The following description of the ARS Services Inc 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Plan Merger

On June 29, 2018, RACI Intermediate Holdings, LLC ("RACI") acquired 100 percent of the membership interests of ARS Services Inc. ("ARS" or the "Company").

In connection with the acquisition of ARS, the Plan was merged with and into the RACI Intermediate Holdings, LLC 401(k) Plan effective August 31, 2018, with all assets effectively being distributed on August 31, 2018.

General

The Plan was a defined contribution plan covering substantially all employees of ARS who had attained the age of 21 and completed six months of service. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Plan management was responsible for oversight of the Plan and determined the appropriateness of the Plan's investment offerings, monitored investment performance and reported to the Company's board of directors.

Contributions

Participants may have contributed between 1 percent and 90 percent of pretax annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code ("IRC"). Participants may have designated all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants may have also contributed amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company contributed a traditional safe harbor match equal to 100 percent on the first 3 percent of eligible earnings that participants contributed into the Plan, and an additional 50 percent on the next 2 percent of eligible earnings that participants contributed into the Plan. Safe harbor contributions totaled \$142,881 during the period from January 1, 2018 to August 31, 2018. In addition, the Company may have contributed a profit sharing amount at the option of the Board of Directors of the Company. During the period from January 1, 2018 to August 31, 2018, the Company made no discretionary profit sharing contributions to the Plan. Participants directed the investment of all contributions into various investment options offered by the Plan. Contributions were subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account was credited with the participant's contributions and the Company's safe harbor matching contribution, as well as allocations of the Company's discretionary profit sharing contribution (if any) and the Plan's earnings. Participants were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined in the plan document. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting

Participants were vested immediately in their contribution, as well as the Company's safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contribution portion of their accounts, plus actual earnings thereon, was based on years of service. Participants were vested in the Company's discretionary profit sharing contributions in accordance with the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than two years	0%
Two years	20
Three years	40
Four years	60
Five years	80
Six years or more	100

Notes Receivable from Participants

Participants may have borrowed from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans were secured by the balance in the participant's account and bore interest at rates that ranged from 4.25 percent to 6.75 percent at August 31, 2018, which were commensurate with local prevailing rates at inception of the loan as determined quarterly by the plan administrator. Principal and interest was paid ratably through bi-weekly or weekly payroll deductions, as applicable. Terms ranged from one to five years or greater for the purchase of a primary residence.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may have received a lump-sum distribution equal to the value of the participant's vested interest in their account. In addition, the Plan allowed for hardship distributions if certain criteria are met.

Forfeited Accounts

At August 31, 2018 and December 31, 2017, forfeited non-vested accounts totaled \$0. These accounts were used to reduce future Company contributions or pay Plan expenses. In 2018, the Company's contributions were reduced by \$1,818 from forfeited non-vested accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Notes to Financial Statements

August 31, 2018 and December 31, 2017

Investment Valuation and Income Recognition

Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determined the Plan's valuation policies utilizing information provided by the investment advisors and the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation included the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees were recorded as administrative expenses and were expensed when they were incurred. Interest income was recorded on the accrual basis. No allowance for credit losses had been recorded as of August 31, 2018 and December 31, 2017.

Expenses

Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Company. Expenses that were paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through June 25, 2019, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Notes to Financial Statements

August 31, 2018 and December 31, 2017

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017.

Money market funds were valued at the quoted net asset value ("NAV") of shares held by the Plan at year end.

Mutual funds were valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value in 2018 or 2017:

	Assets at Fair Value as of December 31, 2017			
Money market fund	\$ 77,805	\$ -	\$ -	\$ 77,805
Mutual funds	4,382,253	-	-	4,382,253
Total	<u>\$ 4,460,058</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,460,058</u>

For the year ended December 31, 2017, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

4. Administration of Plan Assets

The Plan's assets were administered under a contract Reliance Trust Company, the trustee of the Plan. The trustee invested funds received from contributions, investment sales, interest, and dividend income and made distribution payments to participants.

5. Related Party and Party In Interest Transactions

Certain of the Plan's investments were managed by the trustee, and therefore, these transactions qualified as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in the fair value of the investment, as they were paid through revenue sharing, rather than a direct payment. Additionally, the Plan issued loans to participants, which were secured by the participant's account balances. These transactions qualified as party in interest transactions.

Certain administrative functions of the Plan were performed by officers or employees of the Company. No such officer or employee received compensation from the Plan.

6. Tax Status

The IRS has determined and informed the Company by a letter dated July 8, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan had been amended since receiving the determination letter, the plan administrator believes that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan was qualified, and the related trust was tax exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan had taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan was subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invested in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could have occurred in the near term and that such changes could have materially affected participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. Information Certified by Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2018 and 2017. Accordingly, Reliance Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of August 31, 2018 and December 31, 2017, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the period from January 1, 2018 to August 31, 2018.
